Sub : Question Paper-wise Distribution of MUHS Syllabus...

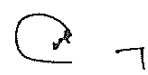

Sir,

Copies of syllabus provided by your section is given to the Paper-Setter for Question Paper Setting & to the Moderator during Moderation of Question paper set. For certain subjects & PG courses syllabus, two or more question paper are prescribed. However, there is no clear bifurcation provided in certain syllabus by the Board of Studies/Faculty. Due to this, it is observed that repetition of questions in Question Paper.

During conduct of University Examination, various queries are raised by the students from different regions about question asked in the University Examination does not belong to that particular paper. Accordingly, the Examination section have to consult the Subject Expert during examination & thereafter have to communicate another question to all respective Theory Centre. This is unwarranted task to be dealt-with by the Examination Section at eleventh hour as well as it gives poor impact on students. Various Paper-Setter/Moderator also complain that Paper-wise Distribution of Syllabus must be provided to them.

You are therefore requested to place Syllabus of each subject before the Board of Studies for earmarking Paper-wise distribution of Syllabus. Kindly forward copies of Syllabus with Paper-wise distribution so that it can be provided to the Paper Setter/Moderator for their necessary work.

Yours,

Subject:- Continuation of Fellowship in Clinical Nephrology and Fellowship in Dialysis Medicine from 2016-17 onwards.

Respected Sir,

The Department of Nephrology started Fellowship in Clinical Nephrology and Fellowship in Dialysis Medicine courses in 2010 and 2011 respectively with MUHS affiliation. Two students have completed Fellowship in Clinical Nephrology and Fellowship in Dialysis Medicine while one student has completed Fellowship in Clinical Nephrology.

These are Post Graduate Fellowships and only those who have completed M.D.(General Medicine) or Equivalent degree can apply for it. Thus, those students who have finished their speciality in General Medicine now specialize in Clinical Nephrology and Dialysis Medicine. Most of these students who apply for it are those who have not been able to get through Super Speciality entrance test for D.M. Nephrology.

The three students who cleared these Fellowships between 2011 till 2014, have gone to the interior of Maharashtra, where D.M. Nephrology Students do not venture. Our present two students of year 2015-16 will also start Nephrology services in interior of Maharashtra.

We have applied for continuation for year 2016-17 in February 2016 and were awaiting the renewal letter. However, it was brought to our notice that these courses have been discontinued from 2016-17.

Nephrology is a specialized field wherein severely ill patients with kidney diseases are treated and provided dialysis services as and when required. Dialysis services are LIFE SAVING SERVICES. The workload of Kidney diseases is more than 300 per million population. With only 6 to 7 D.M. Nephrology candidates [in Maharashtra] passing each year, this workload cannot be handled by D.M. Nephrology Students.

We once again reiterate that these are Fellowships involving clinical field for doctors and our poor patients benefit massively as has happened as mentioned above.

Our workload has increased massively as shown below:-

Work load	1995	2015-2016	% rise
Renal Registration	436	2315	430%
Nephrology OPD	1089 [1997]	5904	442%
Hemodialysis Sessions [AKD]	1129	5181	385%
Hemodialysis Catheter placement	40	1197	2892%
Kidney Transplant	31 From 1993 to 1999	109 From 2000 till todate	251%

Such workload needs Junior doctors/ residents who are committed students for fellowships.

There are already four students who are keen to join these fellowship courses for year 2016-17.

We request you to not to discontinue Fellowship in Clinical Nephrology and Fellowship in Dialysis Medicine and give us renewal for 2016-17 and onwards thereafter.

Thanking you.

Yours sincerely

Subject:- Continuation of Fellowship in Clinical Nephrology and Fellowship in Dialysis Medicine from 2016-17 onwards.

Respected Sir,

The Department of Nephrology started Fellowship in Clinical Nephrology and Fellowship in Dialysis Medicine courses in 2010 and 2011 respectively with MUHS affiliation. Subject : Fellowship in Diabetic Foot Surgery

Ref. : (1) Your letter No. MUHS/UDC/FCFL/02/E-1/441/2016 addressed to Dr. Ratnadeep Chaskar, S.L. Raheja (A Fortis Associate) Hospital, Mumbai.
(2) Letter from Dr. Ratnadeep Chaskar, S.L. Raheja (A Fortis Associate) Hospital, Mumbai to yourself dated 7th June, 2016.

Sir,

I am forwarding a copy of the letter from Dr. Ratnadeep Chaskar, C.E.O., S.L. Raheja (A Fortis Associate) Hospital, Mumbai. The letter is self explanatory. S.L. Raheja Hospital (A Fortis Associate) is successfully conducting Fellowship in Diabetic Foot Surgery since its' recognized by Maharashtra University of Health Sciences, Nashik i.e. w.e.f. year 2012.

Diabetes is a major public health problem in India. More than 50% hospital admissions for Diabetes are for Diabetic Foot Ulcer (DFU). It is necessary to create cadre of surgical specialist who will be trained to salvage foot in diabetes by comprehensive surgical care. This sub specialty requires minimum one year training. Reducing it to 6 months as a Certificate Course will affect the quality of training.

As per my experience in this superspeciality, one year's training is vital. This Fellowship course is not conducted by any Medical College / Teaching Hospital in our country. This is an unique course established by Maharashtra University of Health Sciences, Nashik.

Subject: Starting a Fellowship for Neuro Spinal Surgery

In the university list of courses, there is a Spinal Surgery Fellowship for the orthopedic doctors but no fellowship of Neurosurgery. Herewith I have to request you to start a Fellowship for Spinal Surgery (Neurosurgery) or briefly, Neuro Spinal Surgery.

I have retired as Professor and Head of Department of Neurosurgery from LTM Medical College and Hospital at Sion in Mumbai and now I am working as a senior consultant neurosurgeon at corporate Lilavati Hospital and Research Centre, Mumbai (DNB Affiliated and NABH Accredited).

Throughout my career, I have dedicated to the development of neuro spinal surgery.

I have 22 textbooks, 20 video cassettes, several manuals which are recognised world wide. I have also developed several instruments and implants as well as operative techniques. I have also established an association called Neuro Spinal Surgeons Association of India and run a reputed journal Journal of Spinal Surgery

I am a DNB teacher, Thesis guide, have several fellowship under me such as NSSA Spine Fellow, Indonesia Exchange fellowship, Bangladesh exchange fellowship etc.

I have also been Chairman of World Federation Neurosurgical Societies, Spine Section for 2 consecutive terms of 4 years each. At the international level, I also established Spine Committee Bi-annual Neuro Spine Conference. It will be held this year in Manila in Philippines.

More information can be obtained on www.drpsramani.com

I look forward to hear from you.

Yours sincerely,

Subject: Need of society : Fellowships in Radiology

Date: Tue, 21 Jun 2016 19:59:16 +0530

Respected Sir,
Dr. Deelip Mhaiskar,
Honourable Vice Chancellor,
MUHS, Nashik

We are thankful for your whole hearted service for us students at MUHS university.
I am working as a senior resident in department of radiology Tata Memorial Hospital, Mumbai.

Since last decade, radiology is showing immense development and it is growing faster with newer techniques and advances. To provide best possible care now there is a need for radiologist to do subspecialty practices like neuroradiology, body imaging, cardiac imaging, musculoskeletal imaging. There are various institutions in Maharashtra having wide spectrum of patients in these subspecialties, and for which clinicians want answer of imaging from a best person in these fields, not from general radiologists.

We at MUHS had various good fellowships like diagnostic neuroradiology, body imaging, which has been discontinued as per circular 01/2016 dated 19.03.2016. These are still in academic programs of out of Maharashtra colleges. The only two options we have got are going out of Maharashtra for these fellowships or going abroad for the same, which is very costlier for a resident.

We know you at MUHS has taken decision for some reason to discontinue these. But considering the need of time, we would like you to help our society by providing best subspecialty radiologists.

Thank you for your valuable time.

Regards,
Dr. Nikhil R Mehta,
Senior Resident,
Tata Memorial Hospital, Mumbai.

Sir/Madam,

We have received your letter dated 11-05-06 for continuation of the recognition.

We need your kind help on following issues.

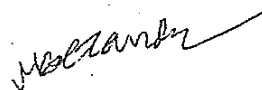

1. As per previous communication we need the revised letter of continuation along with revised intake capacity (The needed mail of revised intake from Planning is send to you along with our previous mail communication with your department).

2. Also please guide us or let us know from which department we can understand the -The changes we need to undergo due to changing of all "**Fellowship courses into Certificate courses**". The change in duration, Number of Lectures, Fees, examination date and details of Examination. (The certificate course for PK syllabus available on website is for NRI and Foreigners, with much compromised eligibility or We have to use the same syllabus of Fellowship details with change in duration)

3. **We will be grateful if we get some details of clinical study and lecture split, especially for a practical subject like PK.**

4. **One request behalf of our team of teachers and physicians conducting PK course - To conduct and teach all PK procedures, up to the level of practical utility, in 6 months is bit difficult. So we have a humble suggestion for planning department, to please put forth this matter in front of its experts.**

Thanking you, Vd Shrirang Galgali, Director, Punarvasu Ayurveda Prabodhini, Pune
