# Course Outcomes

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| **Complete Denture** | | | | | | | | |
| **Topic : Applied Anatomy and Physiology** | | **No of Competencies: 3** | | | | | | |
| CD 1.1 | Describe Applied Anatomy and Physiology related to stomato-gnathic system | K/S | K | MK | Large group (FC) DOAP | Written exam | Anatomy Physiology | - |
| CD 1.2 | Explain Biomechanics of the edentulous state | K | K | MK | Large group (FC) | Written exam Viva voce | - | - |
| CD 1.3 | Describe Patho-physiology and clinical significance of Residual ridge resorption. | K/S | SH | MK | Large group DOAP | OSCE Viva voce | - | - |
| **Topic 2 : communicating with Patient** | | **No of Competencies: 2** | | | | | | |
| CD 2.1 | Understand the patient's mental attitude and expectations | K/A | P | MK | Role play | DOPS OSCE | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| CD 2.2 | Instruct the patient and/or relatives | A/C | P | MK | Role play | DOPS OSCE | - | - |
| **Topic32 : Diagnosis and Treatment Planning No of Competencies: 5** | | | | | | | | |
| CD 3.1 | Record Case history, gather relevant information related to systemic status, nutritional status, etc | K/S | P | MK | DOAP | DOPS Skill Assessment | - | Oral Medicine and Radiology |
| CD 3.2 | Perform Clinical examination -Intra-oral and extra-oral | K/S | P | MK | DOAP | DOPS Skill Assessment | - | Oral Medicine and Radiology |
| CD 3.3 | Perform Diagnostic procedures: Investigations, referral to physician if required, diagnostic mounting, etc. | K/S | P | MK | DOAP | DOPS Skill Assessment | - | Oral Medicine and Radiology |
| CD 3.4 | Demonstrate Data interpretation and differential diagnosis | K/S | P | MK | DOAP | DOPS OSCE | - | - |
| CD 3.5 | Select and justify most suitable treatment option taking in account patient's expectations and condition | K/S/A | P | MK | PBL | DOPS OSCE, Viva voce Problem based questions | - | - |
| **Topic 4 : Optimizing denture foundation and ridge relation No of Competencies: 1** | | | | | | | | |
| CD 4.1 | Describe Pre-prosthetic mouth preparations | K | KH | NK | Large group PBL | Written exam Problem based questions | - | Oral surgery, Periodontics , Endodontics |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **Topic 5 : Optimizing denture foundation and ridge relation No of Competencies: 2** | | | | | | | | |
| CD 5.1 | Explain Different types of articulators and their uses | K | K | MK | Large group | Written exam | Pre-clinical prosthodontics | - |
| CD 5.2 | Explain factors affecting Selection of articulator for a specific case | K | K | MK | PBL | Problem based questions | - | - |
| **Topic 6 : Optimizing denture foundation and ridge relation No of Competencies: 3** | | | | | | | | |
| CD 6.1 | Explain various factors responsible for retention in CD | K | K | MK | Large group | Written exam | - | - |
| CD 6.2 | Explain various factors responsible for support in CD | K | K | MK | Large group | Written exam | - | - |
| CD 6.3 | Explain various factors responsible for stability in CD | K | K | MK | Large group | Written exam | - | - |
| **Topic 7: Impressions in CD No of Competencies: 6** | | | | | | | | |
| CD 7.1 | Biologic considerations for maxillary and mandibular impression including applied anatomy of muscles of facial expressions and mastication, anatomical landmarks and their interpretation. | K | KH | MK | Large group | Written exam | - | - |
| CD 7.2 | Explain Objectives of impression making | K | K/KH | MK | Large group | Written exam Viva voce | - | - |
| CD 7.3 | Describe Materials for impression making | K | K/KH | MK | Large group Flipped classroom | Written exam Viva voce | Dental Materials | - |
| CD 7.4 | Describe Impression theories and techniques | K | K/KH | MK | Large group Flipped | Written exam Viva voce | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | | | | | classroom | | | |
| CD 7.5 | Perform Procedure for impression making for maxillary and mandibular arch<br>- PI &FI | S | P | MK | DOAS | DOPS Skill assessment | - | - |
| CD 7.6 | Perform Laboratory procedures involved with impression making (Beading & Boxing, and cast preparation). | S | P | MK | DOAS | DOPS Skill assessment | Pre-clinical prosthodontics | - |
| **Topic 8: Jaw Relations No of Competencies: 6-** | | | | | | | | |
| CD 8.1 | **Record bases and occlusion rims**<br>a) Explain materials & techniques.<br>b) Explain useful guidelines and ideal parameters. | K | K/KH | MK | Large group Flipped classroom | Written exam Viva voce | Pre-clinical prosthodontics | - |
| CD 8.2 | Fabricate record bases and occlusal rims. | S | P | MK | DOAS | DOPS Skill assessment | Pre-clinical prosthodontics | - |
| CD 8.3 | **Describe Biological consideration in jaw relation & jaw movements – cranio-mandibular relations.**<br>a) Mandibular movements.<br>b) Maxillo -mandibular relation including vertical and horizontal jaw relations.<br>c) Concept of occlusion | K | K/KH | MK | Large group | Written exam Viva voce | - | - |
| CD 8.4 | **Explain how to relate the patient to the articulator.**<br>a) Face bow types & uses<br>b) Face bow transfer procedure | K | K/KH | MK | Large group | Written exam Viva voce | - | - |
| CD 8.5 | **Perform recording maxillo mandibular relation.**<br>a) Vertical relations. | S | P | MK | DOAS Small group teaching | DOPS Skill assessment | Pre-clinical prosthodontics | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | b) Centric relation records. | | | | | | | |
| CD 8.6 | **Describe recording maxillo mandibular relation.**<br>c) Eccentric relation records.<br>d) Lateral relation records. | K | K/KH | NK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 9: Teeth arrangement and occlusion No of Competencies: 3** | | | | | | | | |
| CD 9.1 | Describe Tooth selection and arrangement.<br>a) Anterior teeth.<br>b) Posterior teeth.<br>c) Esthetic and functional harmony | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| CD 9.2 | Perform teeth selection and arrangement for completely edentulous patient | S | P | MK | DOAS<br>Small group teaching | DOPS<br>Skill assessment | Pre-clinical prosthodontics | - |
| CD 9.3 | Explain Relating inclination of teeth to concept of occlusion<br>a) Neutrocentric concept.<br>b) Balanced occlusal concept. | K | K | NK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 10: Trial dentures No of Competencies : 2** | | | | | | | | |
| CD 10.1 | Describe procedural steps and importance of trial denture insertion | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| CD 10.2 | Perform trial insertion of complete denture | S | P | MK | DOAS<br>Small group teaching | DOPS<br>Skill assessment | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **Topic 11: Laboratory procedures No of Competencies: 10** | | | | | | | | |
| CD 11.1 -10 | Perform following procedures:<br><br>a) Wax contouring.<br>b) Investing of dentures.<br>c) Preparing of mold.<br>d) Preparing & packing acrylic resin.<br>e) Processing of dentures.<br>f) Recovery of dentures.<br>g) Lab remount procedures.<br>h) Recovering the complete denture from the cast.<br>i) Finishing and polishing the complete denture.<br>j) Plaster cast for clinical denture remount procedure. | S | P | MK | DOAS<br>Small group teaching | DOPS<br>Skill assessment | Pre-clinical prosthodontics | - |
| **Topic 12: Denture insertion. No of Competencies: 4** | | | | | | | | |
| 12.1 -4 | Perform following procedures<br><br>a) Insertion procedures.<br>b) Clinical errors.<br>c) Correcting occlusal disharmony.<br>d) Selective grinding procedures. | S | P | MK | DOAS<br>Small group teaching | DOPS<br>Skill assessment` | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **Topic 13: Treating problems with associated denture use . No of Competencies: 1** | | | | | | | | |
| CD 13.1 | Perform denture follow up visits and troubleshooting | S | P | MK | DOAS Small group teaching | DOPS Skill assessment | - | - |
| **Topic 14: Treating abused tissues . No of Competencies: 1** | | | | | | | | |
| CD 14.1 | Describe the treatment of abused denture foundation tissues | K | KH | NK | Large group PBL | Written exam Viva voce | - | - |
| **Topic 15: Relining and rebasing of dentures. No of Competencies: 1** | | | | | | | | |
| CD 15.1 | Explain materials, techniques, indications and contraindications of denture relining and rebasing | K | KH | NK | Large group PBL | Written exam Viva voce | - | - |
| **Topic 16: Immediate complete dentures construction procedure . No of Competencies: 1** | | | | | | | | |
| CD 16.1 | Describe indications, contraindications, types, advantages , disadvantages and techniques of fabrication of immediate dentures | K | KH | NK | Large group PBL | Written exam Viva voce | - | - |
| **Topic 17: The single complete denture No of Competencies: 1** | | | | | | | | |
| CD 17.1 | Describe indications, contraindications, advantages , disadvantages and techniques of fabrication of immediate dentures | K | KH | NK | Large group PBL | Written exam Viva voce | - | - |

| Topic 18: Overdentures denture No of Competencies: 1 | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| CD 18.1 | Describe indications, contraindications, advantages , disadvantages and techniques of fabrication of overdentures | K | KH | NK | Large group PBL | Written exam Viva voce | - | - |

# Course Outcomes

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| **DENTAL MATERIALS** | | | | | | | | |
| **Topic 1: STRUCTURE OF MATTER AND PRINCIPLES OFADHESION.**<br>**No of Competencies: 1** | | | | | | | | |
| DM 1.1 | Describe crystalline and non crystalline structure, Various Interatomic bonds and adhesion | K | K | MK | Large group (Lecture) | Written exam | | |
| **Topic 2 :IMPORTANT PHYSICAL PROPERTIES APPLICABLE TO DENTALMATERIALS**<br>**No of Competencies: 1** | | | | | | | | |
| DM 2.1 | Define the following properties and describe its importance with relation to Dental Materials(Biological, Mechanical, Chemical, Thermal, Rheological, Color ) | K | K/KH | MK | Large group (Lecture) | Written exam | | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **Topic 3 :BIOLOGICAL CONSIDERATIONS IN USE OF DENTALMATERIALS**<br>**No of Competencies: 2** | | | | | | | | |
| DM 3.1 | Define Biocompatibility and discuss various hazards resulting from Dental materials | K | K/KH | MK | Large group (Lecture) | Written exam | - | |
| DM 3.2 | Describe toxicity and its levels of evaluation related to Dental Materials | K | K | MK | Large group (Lecture) | Written exam | - | |
| **Topic 4 :GYPSUM & GYPSUMPRODUCTS**<br>**No of Competencies: 06** | | | | | | | | |
| DM 4.1 | Define Gypsum and classify its different products | K | K | MK | Large group (Lecture) | Written exam | - | |
| DM 4.2 | Describe its manufacturing | K | K | DK | Large group (Lecture) | Written exam | | |
| DM 4.3 | Describe in details the various theories of Setting and factors affecting setting of Gypsum Products | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 4.4 | Discuss various Properties of Dental Plaster and Dental Stone | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 4.5 | Discuss the disinfectants and the methods of disinfecting gypsum products | K | K/KH | NK | Large group (Lecture) | Written exam | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| DM 4.6 | Perform under assistance the manipulation of dental plaster and dental stone | K/S | KH/SH/ P | MK | Small group, DOAP | Written exam, Practical Examination | | |
| DM 4.6 | Enlist the advantages, disadvantages, uses and differences between Dental Plaster and Dental stone | K | K | DK | Large group (Lecture) | Written exam | | |
| **Topic 5 : IMPRESSION MATERIALS USED INDENTISTRY**<br>**No of Competencies: 08** | | | | | | | | |
| DM 5.1 | Define impression and discuss the purpose of making it | K | K | MK | Large group | Written exam | | - |
| DM 5.2 | Classify Impression Materials and discuss in details the ideal requirements of it | K | K | MK | Large group | Written exam | - | - |
| DM 5.3 | Discuss in details the composition and role of ingredients of all Elastic and Inelastic Impression materials used in dentistry | K | K | MK | Large group | Written exam | | |
| DM 5.4 | Discuss the chemistry of setting and factors affecting setting of all Elastic and Inelastic Impression materials used in dentistry | K | K | MK | Large group | Written exam | | |
| DM 5.5 | Discuss the Working time, setting time, flow, accuracy, strength, flexibility, tear strength, dimensional stability, compatibility with cast & die materials incl., electroplating Biological properties: tissue reaction , Shelf life & storage of material, Infection control – disinfection of all impression materials used in | K | K | MK | Large group | Written exam | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | dentistry | | | | | | | |
| DM 5.6 | Discuss the manipulation with special emphasis on type of impression trays required, Adhesion to tray, instruments & equipments required. | K | K/KH | MK | Large group, Early clinical exposure | Written exam Practical Exam and Viva voce | | |
| DM 5.7 | Discuss the recent advances in Impression materials | K | K | NK | Large group | Written exam | | |
| DM 5.8 | Discuss the advantages, disadvantages, uses of all the impression materials used in dentistry | K | K | MK | Large group | Written exam, Practical Exam, Viva Voce | | |
| DM 5.9 | Perform under supervision the manipulation of Zinc Oxide Eugenol impression paste and Alginate Impression material | K/S | KH/SH/ P | MK | Small group, DOAP | Practical exam | | |
| **Topic 6 : SYNTHETIC RESINS USED INDENTISTRY** **No of Competencies: 12** | | | | | | | | |
| DM 6.1 | Define denture base and classify denture base materials | K | K | MK | Large group | Written exam | - | - |
| DM 6.2 | Discuss the ideal requirements of Denture base materials | K | K | MK | Large group | Written exam | - | - |
| DM 6.3 | Classify denture base resins and discuss the ideal requirements of it | K | K | MK | Large group | Written exam | - | - |
| DM 6.4 | Define Poymerization. Discuss in details the types of polymerization, Addition and Condensation Polymerization, inhibition of polymerization | K | K | MK | Large group | Written exam | | |
| DM 6.5 | Discuss Crosslinking and copolymerization | K | K | MK | Large group | Written exam | | |
| DM 6.6 | Discuss the biological properties & allergic reactions, Physical properties, | K | K | MK | Large group | Written exam | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | Porisities, Polymerization shrinkage, Crazing, Solubility, Thermal properties , aesthetic properties of denture base resins | | | | | | | |
| DM 6.7 | Discuss the modes of polymerisation: Heat activated, Chemically activated, Light activated, Mode of supply, application, composition, polymerisation reaction of each. | K | K | MK | Large group | Written exam | | |
| DM 6.8 | Discuss the technical considerations: Methods of manipulation for each type of resin. | K | K/KH | MK | Large group | Written exam, Viva voce | | Prosthodontics preclinical |
| DM 6.9 | Discuss the miscellaneous resins & techniques: Repair resins, Relining and rebasing | K | K | MK | Large group | Written exam | | |
| DM 6.10 | Define and discuss the short term and long-term soft-liners, temporary crown and bridge resins, Resin impression trays, Tray materials and Resin teeth, denture cleansers. | K | K | DK | Large group | Written exam | | |
| DM 6.11 | Discuss in details the infection control of denture base resins | K | K | DK | Large group | Written exam | | |
| DM 6.12 | Classify and discuss the Maxillofacial Prostheses materials | K | K | NK | Large group | Written exam | | |
| **Topic 7: RESTORATIVE RESINSNo of Competencies: 07** | | | | | | | | |
| DM 7.1 | Classify Restorative Resins. | K | K | MK | Large group | Written exam | - | - |
| DM 7.2 | Classify Composite resins. Discuss in details the composition and role of ingredients of it | K | K | MK | Large group | Written exam | - | - |
| DM 7.3 | Discuss the polymerization mechanisms: Chemically activated, Light activated, | K | K | MK | Large group | Written examm | | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | Dual cure: Degree of conversion, Polymerization shrinkage | | | | | | | |
| DM 7.4 | Discuss the properties ; Physical properties, Polymerization shrinkage, Coefficient of thermal expansion, water sorption, aesthetics, Biocompatibility – microleakage, pulpal reaction, pulpal protection | K | K | MK | Large group | Written exam | - | - |
| DM 7.5 | Discuss the manipulation of composites: Techniques of insertion of Chemically activated, light activated, dual cure Polymerization, Finishing and polishing of restoration, Repair of composites. | K | K | MK | Large group | Written exam | - | - |
| DM 7.6 | Define Bonding and discuss the need for bonding, Acid - etch technique, Enamel bonding, Dentin bonding agents. Mode of bonding, Bond strength | K | K | MK | Large group | Written exam | | - |
| DM 7.7 | Enlist the applications of Composite resin and discuss the sandwitch technique | K | K | MK | Large group | Written exam | | |
| **Topic 8: METAL AND ALLOYS No of Competencies: 05** | | | | | | | | |
| DM 8.1 | Discuss the Structure and behaviour of metals, Solidification of metals, mechanism of crystallisation amorphous & crystalline. | K | K | MK | Large group | Written exam | | - |
| DM 8.2 | Define and discuss Eutectic and Pertectic alloys. | K | K | MK | Large group | Written exam | | - |
| DM 8.3 | Discuss the Solid state reaction of other binary systems: Metallography & Heat treatment. | K | K | MK | Large group | Written exam | - | - |
| DM 8.4 | Define tarnish and Corrosion. Discuss in details the types of corrosion | K | K | MK | Large group | Written exam | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| DM 8.5 | Discuss the remedial measures to be taken to avoid corrosion | K | K | DK | Large group | Written exam | | |
| **Topic 9: Dental Amalgam No of Competencies: 07** | | | | | | | | |
| DM 9.1 | Define Amalgam and classify silver alloys | K | K | MK | Large group | Written exam Viva voce | - | - |
| CD 9.2 | Discuss in details the composition, role of ingredients of Low copper, High copper; admixed and unicompositional amalgam alloys | K | K | MK | Large group | Written exam | | - |
| DM 9.3 | Discuss in details the setting reaction of Low copper, High copper; admixed and unicompositional amalgam alloys | K | K | MK | Large group | Written exam | - | - |
| DM 9.4 | Define and discuss trituration and condensation with respect to its types, advantages & disadvantages of each type | K | K | MK | Large group | Written exam | | |
| DM 9.5 | Discuss the biological, chemical, physical, thermal, rheological properties with special emphasis on Delayed expansion and Mercuroscopic expansion | K | K | MK | Large group | Written exam | | |
| DM 9.6 | Discuss the manipulation with special emphasis on selection of alloy and proportioning | K | K/KH | MK | Large group | Written exam, Practical exam | | |
| DM 9.7 | Perform under supervision trituration of Silver amalgam | K/S | KH/SH/ P | MK | Small group, DOAP | Practical exam | | |
| DM 9.8 | Discuss the uses, advantages, disadvantages of silver amalgam | K | K | MK | Large group | Written exam, Practical exam, viva voce | | |
| DM | Discuss the mercury toxicity | K | K | DK | Large group | Written exam, | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 9.7 | | | | | | Practical exam | | |
| **Topic 10: DENTAL CEMENTS** **No of Competencies: 08** | | | | | | | | |
| DM 10.1 | Define dental cements, classify it and discuss its ideal requirements | K | K | MK | Large group | Written exam | - | - |
| DM 10.2 | Discuss the composition and role of ingredients of Zn Oxide Eugenol, Zn Phosphate, Silicate, Glass inomer, Zn polycarboxylate, Silico phosphate, calcium hydroxide cement, cavity liner, cavity varnish, Guttapercha, MTA | S | P | MK | DOAS<br>Small group teaching | DOPS<br>Skill assessment | - | - |
| DM 10.3 | Discuss the setting reaction and factors affecting setting of Zn Oxide Eugenol, Zn Phosphate, Silicate, Glass inomer, Zn polycarboxylate, Silico phosphate, calcium hydroxide cement | K | K | MK | Large group | Written exam | | |
| DM 10.4 | Discuss the biological, chemical, physical, rheological, thermal properties, dimensional stability, adhesive properties and biomechanics of caries prevention of Zn Oxide Eugenol, Zn Phosphate, Silicate, Glass inomer, Zn polycarboxylate, Silico phosphate, calcium hydroxide cement, cavity liner, cavity varnish, Guttapercha, MTA | K | K | MK | Large group | Written exam | | |
| DM 10.5 | Discuss the manipulation with respect to instruments used, p/l ration, way of mixing of Zn Oxide Eugenol, Zn Phosphate, Silicate, Glass inomer, Zn polycarboxylate, Silico phosphate, calcium hydroxide cement | K | K | MK | Large group | Written exam | | |
| DM | Perform under supervision the | K/S | KH/SH/ | MK | Small group, | Practical exam | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 10.6 | manipulation of Zn Oxide Eugenol and Zn Phosphate cement | | P | | DOAP | | | |
| DM 10.7 | Discuss the recent advances in each dental cement | K | K | DK | Large group | Written exam | | |
| DM 10.8 | Discuss the uses, advantages, disadvantages of all the dental cements | K | K | DK | Large group | Written exam, Viva Voce | | |
| **Topic 11: Dental Casting Alloys No of Competencies: 05** | | | | | | | | |
| DM 11.1 | Define and classify dental casting alloys. Discuss in details its ideal requirements | K | K | MK | Large group | Written exam | | - |
| DM 11.2 | Discuss the Composition, role of constituents and application of each alloy both noble and base metal including Titanium alloys | K | K | MK | Large group | Written exam | | |
| DM 11.3 | Discuss in details the properties of alloys: Melting range, mechanical properties, hardness, elongation, modulus of elasticity, tarnish and corrosion. | K | K | MK | Large group | Written exam | | |
| DM 11.4 | Discuss in details the casting procedure and casting defects | K | K/KH | MK | Large group, Flipped classroom | Written exam | | |
| DM 11.5 | Discuss in details the hardening and softening heat treatments | K | K | DK | Large group | Written exam | | |
| **Topic 12: Dental Waxes No of Competencies: 4** | | | | | | | | |
| DM 12.1 | Classify dental waxes | K | K | MK | Large group | Written exam | | |
| DM | Discuss ideal requirements, composition, | K | K | MK | Large group | Written exam | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 12.2 | role of ingredients of Inlay casting wax | | | | | | | |
| DM 12.3 | Discuss the Properties: melting range, thermal expansion, mechanical properties, flow &residual stresses, ductility of Inlay casting wax | K | K | MK | Large group | Written exam | | |
| DM 12.4 | Discuss the composition, role of ingredients and uses of Modelling wax, sticky wax, Beading & Boxing wax, Spacer wax, Bite registration wax, impression wax | K | K | MK | Large group | Written exam, Practical exam | | |
| **Topic 13: DENTAL CASTING INVESTMENTS No of Competencies: 03** | | | | | | | | |
| | | | | | | | | |
| DM 13.1 | Define Investment. Classify and Discuss the ideal requirements of Dental casting investment materials | K | K | MK | Large group | Written exam | - | - |
| DM 13.2 | Discuss in details the composition, role of ingredients ans setting reaction of Gypsum bonded, Phosphate bonded and silica bonded investment materials | K | K | MK | Large group | Written exam | | |
| DM 13.3 | Discuss in details the properties with special emphasis on Normal, thermal and hygroscopic setting expansion | K | K | MK | Large group | Written exam | | |
| **Topic 14: Dental Ceramics No of Competencies: 1** | | | | | | | | |
| DM 14.1 | Define and classify Dental Ceramics | K | K | MK | Large group | Written exam | - | - |
| DM 14.2 | Discuss in details the composition, role of ingredients of Dental ceramics | K | K | MK | Large group | Written exam | | |
| DM | Discuss in details methods of | K | K | MK | Large group | Written exam | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 14.3 | strengthening dental ceramics | | | | | | | |
| DM 14.4 | Discuss in details the fabrication of Ceramic with special emphasis on coping, condensation, firing and furnaces, glazing and finishing | K | K | MK | Large group, Early laboratory exposure | Written exam | | |
| DM 14.5 | Discuss the properties of dental ceramics- Strength and factors affecting, modulus of elasticity, surface hardness, wear resistance, thermal properties, specific gravity, chemical stability, esthetic properties, biocompatibility | K | K | MK | Large group | Written exam | | |
| DM 14.5 | Discuss the Recentadvances-all porcelain restorations, Manganesecore ,injection moulded ,castable ceramics, glass infiltrated alumina core ceramic (In ceram), ceramic veners, inlays and onlays, andCAD<br>- CAM ceramic. | K | K | MK | Large group | Written exam | | |
| **Topic 15: DIRECT FILLING GOLD** No of Competencies: 4 | | | | | | | | |
| DM 15.1 | Classify direct filling gold. Explain in detail about gold foil | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 15.2 | Explain the different properties of direct filling gold. | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 15.3 | Write down the indications & contraindications of direct filling gold. | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 15.4 | Explain the manipulation technique of direct filling gold. | K | K | MK | Large group (Lecture) | Written exam | | |
| | | | | | | | | |

| Topic 16: SOLDERING, BRAZING AND WELDING and WROUGHT BASE METAL ALLOYS<br>No of Competencies: 10 | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| DM 16.1 | Define the term soldering, welding and brazing. Write down the indications of soldering in dentistry. | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 16.2 | Define the term solder. Write in details about its ideal requirement and its types | K | K | MK | Large group (Lecture) | Written exam | | - |
| DM 16.3 | Define fluxes & anti fluxes. Write down its Function, Types, commonly used fluxes & their selection. | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 16.4 | Explain the techniques of soldering with its technical consideration in details. | K | K | DK | Large group (Lecture) | Written exam | | |
| DM 16.5 | Define welding. What are the different methods of it. Explain in short about laser welding. | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 16.6 | What are the different alloys used mainly for orthodontics purpose. Discuss in details about Stainless steel alloys.. | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 16.7 | What are the different properties required for orthodontic wires. | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 16.8 | Discuss in details about composition, allocation, properties, heat treatment, physical properties of Wrought cobalt chromium nickel alloys | K | K | NK | Large group (Lecture) | Written exam | | |
| DM 16.9 | Write down in detail about Nickel – Titanium alloys. | K | K | NK | Large group (Lecture) | Written exam | | |
| DM | Write down in details about Titanium | K | K | NK | Large group | Written exam | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 16.10 | alloys. | | | | (Lecture) | | | |
| **Topic 17: ABRASION & POLISHING AGENTS No of Competencies: 5** | | | | | | | | |
| DM 17.1 | Define the term abrasion and polishing. Explain the need of abrasion and polishing. | K | K | MK | Large group (Lecture) | Written exam | - | |
| DM 17.2 | Discuss the different Types of abrasives, polishing agents and binders used for it with special emphasis on grading of abrasives.. | K | K | MK | Large group (Lecture) | Written exam | - | |
| DM 17.3 | Explain the factors affecting the rate of abrasion. Write down the ideal requirements of abrasive agents. | K | K | MK | Large group (Lecture) | Written exam | | |
| DM 17.4 | Write down the different materials and procedure used for abrasion and polishing agents. | K | K | NK | Large group (Lecture) | Written exam | | |
| DM 17.5 | What is Electrolytic polishing and burnishing. | K | K | DK | Large group (Lecture) | Written exam | | |
| **Topic 18: DENTAL IMPLANTS No of Competencies: 02** | | | | | | | | |
| DM 18.1 | What is dental implant? Explain the evolution of dental implant. | K | K | DK | Large group (Lecture) | Written exam | - | |
| DM 18.2 | Write down the different types of dental implants. Discuss the different materials used for dental implants. | K | K | DK | Large group (Lecture) | Written exam | | |
| **Topic 19 : MECHANICS OF CUTTING No of Competencies:1** | | | | | | | | |
| DM 19.1 | What is dental bur and points. Explain the mechanism of tooth cutting. | K | K | MK | Large group | Written exam | | |
| | | | | | | | | |

| Topic 20: DIE AND DIE MATERIALS No of Competencies:02 | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| DM 20.1 | Define die and classify die materials and discuss the ideal requirements of die materials | K | K | MK | Large group | Written exam | | |
| DM 20.2 | Discuss the electroforming of Die | K | K/KH | NK | Large group | Written exam | | |

# Course Outcomes

| Number | COMPETENCY<br>The student should be able to | Domain<br>K/S/A/C | Level<br>K/KH/<br>SH/P | Must know/<br>Nice to know/<br>Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| **REMOVABLE PARTIAL PROSTHODONTICS** | | | | | | | | |
| **TOPIC 1: INTRODUCTION AND CLASSIFICATIONS IN REMOVABLE PARTIAL PROSTHODONTICS.<br>NUMBER OF COMPETENCIES: 04** | | | | | | | | |
| **RPD 1.1** | **Describe the partially edentulous state** | **K** | **K** | **MK** | **Large group** | **Written Exam** | | |
| **RPD 1.2** | **Describe the need for classification and classify partially edentulous arches using different systems** | **K/S** | **K/SH** | **MK** | **Large group. DOAP** | **Written Exam, Viva Voce, OSCE** | | |
| **RPD 1.3** | **Describe indications, Contraindications, advantages and disadvantages of removable partial dentures** | **K** | **K** | **MK** | **Large group .** | **Written Exam, Viva Voce** | | |
| **RPD 1.4** | **Describe types of removable partial dentures and parts of RPDs** | **K** | **KH** | **MK** | **Large group .** | **Written Exam, Viva Voce** | | |
| **RPD 1.5** | **Describe the indications, advantages and disadvantages and types of Interim Removable Partial Dentures** | **K/S** | **KH/SH** | **MK** | **Large group ., PBL, DOAP** | **Written Exam, Viva Voce, OSCE, DOPS, Skill assessment** | **Pre-clinical Prosthodontics** | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **TOPIC 2: PARTS OF REMOVABLE PARTIAL DENTURE.<br>NUMBER OF COMPETENCIES:01** | | | | | | | | |
| **RPD 2.1** | **Describe the types, indications, advantages and disadvantages of components of CPDs (Major connectors, minor connectors, Rest and rest seats, Direct retainers, Indirect retainers, Tooth replacement.)** | **K** | **KH** | **MK** | **Large group ., PBL** | **Written Exam, Viva Voce, OSCE** | **Pre-clinical Prosthodontics** | |
| **TOPIC 3: DIAGNOSIS AND TREATMENT PLANNING IN REMOVABLE PARTIAL PROSTHODONTICS.<br>NUMBER OF COMPETENCIES: 01** | | | | | | | | |
| **RPD 3.1** | **Examine, Diagnose & Evaluate diagnostic data and Plan Treatment** | **K/S** | **K/SH** | **MK** | **Large group . DOAP, PBL** | **Written Exam, OSCE** | **Oral Diagnosis, Medicine & Radiology** | |
| **TOPIC 4: REMOVABLE PARTIAL DENTURE DESIGN.<br>NUMBER OF COMPETENCIES: 03** | | | | | | | | |
| **RPD 4.1** | **Describe and apply the principles and concepts of Removable partial denture design** | **K/S** | **K/SH** | **MK** | **Large group .** | **Written Exam, Viva Voce, OSCE** | | |
| **RPD 4.2** | **Define, classify surveying, surveyors and describe factors affecting path of insertion** | **K** | **KH** | **MK** | **Large group .** | **Written Exam, Viva Voce, OSCE** | | |
| **RPD 4.3** | **Describe and perform the procedure of surveying** | **K/S** | **K/SH** | **MK** | **Large group .** | **Written Exam, Viva Voce, OSCE** | | |
| **TOPIC 5: MOUTH PREPARATIONS IN REMOVABLE PARTIAL DENTURE FABRICATION.<br>NUMBER OF COMPETENCIES: 2** | | | | | | | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **RPD 5.1** | **Describe the pre-prosthetic corrections to improve oral conditions RPD** | **K** | **K/KH** | **MK** | **Large group ., PBL** | **Written Exam, Viva Voce , OSCE** | **Oral Surgery, Periodontics, Conservative Dentistry** | |
| **RPD 5.2** | **Describe the prosthetic corrections to improve planning and fabrication of RPD** | **K** | **K/KH** | **MK** | **Large group ., PBL** | **Written Exam, Viva Voce , OSCE** | | |
| **TOPIC 6: CLINICAL STEPS IN REMOVABLE PARTIAL DENTURE FABRICATION. NUMBER OF COMPETENCIES:** | | | | | | | | |
| **RPD 6.1** | **Describe the types of impressions and Impression materials and procedures for removable partial dentures.** | **K/S** | **K/S/P** | **MK** | **Large group ., DOAP** | **Written Exam, Viva Voce, DOPS, skill assessment, OSCE** | **Dental Materials** | |
| **RPD 6.2** | **Describe the techniques of jaw relation and esthetic try-in for anterior replacement teeth.** | **K/S** | **K/S** | **MK** | **Large group ., DOAP** | **Written Exam, OSCE** | | |
| **RPD 6.3** | **Describe the Laboratory procedures including materials for framework construction.** | **K** | **K/KH** | **NK** | **Large group .,** | **Viva Voce** | **Dental Materials** | |
| **RPD 6.4** | **Describe the fitting and trying in of framework** | **K** | **K/KH** | **NK** | **Large group .,** | **Viva Voce** | | |
| **RPD 6.5** | **Describe occlusion in Removable Partial dentures** | **K** | **K/KH** | **MK** | **Large group .,** | **Viva Voce** | | |
| **RPD 6.6** | **Describe the insertion of removable partial denture** | **K/S/AC** | **K/SH/P** | **MK** | **Large group .,** | **Written Exam, DOPS, Skill assessment.** | | |
| **RPD 6.7** | **Describe the problems encountered after insertion of Removable** | **K/S** | **K/SH** | **MK** | **Large group ., PBL** | **Written Exam, Viva** | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | **Partial Dentures** | | | | | **Voce, OSCE** | | |
| **TOPIC 7: IMMEDIATE REMOVABLE PARTIAL DENTURES. NUMBER OF COMPETENCIES: 01** | | | | | | | | |
| **RPD 7.1** | **Describe the indications, contraindications and steps in fabrication of Immediate Removable Partial Dentures** | **K** | **KH** | **DK** | **Large group ., PBL** | **Written Exam, Viva Voce** | | |
| **TOPIC 8: REMOVABLE PARTIAL DENTURES OPPOSING COMPLETE DENTURES. NUMBER OF COMPETENCIES: 01** | | | | | | | | |
| **RPD 8.1** | **Describe the treatment plan considerations and steps in fabrication of Removable Partial Dentures opposing Complete dentures** | **K** | **KH** | **DK** | **Large group ., PBL** | **Written Exam, Viva Voce** | | |
| **TOPIC 9: REPAIRS IN REMOVABLE PARTIAL DENTURES. NUMBER OF COMPETENCIES: 01** | | | | | | | | |
| **RPD 9.1** | **Describe the indications, techniques of corrections (relining, rebasing, repairs and reinforcements) of Removable Partial Dentures** | **K** | **KH** | **MK** | **Large group ., PBL** | **Written Exam, Viva Voce** | | |
| **TOPIC 10: ADVANCES IN REMOVABLE PARTIAL DENTURES. NUMBER OF COMPETENCIES: 01** | | | | | | | | |
| **RPD 10.1** | **Describe the advantages and digital workflow and materials in CAD CAM Removable Partial dentures** | **K** | **KH** | **DK** | **Large group .** | **Written Exam, Viva Voce** | **Dental Materials** | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **RPD 10.2** | **Describe the advantages and laboratory procedures in Flexible Removable Partial dentures** | **K** | **KH** | **DK** | **Large group .** | **Written Exam, Viva Voce** | | |

| FIXED PARTIAL PROSTHODONTICS | | | | | | | | |

| 10.5 | Discuss the differential diagnosis of orofacial pain | K | K | MK | PBL | OSCE,problem based questions | - | - |
| 10.6 | Select and justify most suitable treatment option taking in account patient's disorder | K/S | K | MK | PBL | OSCE,problem based questions | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 11- Oral manifestations of systemic diseases | | | | | | | | |
| 11.1 | Discuss the systemic conditions which manifests as oral lesions. | K | K | MK | Large group | Written exam | - | - |
| 11.2 | Describe clinical features of systemic condition and explain its oral manifestation. | K | K | MK | Large group | Written exam | - | - |
| 11.3 | Discuss the differential diagnosis of various conditions | K | K | MK | Large group | Written exam | - | - |
| 11.4 | Perform diagnostic procedures, investigations, refer patient to physician if required. | K/A/C | K/P | MK | DOAP | DOPS | - | - |
| 11.5 | Select and justify the treatment options for the condition. | K | K | MK | Large group | Written exam | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 12- Bleeding and clotting disorders | | | | | | | | |
| 12.1 | Discuss clotting mechanism. | K | K | MK | Large group | Written exam | - | - |
| 12.2 | Classify bleeding and clotting mechanism | K | K | MK | Large group | Written exam | - | - |
| 12.3 | Perform diagnostic procedures, investigations, refer patient to physician if required. | K/S/A/C | K/P | MK | DOAP | DOPS | - | - |
| 12.4 | Select and justify the treatment option taking into account patients condition | K | K | MK | Large group | Written exam | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic13- **Pulpal and periapical lesions** | | | | | | | | |
| 13.1 | Classify pulpal and periapical lesions | K | K | MK | Large group | Written exam | - | - |
| 1 | Discuss | K | K | MK | Large | Written | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 3.2 | pathophysiology of pulpal and periapical lesions | | | | group | exam | | |
| 13.3 | Describe the clinical features ofpulpal and periapical lesions | K | K | MK | Large group | Written exam | - | - |
| 13.4 | Perform diagnostic procedures, investigations, if required. | K/S/A/C | K/P | MK | DOAP | DOPS | - | - |
| 13.5 | Select and justify the treatment option taking into account patients condition | K | K | MK | Large group | Written exam | - | - |

| **No** | **COMPETENCY The student should able to** | **Domain K/S/A/C** | **Level K/KH/SH/P** | **Must know/ Nice to know/ Desired to know** | **Teaching learning methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal integration** |
|---|---|---|---|---|---|---|---|---|
| Topic 14- Oral cancer | | | | | | | | |
| 14.1 | Discuss the pathophysiology of cancer development | K | K | MK | Large group | Written exam | - | - |
| 14.2 | Discuss carcinogens | K | K | MK | Large group | Written exam | - | - |
| 14.3 | Discuss the clinical features of oral cancer | K | K | MK | Large group | Written exam | - | - |
| 14.4 | Discuss the histopathology of oral squamous cell carcinoma | K | K | MK | Large group | Written exam | - | - |
| 14.5 | Record case history, gather relevant information related to systemic status ,nutritional status, | K | K | MK | Large group | Written exam | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | addictive habits | | | | | | | |
| 14.6 | Perform clinical examination- intraoral and extraoral | K/S/A/C | K/P | MK | DOAP | DOPS | - | - |
| 14.7 | Demonstrate data interpretation and differential diagnosis | K/S/A/C | K/P | MK | DOAP | DOPS | - | - |
| 14.8 | Discuss the treatment modality for oral cancer with its complications and management. | K | K | MK | Large group | Written exam | - | - |

| **No** | **COMPETENCY The student should able to** | **Domain K/S/A/C** | **Level K/KH/SH/P** | **Must know/ Nice to know/ Desired to know** | **Teaching learning methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal integration** |
|---|---|---|---|---|---|---|---|---|
| Topic- 15 Diseases of bone and Osteodystrophies | | | | | | | | |
| 15.1 | Classify the diseases of bone and osteodystropies | K | K | MK | Large group | Written exam | - | - |
| 15.2 | Discuss pathogenesis of it | K | K | MK | Large group | Written exam | - | - |
| 15.3 | Describe the clinical feature of bone diseases | K | K | MK | Large group | Written exam | - | - |
| 15.4 | Discuss the radiologic appearance of bone diseases. | K | K | MK | Large group | Written exam | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic- 16 Teeth: Developmental abnormalities | | | | | | | | |
| 16.1 | Discuss development, histology of teeth | K | K | MK | Large group | Written exam | - | - |
| 16.2 | Discuss the developmental abnormalities of teeth | K | K | MK | Large group | Written exam | - | - |
| 16.3 | Discuss radiographic appearances of developmental abnormalties of teeth | K | K | MK | Large group | Written exam | - | - |
| 16.4 | Differentiate radiographic appearances of tooth anomaly | K | K | MK | Large group | Written exam | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 17- Endocrine disorders – Acro-megaly and hyperparathyroidism | | | | | | | | |
| 17.1 | Discuss the endocrine glands and the hormones | K | K | MK | Large group | Written exam | - | - |
| 17 | Discuss acromegaly, | K | K | MK | Large group | Written exam | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| .2 | investigations, oral changes and management. | | | | | | | |
| 17.3 | Discuss hyperparathyroidism, investigations, oral changes and management. | K | K | MK | Large group | Written exam | - | - |
| 17.4 | Record case history , gather relevant information related to the condition | K/S/C | K/P | MK | Small group | OSCE | - | - |

| **No** | **COMPETENCY The student should able to** | **Domain K/S/A/C** | **Level K/KH/SH/P** | **Must know/ Nice to know/ Desired to know** | **Teaching learning methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal integration** |
|---|---|---|---|---|---|---|---|---|
| Topic 18- Periodontal diseases | | | | | | | | |
| 18.1 | Describe periodontium | K | K | MK | Large group | Written exam | - | - |
| 18.2 | Classify periodontal diseases | K | K | MK | Large group | Written exam | - | - |
| 18.3 | Discuss the clinical and radiographic features of periodontal diseases | K | K | MK | Large group | Written exam | - | - |
| 18.4 | Perform the clinical examination of periodontium | K/S/A | K/P | MK | DOAP | DOPS | - | - |

| **No** | **COMPETENCY The student should able to** | **Domain K/S/A/C** | **Level K/KH/SH/P** | **Must know/ Nice to know/ Desired to know** | **Teaching learning methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal integration** |
|---|---|---|---|---|---|---|---|---|
| Topic 19- Granulomatous diseases: | | | | | | | | |
| 19.1 | Discuss the pathogenesis of granulomatous diseases | K | K | MK | Large group | Written exam | - | - |
| 9.2 | Classify granulomatous diseases | K | K | MK | Large group | Written exam | - | - |
| 19.3 | Record case history , gather relevant information related to the condition | K/S/A/C | K/P | MK | Small group | OSCE | - | - |
| 19.4 | Select the appropriate investigation | K | K | MK | Large group | Written exam | - | - |
| 19.5 | Select and justify most suitable treatment option considering patients condition | K | K | MK | Large group | Written exam | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 20- Cervico-facial lymphadenopathy | | | | | | | | |
| 20.1 | Discuss anatomy and applied anatomy of lymph and lympmatic system | K | K | MK | Large group | Written exam | - | - |
| 20.2 | Explain cervical lymph nodes | K | K | MK | Large group | Written exam | - | - |
| 20.3 | Explain lymphadenopathy and discuss the pathphysiology | K | K | MK | Large group | Written exam | - | - |
| 20.4 | Discuss the differential diagnosis of cervical lymphadenopathy | K | K | MK | Large group | Written exam | - | - |
| 20.5 | Discuss the investigations required for patient condition | K/S/A | P | MK | PBL | DOPS,OSCE, Vivavoce, Problem based question | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 21- Forensic odontology | | | | | | | | |
| 21.1 | Discuss medicolegal aspects of orofacial injuries | K | K | MK | Large group | Written exam | - | - |
| 21.2 | Discuss identification of bite marks | K | K | MK | Large group | Written exam | - | - |
| 21.3 | Explain determination of age and sex | K | K | MK | Large group | Written exam | - | - |
| 21.4 | Discuss identification of cadavers by dental appliances, Restorations and tissue remnants | K | K | MK | Large group | Written exam | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 22- Drugs commonly used in oral medicine | | | | | | | | |
| 22.1 | Enumerate various drugs used in oral medicine | K | K | MK | Large group | Written exam | - | - |
| 22.2 | Classify and Discuss principle antibiotics. | K | K | MK | Large group | Written exam | - | - |
| 22.3 | Classify and Discuss principle chemotherapeutic agent | K | K | MK | Large group | Written exam | - | - |
| 22.4 | Classify and Discuss principleNSAIDS | K | K | MK | Large group | Written exam | - | - |
| 22.5 | Classify and Discuss principle astringents, mouth washes, styptics, demelucents, local surface anaesthetic, sialogogues, antisialogogues | K | K | MK | Large group | Written exam | - | - |
| 22.6 | Classify and Discuss drugs used in the treatment of malignancy | K | K | MK | Large group | Written exam | - | - |

## DEPARTMENT OF ORAL MEDICINE AND RADIOLOGY

### ORAL RADIOLOGY

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 1- Scope of the subject and history of origin | | | | | | | | |
| 1.1 | Define radiation,Radiology | K | K | MK | Large group | Written exam | - | - |
| 1.2 | Discuss the scope of subject | K | K | MK | Large group | Written exam | - | - |
| 1.3 | Discuss the history of radiology. | K | K | MK | Large group | Written exam | - | - |
| 1.4 | Discuss history about dental radiology | K | K | MK | Large group | Written exam | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 2- Physics of radiation | | | | | | | | |
| 2.1 | Describe the nature and types of radiations | K | K | MK | Large group | Written exam | - | - |
| 2.2 | Explain source of radiations | K | K | MK | Large group | Written exam | - | - |
| 2.3 | Explain production of X- rays | K | K | MK | Large group | Written exam | - | - |
| 2.4 | Discuss properties of X-rays | K | K | MK | Large group | Written exam | - | - |
| 2.5 | Explain radiation measuring units. | K | K | MK | Large group | Written exam | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 2.6 | Demonstrate parts of x-ray machine and its functions. | K/S/A/C | K/KH/SH/P | MK/NK/DK | Large group | Written exam | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| **Topic 3- Biological effects of radiation** | | | | | | | | |
| 3.1 | Explain cell cycle . | K | K | MK | Large group | Written exam | - | - |
| 3.2 | Discuss effects of radiation on organs and on oral cavity. | K | K | MK | Large group | Written exam | - | - |
| 3.3 | Discuss most and least sensitive cells of the body | K | K | MK | Large group | Written exam | - | - |
| 3.4 | Differentiate stochastic and deterministic effects. | K | K | MK | Large group | Written exam | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 4- Radiation safety and protection measures | | | | | | | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 4.1 | Discuss the rationale of radiation safety | K | K | MK | Large group | Written exam | - | - |
| 4.2 | Discuss the radiation safety measures for operator | K | K | MK | Large group | Written exam | - | - |
| 4.3 | Discuss the radiation safety measures for patients | K | K | MK | Large group | Written exam | - | - |
| 4.4 | Demonstrate the safety and protection measures during radiograph taking. | K/S/A/C | K/P | MK | DOAP | DOPS | - | - |

| **No** | **COMPETENCY The student should able to** | **Domain K/S/A/C** | **Level K/KH/SH/P** | **Must know/ Nice to know/ Desired to know** | **Teaching learning methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal integration** |
|---|---|---|---|---|---|---|---|---|
| | Topic 5- Principles of image production | | | | | | | |
| 5.1 | Discuss the principle of projection geometry | K | K | MK | Large group | Written exam | - | - |
| 5.2 | Demonstrate on the various films the principle of projection geometry | K/S/A | K/P | MK | Large group, DOAP | DOPS | - | - |

| **No** | **COMPETENCY The student should able to** | **Domain K/S/A/C** | **Level K/KH/SH/P** | **Must know/ Nice to know/ Desired to know** | **Teaching learning methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal integration** |
|---|---|---|---|---|---|---|---|---|
| | Topic 6- Radiographic techniques: | | | | | | | |
| 6. | Discuss intraoral radiographic | K | K | MK | Large group | Written exam | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 1 | techniques | | | | | | | |
| 6.2 | Describe indications and techniques for IOPA. | K | K | MK | Large group | Written exam | - | - |
| 6.3 | Describe indications and techniques for Bitewing radiograph | K | K | MK | Large group | Written exam | - | - |
| 64 | Describe indications and techniques for occlusal radiograph | K | K | MK | Large group | Written exam | - | - |

| **No** | **COMPETENCY The student should able to** | **Domain K/S/A/C** | **Level K/KH/SH/P** | **Must know/ Nice to know/ Desired to know** | **Teaching learning methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal integration** |
|---|---|---|---|---|---|---|---|---|
| Topic 7- Radiographic normal anatomical landmarks | | | | | | | | |
| 7.1 | Discuss the principle of shadow casting. | K | K | MK | Large group | Written exam | - | - |
| 7.2 | Enumerate the radiographic normal radiographic landmark | K | K | MK | Large group | Written exam | - | - |
| 7.3 | Demonstrate the various landmarks. | K/S/A | K/P | MK | Small group, DOAP | DOPS | - | - |
| 7.4 | Identify radiographic landmarks | K | K | MK | Small group | OSCE | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 8- Faulty radiographs and artefacts in radiographs | | | | | | | | |
| 8.1 | Classify faulty radiographs and artifacts in radiographs. | K | K | MK | Large group | Written exam | - | - |
| 8.2 | Discuss the reason for faulty radiographs. | K | K | MK | Large group | Written exam | - | - |
| 8.3 | Demonstrate faults on radiograph | K/S/A | K/P | MK | Small group | OSCE | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| Topic 9- Contrast radiography and basic knowledge of radio-active isotopes | | | | | | | | |
| 9.1 | Discuss contrast radiography | K | K | MK | Large group | Written exam | - | - |
| 9.2 | Discuss radioactive isotopes | K | K | MK | Large group | Written exam | - | - |
| 9.3 | Classify contrast radiography techniques with indications | K | K | MK | Large group | Written exam | - | - |
| 9.4 | Discuss use of radioactive isotopes | K | K | MK | Large group | Written exam | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | for imaging | | | | | | | |
| 9.5 | Discuss contrast radiographic imaging technique. | K | K | MK | Large group | Written exam | - | - |

| **No** | **COMPETENCY The student should able to** | **Domain K/S/A/C** | **Level K/KH/SH/P** | **Must know/ Nice to know/ Desired to know** | **Teaching learning methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal integration** |
|---|---|---|---|---|---|---|---|---|
| Topic 10- Principles of radiotherapy of oro-facial malignancies and complications of radiotherapy | | | | | | | | |
| 10.1 | Discuss principles of radiotherapy of oro-facial malignancies a | K | K | MK | Large group | Written exam | - | - |
| 10.2 | Discuss technique of radiotherapy | K | K | MK | Large group | Written exam | - | - |
| 10.3 | Discuss complications of radiotherapy | K | K | MK | Large group | Written exam | - | - |
| 10.4 | Select and justify most suitable management option of complications of radiotherapy | K | K | MK | Large group | Written exam | - | - |

| No | COMPETENCY The student should able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desired to know | Teaching learning methods | Assessment Methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|---|---|
| | Topic 11- Interpretation of radiographs in various abnormalities of teeth, bones and other orofacial tissues | | | | | | | |
| 11.1 | Discuss interpretation of radiographs. | K | K | MK | Large group | Written exam | - | - |
| 11.2 | Demonstrate interpretation of intraoral and extraoral radiographs. | K/S/A | K/P | MK | Small group | OSCE | - | - |
| 11.3 | Perform intraoral radiograph interpretation | K/S/A | K/P | MK | DOAP | DOPS | - | - |

**DEPARTMENT OF ORAL MEDICINE AND RADIOLOGY**

## Oral Pathology & Microbiology

## Topic: Developmental Disturbances of Oral & Para-oral Structures

| Course Outcomes | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration (VI) | Horizontal Integration (HI) |
|---|---|---|---|---|---|---|
| Various types of oral and Dental anomalies in oral cavity | K | K | MK | Written Exam Viva | | |
| Describe and identify the anomaly | K/S | KK | NK | viva | | HI |
| Describe clinical considerations of the dental anomalies | K/S | KH | DK | Written Exam Viva | VI | |

**Topic: Benign and malignant tumors of the oral cavity**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/ SH/P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| Classification of Benign tumors of Epithelial and connective tissue of the oral cavity | K | K | MK | Written Exam Viva | VI | HI |
| types of malignant tumors of Epithelial and connective tissue of the oral cavity | K/S | KK | NK | Written Exam Viva | | HI |
| Histology of Benign and malignant tumors of the oral cavity | K | KH | DK | Written Exam Viva | | |

**Topic: Tumors of Salivary Gland**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| Classification of Benign tumors of the salivary gland | K | K | MK | Written Exam Viva | | |
| types of malignant tumors tumors of the salivary gland | K/S | KK | NK | Written Exam Viva | | |
| Histology and treatment of the salivary gland | K | KH | DK | Written Exam Viva | | HI |

**Topic: Dental Caries**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| Classification of Dental caries | K | K | MK | Written Exam Viva | VI | |
| Theories of Dental Caries | k | K/Kh | MK | Written Exam Viva | VI | HI |
| Describe zones of Dental caries | K/S/A | KK | NK | viva | | |
| Describe clinical considerations of the dental caries | K | KH | DK | Written Exam Viva | VI | |

**Topic: cyst and tumors**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| Classification of cyst and tumors of odontogenic origin | K | K | MK | Written Exam Viva | | HI |
| Radiology and histology of cyst and tumors of odontogenic origin | K/S/A | KK | NK | Written Exam Viva | VI | HI |
| treatment of cyst and tumors of odontogenic origin | K | KH | DK | Written Exam Viva | VI | |

**Topic: Oral Infections of bacterial, viral and fungal origin**

| Competency- the student should be able to | Domain K/S/ A/C | Level K/KH/SH/ P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| Various types of oral Infections of bacterial ,viral and fungal origin | K | K | MK | Written Exam Viva | | |
| Describe lab diagnosis of bacterial ,viral and fungal origin | K | K | NK | ------- | VI | |
| Treatment of bacterial,viral and fungal lesions | K | K | MK | Written Exam Viva | VI | |

**Topic: Diseases of Pulp and Periodontium**

| Competency- the student should be able to | Domain<br><br>K/S/A/ C | Level<br><br>K/KH/SH/ P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| Various lesions of pulp and periodontium | K/S | K | MK | Written Exam Viva | | |
| Describe sequelae of the lesions of pulp and periodontium | K | K/S | NK | Written Exam Viva | | |
| Treatment of pup-periodontium lesions | K | K | MK | Written Exam Viva | VI | |

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration (VI) | Horizontal Integration (HI) |
|---|---|---|---|---|---|---|
| Various hazards related to Physical and chemical injuries of the oral cavity | K/S | K | MK | Written Exam Viva | | |
| Able to differentiate and identify hazards related to Physical and chemical injuries of the oral cavity | K | K/S/A | NK | Viva | | HI |
| | | | | | VI | |

**Topic: physical and chemical injuries**

**Topic: Oral Wound Healing**

| **Competency- the student should be able to** | **Domain**<br><br>**K/S/A/C** | **Level**<br><br>**K/KH/SH/P** | **Must know/Nice to know/ Desirable to know** | **Assessment methods** | **Vertical Integration** (VI) | **Horizontal Integration** (HI) |
|---|---|---|---|---|---|---|
| **Define & explain types of healing** | **K/S** | **K** | **MK** | **Written Exam Viva** | | |
| **Explain in detail about healing of extraction socket** | **K** | **K/S/A** | **NK** | **Viva** | | **HI** |
| **Write the factors affecting wound healing.** | **K** | **K/S/A** | **Must know** | **Written Exam Viva** | **VI** | |
| **Explain the differential diagnosis of dry socket and treatment modalities for the same.** | **K** | | **Must know** | **Written Exam Viva** | | |

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration (VI) | Horizontal Integration (HI) |
|---|---|---|---|---|---|---|
| Define & explain types of Blood Dyscarsias | K/S | K | MK | Written Exam Viva | | |
| Lab diagnosis of various types of Blood Dyscrsias | K | K/S | NK | Viva | VI | |
| The differential diagnosis of Metabolic/ immunologic disorders | K | K/A | Must know | Written Exam Viva | | HI |

**Topic: Blood/metabolic/immunologic disorders**

**Topic: Diseases of Bones and Joints**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration (VI) | Horizontal Integration (HI) |
|---|---|---|---|---|---|---|
| Classification of diseases of bone | K/S | K | MK | Written Exam Viva | | |
| Describe in detail about Fibrous Dysplasia | K | K/S | MK | Viva | | HI |
| Describe in detail about Paget's Disease | K | K/A | Must know | Written Exam Viva | | |

**Topic: Diseases of Skin**

| **Competency- the student should be able to** | **Domain**<br><br>**K/S/A/C** | **Level**<br><br>**K/KH/SH/P** | **Must know/Nice to know/ Desirable to know** | **Assessment methods** | **Vertical Integration** (VI) | **Horizontal Integration** (HI) |
|---|---|---|---|---|---|---|
| **Enumerate diseases of skin** | **K/S** | **K** | **MK** | **Written Exam Viva** | | |
| **Describe in detail about clinical ,histological**<br><br>**Features of skin lesions** | **K/S** | **K/S** | **MK** | **Viva** | | **HI** |
| **Treatment of skin lesions** | **K** | **K/A** | **Must know** | **Written Exam Viva** | **VI** | |

**Topic: Forensic Odontology**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Various identification methods of forensic odontology | K/S | K | MK | Written Exam<br>Viva |
| Importance and application of forensic odontology | K/S | K/S | DK | Viva |

# Competency Based Undergraduate Curriculum in

# Dental anatomy & Dental histology

**TOPIC- Developmental of tooth**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Write in short about Dental Lamina | K/S | K | MK | Written Exam<br>Viva |
| Describe & draw well label diagram of Histological stages of tooth development | K | K/S | MK | Viva |
| Write in short about Root development | K | K/A | Must know | Written Exam<br>Viva |
| Describe in detail Physiological stages of tooth development | K/S | | Mk | |
| Applied aspect | K/A | | NK | |

**TOPIC- Enamel**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Describe structure of Enamel | K/S | K | MK | Written Exam<br>Viva |
| Life cycle of ameloblast | K | K/S | MK | Viva |
| Describe in detail amelogenesis | K | K/A | Must know | Written Exam<br>Viva |
| Clinical Considerations | K/S | K/KH | DK | Written Exam<br>Viva |

**TOPIC- Dentin**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Enumerate the physical and chemical composition of dentin | K/S | K | MK | Written Exam<br>Viva |
| Histology of dentinal tubules. | K | K/S | MK | Viva |
| Types of dentine | K | K/A | Must know | Written Exam<br>Viva |

**TOPIC- Cementum**

| Competency- the student should be able to know | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/ Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Classification of Cementum | K/S | K | MK | Written Exam Viva |
| Describe in types of CEJ | K | K/S | MK | Viva |
| Describe in detail about Cementogenesis | K/S | K/A | Must know | Written Exam Viva |
| Applied aspects | K | K/SH | DK | Written Exam Viva |

**Topic : Pulp**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Describe functions of Pulp | K/S | K | MK | Written Exam<br>Viva |
| Describe in detail about age changes in pulp | K | K/S | MK | Viva |
| Describe in detail about cellular elements of Pulp | K | K/A | Must know | Written Exam<br>Viva |

**Topic : Bone**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Classification of types of bone | K/S | K | MK | Written Exam<br>Viva |
| Describe in detail about histology of bone | K | K/S | MK | Viva |
| Describe in detail about development of bone | K | K/A | Must know | Written Exam<br>Viva |

**TOPIC-Periodontal Ligament**

| Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Principle fibers of PDL | K/S | K | MK | Written Exam<br>Viva |
| Cells of PDL | K | K/S | MK | Viva |

## TOPIC-Salivary Gland

| Competency- the student should be able to know | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| types of salivary Gland | K/S | K | MK | Written Exam Viva | | |
| Describe in detail histology of salivary gland | K/S | K/S | MK | Viva | | |
| Histogenesis of salivary gland | K | K/A | Must know | Written Exam Viva | VI | |
| Applied aspects | K | KH | Dk | Written Exam Viva | VI | |

**TOPIC-Oral Mucous Membrane**

| Competency- the student should be able to know | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Definition of Oral Mucous Membrane | K/S | K | MK | Written Exam<br>Viva |
| Classification of Oral Mucous Membrane | K/S | K/S | MK | Viva |
| Histology of Gingiva,hard palateand lining mucosa | K | K/A | Must know | Written Exam<br>Viva |
| Applied aspects | K | KH | Dk | Written Exam<br>Viva |

**TOPIC-Temporomandibular Joint (TMJ)**

| Competency- the student should be able to know | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| Definition of TMJ | K/S | K | MK | Written Exam Viva | | |
| Anatomy of TMJ | K/S | K/S | MK | Viva | | |
| Muscle,blood supply,nerve supply of TMJ | K | K/A | Must know | Written Exam Viva | VI | |
| Applied aspects | K | KH | Dk | Written Exam Viva | | |

**TOPIC-Eruption and Shedding**

| Competency- the student should be able to know | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Definition of Eruption and Shedding | K/S | K | MK | Written Exam<br>Viva |
| Physiology of Eruption and Shedding | K/S | K/S | MK | Viva |
| Applied aspects | K | KH | Dk | Written Exam<br>Viva |

**TOPIC-Dental Anatomy**

| Competency- the student should be able to know | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|
| Definition of ridge,cusp,fossa | K/S | K | MK | Written Exam<br>Viva |
| Describe Line angles, point angles | K/S | K/S | MK | Viva |
| Tooth morphology of Deciduous and permanent teeth | K | KH | MK | Written Exam<br>Viva |
| Teeth numbering systems | k | KH | MK | Written Exam<br>Viva |

# Oral Surgery

1. Introduction, definition, scope, aims and objectives.

| Number | Course outcomes | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| 1 | Define oral and maxillofacial surgery | K | K | MK | | Written exam Viva | | |
| 2 | List scope of oral and maxillofacial surgery | K | K | MK | | Written exam Viva | | |
| 3 | Discuss aims and objectives of oral and maxillofacial surgery | K | K | MK | | Written exam Viva | | |

2. Diagnosis in oral surgery:

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 1 | Present history taking | K/S | K | MK | | Written exam Viva | | |
| 2 | Demonstrate clinical examation | K/C | K | MK | | Written exam Viva | | |
| 3 | Record investigation | K/S | K | MK | | Written exam Viva | | |

3. Principles of infection control and cross-infection control with particular reference to HIV/AIDS and Hepatitis.

| **Number** | **COMPETENCY The student should be able to** | **Domain K/S/A/C** | **Level K/KH/ SH/P** | **Must know/ Nice to know/ Desirable to know** | **Teaching-Learning Methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal Integration** |
|---|---|---|---|---|---|---|---|---|
| 1 | Describe Principles of infection control and cross-infection control with particular reference to HIV/AIDS | K | K | MK | | Written exam Viva | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 2 | Describe principles of infection control and cross-infection control with particular reference to Hepatitis. | K | K | MK | | Written exam Viva | | |
| 3 | Counsel control of cross infection of HIV and Hepatitis | K/C | SH | MK | | Written exam Viva | | |

4. Principles of Oral Surgery

| **Number** | **COMPETENCY The student should be able to** | **Domain K/S/A/C** | **Level K/KH/ SH/P** | **Must know/ Nice to know/ Desirable to know** | **Teaching-Learning Methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal Integration** |
|---|---|---|---|---|---|---|---|---|
| 1 | Demonstrate preparation of patient during surgery | K/S/C | SH | MK | | Written exam Viva | | |
| 2 | Enumerate various methods of sterilization | K | K | MK | | Written exam Viva | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 3 | Elicit various extra-oral incision to expose facial skeleton | K | K | MK | | Written exam Viva | | |

5. Exodontia

| **Number** | **COMPETENCY The student should be able to** | **Domain K/S/A/C** | **Level K/KH/ SH/P** | **Must know/ Nice to know/ Desirable to know** | **Teaching-Learning Methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal Integration** |
|---|---|---|---|---|---|---|---|---|
| 1 | Define Ideal Extraction. | K | K | MK | | Written exam Viva | | |
| 2 | Enumerate Methods of extraction | K | K | MK | | Written exam Viva | | |
| 3 | Demonstrate Forceps Extraction | K\S\C | K\KH\ SH\P | MK | | Written exam Viva Skill Assessment | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 4. | Inform post-extraction care | K\C | K\KH\ SH\P | MK | | Viva Skill Assessment | | |

6. Impacted teeth:

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| 1 | Classify Impacted mandibular third molar and , reasons for removal, Assessment - both clinical & radiological | K/S | KH | MK | | Written exam Viva | | |
| 2 | Describe Surgical procedure for removal of impacted tooth | K | K | MK | | Written exam Viva | | |
| 3 | Discuss reasons for canine impaction, Localization, indications for removal, Methods of management | K | K | MK | | Written exam Viva | | |

7. . Pre-prosthetic Surgery

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| 1 | Define Pre-prosthetic Surgery and classification of procedures | K | K | MK | | Written exam Viva | | |
| 2 | Enumerate Corrective procedures, Ridge extension or Sulcus extension procedures ,Ridge augmentation and reconstruction | K | K | MK | | Written exam Viva | | |
| 3 | List various types of implants and surgical procedure to place implants. | K | K | MK | | Written exam Viva | | |

8. . Diseases of the maxillary sinus

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 1 | Discuss surgical anatomy of maxillary sinus | K | K | MK | | Written exam Viva | | |
| 2 | Differentiate Sinusitis both acute and chronic | K | K | MK | | Written exam Viva | | |
| 3 | List the steps of removal of root from the sinus | K | K | MK | | Written exam Viva | | |

9. . Disorders of T.M. Joint

| **Number** | **COMPETENCY The student should be able to** | **Domain K/S/A/C** | **Level K/KH/ SH/P** | **Must know/ Nice to know/ Desirable to know** | **Teaching-Learning Methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal Integration** |
|---|---|---|---|---|---|---|---|---|
| 1 | Define ankylosis,etiology,clinical features and management of ankylosis | K | K | MK | | Written exam Viva | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 2 | Discuss myofacial pain dysfunction syndrome | K | K | MK | | Written exam Viva | | |
| 3 | Elicit applied surgical anatomy of TMJ joint | K\S | K | MK | | Written exam Viva | | |

10. Infections of the Oral cavity

| **Number** | **COMPETENCY The student should be able to** | **Domain K/S/A/C** | **Level K/KH/ SH/P** | **Must know/ Nice to know/ Desirable to know** | **Teaching-Learning Methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal Integration** |
|---|---|---|---|---|---|---|---|---|
| 1 | Enumerate factors responsible for infection | K | K | MK | | Written exam Viva | | |
| 2 | Define ludwigs angina,etiology | K | K | MK | | Written exam Viva | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 3 | Classify osteomyletis of jaw | K | K | MK | | Written exam Viva | | |

11. Benign cystic lesions of the jaws

| **Number** | **COMPETENCY The student should be able to** | **Domain K/S/A/C** | **Level K/KH/ SH/P** | **Must know/ Nice to know/ Desirable to know** | **Teaching-Learning Methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal Integration** |
|---|---|---|---|---|---|---|---|---|
| 1 | Define and classify benign cystic lesions of jaw | K | K | MK | | Written exam Viva | | |
| 2 | Describe Clinical features, of OKC | K | K | MK | | Written exam Viva | | |
| 3 | Enumerate The type of surgical procedures and its complications | K | K | MK | | Written exam Viva | | |

12. Tumours of the Oral cavity

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| 1 | Classify non odontogenic benign tumour in oral cavity | K | K | MK | | Written exam Viva | | |
| 2 | Define ameloblastoma and discuss clinical features ,radiographic appearance and methods of management | K | K | MK | | Written exam Viva | | |
| 3 | Elicit Role of dental surgeons in the prevention and early detection of oral cancer. | K\S | K | MK | | Written exam Viva | | |

13. Fractures of the jaws

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| | | | | | | | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 1 | Describe types of fractures | K | K | MK | | Written exam Viva | | |
| 2 | Describe Fractures of the condyle | K | K | MK | | Written exam Viva | | |
| 3 | List Complications of fractures | K | K | MK | | Written exam Viva | | |

14.Salivary gland diseases

| **Number** | **COMPETENCY The student should be able to** | **Domain K/S/A/C** | **Level K/KH/ SH/P** | **Must know/ Nice to know/ Desirable to know** | **Teaching-Learning Methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal Integration** |
|---|---|---|---|---|---|---|---|---|
| 1 | Enumerate procedure for Diagnosis of salivary gland diseases | K | K | MK | | Written exam Viva | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 2 | Define Sialolithiasis and discuss Clinical features, management | K | K | MK | | Written exam Viva | | |
| 3 | Enumerate Common tumours of salivary glands | K | K | MK | | Written exam Viva | | |

15. Jaw deformities

| **Number** | **COMPETENCY The student should be able to** | **Domain K/S/A/C** | **Level K/KH/ SH/P** | **Must know/ Nice to know/ Desirable to know** | **Teaching-Learning Methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal Integration** |
|---|---|---|---|---|---|---|---|---|
| 1 | Define Prognathism, Retrognathism and open bite | K | K | MK | | Written exam Viva | | |
| 2 | Discuss reasons for correction | K | K | MK | | Written exam Viva | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 3 | Record Outline of surgical methods carried out on mandible and maxilla. | K\S | K | MK | | Written exam Viva | | |

16. Neurological disorders

| **Number** | **COMPETENCY The student should be able to** | **Domain K/S/A/C** | **Level K/KH/ SH/P** | **Must know/ Nice to know/ Desirable to know** | **Teaching-Learning Methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal Integration** |
|---|---|---|---|---|---|---|---|---|
| 1 | Define Trigeminal neuralgia | K | K | MK | | Written exam Viva | | |
| 2 | Discuss Facial paralysis - Aetiology, clinical features | K | K | MK | | Written exam Viva | | |
| 3 | Classify Nerve injuries - neurorhaphy etc | K | K | MK | | Written exam Viva | | |

17. Cleft Lip and Palate

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| 1 | Discuss Aetiology of the clefts | K | K | MK | | Written exam Viva | | |
| 2 | Classify cleft lip and cleft palate and outline the closure procedure | K | K | MK | | Written exam Viva | | |
| 3 | Describe Role of dental surgeon in the management of cleft patients. | K | K | MK | | Written exam Viva | | |

18. Medical Emergencies in dental practice

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| 1 | Performe under supervision Primary care of medical emergencies in dental practice particularly - (a)Cardio vascular (b) Respiratory | K\S\C | KH | MK | | Written exam viva | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 2 | d)Anaphylactic reaction (e) Epilepsy f)endocrine | K | K | MK | | Written exam Viva | | |

19. Emergency drugs & Intra muscular I.V. Injections

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| 1 | Enumerate emergency drugs | K | K | MK | | Written exam Viva | | |
| 2 | Discuss Applied anatomy, Ideal location for giving these injections, techniques | K | K | MK | | Written exam Viva | | |

20. Oral Implantology

| Number | COMPETENCY The student should be able to | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 1 | Define oral implantology | K | K | MK | | Written exam Viva | | |
| 2 | Enumerate parts of implants | K | K | MK | | Written exam Viva | | |
| 3 | Discuss the indications ,conraindications and procedure of implant | K | K | MK | | Written exam Viva | | |

21 Anaesthesia

| **Number** | **COMPETENCY The student should be able to** | **Domain K/S/A/C** | **Level K/KH/ SH/P** | **Must know/ Nice to know/ Desirable to know** | **Teaching-Learning Methods** | **Assessment Methods** | **Vertical Integration** | **Horizontal Integration** |
|---|---|---|---|---|---|---|---|---|
| 1 | Discuss and perform concept of L.A | K\S\C | K | MK | | Written exam Viva | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 2 | Discuss Concept of general anaesthesia. | K | K | MK | | Written exam Viva | | |
| 3 | Describe and discuss procedure of tracheostomy. | K | K | MK | | Written exam Viva | | |

| Course outcomes | Domain K/S/A/C | Must know/ Nice to know/ Desirable to know MK/NK/DK | Teaching-Learning Methods | Assessment Methods | Vertical integration | Horizontal integration |
|---|---|---|---|---|---|---|
| **Classification of Malocclusion** | | | | | | |
| Understand the need for classification | K | DK | lecture | Theory | | |
| Enumerate various classification systems<br>Describe Angle's , Bennet' s , Lischer's, Simons, Ackerman-Proffit Classifications Dewey's Modification with diagrams | K<br>K and S | MK<br>MK | Demonstration<br>lecture | Theory and viva voce | | |
| Classify different methods of malocclusion.<br>WHO classification, Katz Classification, Incisor Classification, Canine Classification. | K<br>K | MK<br>NK | lecture | Theory | | |
| | | | | | | |

| Objective | Domain | Level of Competency | **Teaching learning methods** | **Assessment methods** | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|
| **Introduction to Orthodontics** | | | | | | |
| 1. Understand and explain the term Orthodontics. | K | MK | lecture | Theory | | |
| 2. Describe History of Orthodontics | K | MK | lecture | Theory | | |
| 3. Describe the aims and objectives achieved in orthodontics. ( Schematic diagram of Jackson's Triad) | K/ S | MK | lecture | Theory and viva voce | | |
| 4. Describe the scope of Orthodontics. | K | M | lecture | Theory | | |
| Draw the schematic Venn diagram | K S | MK | lecture and demonstration | Theory | | |
| Explain in detail importance of each group | K | MK | Lecture | Theory | | |
| Explain co-relation of groups | K | MK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **General Principles in Orthodontic Treatment Planning of Dental and Skeletal Malocclusions** | | | | | | |
| Enumerate and describe its branches. | K | MK | Lecture | Theory | | |
| Scope of various branches | K | MK | Lecture | Theory | | |
| Identify the need for prevention, interception<br>and correction as per the malocclusion. | K<br>K | MK<br>MK | Lecture<br>Lecture | Theory<br>Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Classification of malocclusion** | | | | | | |
| Explain the basis of Angle's classification. | K | MK | Lecture | Theory | | |
| Explain the various types of malocclusion given by Angle with help of well labeled diagrams. | K & S | MK | Lecture | Theory | | |
| Differentiate between true and pseudo class III | K | MK | Lecture | Theory | | |
| Explain the drawbacks of this classification. | K | MK | Lecture | Theory | | |
| Explain Angle's class IV type of malocclusion | K | NK | Lecture | Theory | | |

| | | | | | | |
|---|---|---|---|---|---|---|
| Explain Dewey's modification to Angle's class I and class III and draw appropriate diagrams | K<br>S | MK | Lecture | Theory | | |
| Explain Lischer's classification and draw appropriate diagrams | K<br>S | MK | Lecture | Theory | | |
| Explain Bennet's classification and draw appropriate diagrams | K<br>S | MK | Lecture | Theory | | |
| Explain Simons Classification and draw appropriate diagrams | K<br>S | MK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Etiology of malocclusion** | | | | | | |
| Describe and explain the causes of a malocclusion | K | MK | Lecture | Theory | | |
| Describe the classification based on causes | K | MK | Lecture | Theory | | |
| Identify the situations that can be either prevented or intervened | K | MK | Lecture | Theory | | |
| Describe measures to avoid the severity of malocclusion | K | MK | Lecture | Theory | | |
| Enumerate and explain all the general factors considered responsible for the malocclusion | K | DK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Habits**<br>**Mouth breathing** | | | | | | |
| Describe the mouth breathing habit in detail with its effect and management | K | MK | Lecture | Theory | | |
| Enumerate and describe all the other miscellaneous habit with their prevention and management. | K | MK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Bruxism** | | | | | | |
| Describe Bruxism its causes and effects. | K | NK | Lecture | Theory | | |

| | | | | | | |
|---|---|---|---|---|---|---|
| Describe masochistic habit its causes and effects | K | NK | Lecture | Theory | | |
| Describe frenum thrusting , bobby pin opening habits , its causes and management. | K | NK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Removable orthodontic appliances** | | | | | | |
| Define the term removable appliance | K | MK | Lecture | Theory | | |
| Enumerate and discuss in detail various classification of the removable appliance | K | MK | Lecture | Theory | | |
| Explain the action or principle of removable appliance | K | MK | Lecture | Theory | | |
| Enumerate all the components in passive and active appliances, with their importance | K | MK | Lecture<br>Demonstration | Theory<br>Spotting<br>Viva voce | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Components of removable appliances** | | | | | | |
| **Different types of clasps and their uses** | | | | | | |
| Enumerate different types of clasp | K | MK | Lecture<br>Demonstration | Theory | | |
| Understand their fabrication and fabricate | K<br>S | MK | Lecture<br>Demonstration | Theory | | |
| Explain their mode of action | K | MK | Lecture<br>Demonstration | Theory | | |
| Indicate specific clasp for specific malocclusion | K | MK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal integration |
|---|---|---|---|---|---|---|
| **Different types of springs and their uses** | | | | | | |
| Enumerate different types of springs | K | MK | Lecture | Theory | | |
| Understand their fabrication and fabricate | K<br>S | MK | Lecture<br>Demonstration | Theory | | |
| Explain their mode of action | K | MK | Lecture<br>Demonstration | Theory | | |
| Indicate specific spring for specific malocclusion | K | NK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Diagnosis And Diagnostic Aids** | | | | | | |
| **Importance of case history and clinical examination in orthodontics** | | | | | | |
| Describe the case history, and identify the problem | K | MK | Lecture<br>Demonstration | Theory | | |
| Describe the etiology | K | MK | Lecture | Theory | | |
| Describe the database of pertinent information | K | MK | Lecture<br>Demonstration | Theory | | |
| Council the patient for his/her problem | K | MK | Lecture<br>Demonstration | Theory | | |
| Enumerate the treatment planning steps | K | MK | Lecture | Theory | | |
| Describe the protocol for patient's clinical examination | K | MK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Study Models** | | | | | | |
| Define and explain the importance of model analysis. | K | MK | Lecture | Theory<br>Practical | | |
| Describe the procedure for Pont's index, Linder Harth's index, Chadda's index | K | MK | Lecture<br>Demonstration | Theory<br>Practical | | |
| Interpret inter maxillary symmetry.<br>Analyze antero posterior symmetry. | K | MK | Lecture<br>Demonstration | Theory | | |
| Describe palatal height index. | K | MK | Lecture<br>Demonstration | Theory<br>Practical | | |
| Know bolton's analysis. | K | MK | Lecture<br>Demonstration | Theory<br>Practical | | |
| Do space analysis in permanent dentition.<br>Do space analysis in mixed dentition. | K | MK | Lecture<br>Demonstration | Theory<br>Practical | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Methods of gaining space in the arch** | | | | | | |
| Explain various methods of expansion of the dental arches | K | MK | Lecture<br>Demonstration | Theory<br>Viva voce<br>spotting | | |
| Explain the schedule for activation in RME | K | MK | Lecture | Theory | | |
| Explain the various methods for distalization of molars | K | MK | Lecture<br>Demonstration | Theory | | |

| | | | | | | |
|---|---|---|---|---|---|---|
| Enumerate the various methods of gaining space | K | MK | Lecture | Theory | | |
| Explain in detail the procedure of proximal stripping | K | MK | Lecture<br>Demonstration | Theory | | |
| Explain in detail the need for extraction as a method of gaining space | K | MK | Lecture | Theory | | |
| | | | | | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Interceptive Orthodontics** | | | | | | |
| Define interceptive orthodontics | K | MK | Lecture | Theory | | |
| Enumerate and explain the procedures undertaken in interceptive orthodontics | K | MK | Lecture | Theory | | |
| Define serial extraction, indications, contraindication, advantages, disadvantages | K | MK | Lecture | Theory | | |
| Explain the methods of serial extraction. | K | MK | Lecture | Theory | | |
| Enumerate and explain the methods of space regaining. | K | MK | Lecture | Theory | | |
| Describe correction of crossbite and abnormal habits. | K | MK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Preventive Orthodontics** | | | | | | |
| Enumerate various preventive measures undertaken in orthodontics | K | MK | Lecture | Theory | | |
| Understand the importance of parental counseling | K | MK | Lecture | Theory | | |
| Define and explain various methods of space maintenance | K | MK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| **Principles of welding and soldering** | | | | | | |
| Define liquidus, solidus temperature, soldering, brazing. | K | MK | Lecture | Theory | | |
| Various heat sources and fuels used in soldering. | K | MK | Lecture | Theory | | |
| Should be able to explain substrate material. | K | MK | Lecture | Theory | | |
| Flux and its types. | K | MK | Lecture | Theory | | |
| Various soldering material. | K | MK | Lecture | Theory | | |

| Objective | Domain | Level of Competency | Teaching learning methods | Assessment methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|
| Enumerate steps in soldering | K | MK | Lecture | Theory | | |
| Explain quenching | K | MK | Lecture | Theory | | |
| Define welding and various methods of welding | K | MK | Lecture | Theory | | |

| Number | Course outcomes | Domain K/S/A/C | Level K/KH/ SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| **Pediatric dentistry** | | | | | | | | |
| **Topic 1 : Introduction to pediatric dentistry** | | | | | **No of Competencies: 4** | | | |
| 1.1 | Define Pediatric dentistry | K | K | MK | Large group | Written exam Viva voce | - | - |
| 1.2 | Discuss scope of pediatric dentistry | K | K | NK | Large group | Written exam Viva voce | - | - |
| 1.3 | List objectives of pediatric dentistry | K | K | NK | Large group | Written exam Viva voce | - | - |
| 1.4 | Describe the importance of pediatric dentistry | K | K | NK | Large group | Written exam Viva voce | - | - |
| **Topic 2 : Growth and development** | | | | | **No of Competencies: 4** | | | |
| 2.1 | Discuss importance of study of growth and development in Pedodontics. | K | K | MK | Large group | Written exam Viva voce | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 2.2 | List Prenatal and Postnatal factors in growth & development. | K | K | MK | Large group | Written exam<br>Viva voce | - | - |
| 2.3 | Discuss theories of growth & development. | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 2.4 | Document Development of maxilla and mandible and related age changes. | K/S | K/KH/S | MK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 3 : DEVELOPMENT OF OCCLUSION FROM BIRTH THROUGH ADOLESCENCE.** | | | | | | **No of Competencies: 1** | | |
| 3.1 | Discuss variations and abnormalities. | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 4 : DENTAL ANATOMY AND HISTOLOGY** | | | | | | **No of Competencies: 7** | | |
| 4.1 | Describe development of teeth and associated structures. | K | K | MK | Large group | Written exam<br>Viva voce | - | - |
| 4.2 | Discuss Eruption and shedding of teeth. | K | K | MK | Large group | Written exam<br>Viva voce | - | - |
| 4.3 | Describe Teething disorders and their management. | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 4.4 | Describe Chronology of eruption of teeth. | K | K | MK | Large group | Written exam<br>Viva voce | - | - |
| 4.5 | Identify Differences between deciduous and permanent teeth. | K | K/KH/S | MK | Large group | Written exam<br>Viva voce | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | | | | | | OSCE | | |
| 4.6 | Present development of dentition from birth to adolescence. | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 4.7 | Discuss Importance of first permanent molar. | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 5 : DENTAL RADIOLOGY RELATED TO PEDODONTICS.** | | | | | | **No of Competencies: 1** | | |
| 5.1 | Discuss dental radiology related to pedodontics | K | K | NK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 6 : ORAL SURGICAL PROCEDURES IN CHILDREN.** | | | | | | **No of Competencies: 3** | | |
| 6.1 | List Indications and contraindications of extractions of primary and permanent teeth in children. | K | K/KH/SH/P | MK | Large group<br>DOAP | Written exam<br>Skill assessment | - | - |
| 6.2 | Knowledge of Local and General Anaesthesia. | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 6.3 | Describe Minor surgical procedures in children. | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 7: DENTAL CARIES:** | | | | | | **No of Competencies: 7** | | |
| 7.1 | Describe Historical background | K | K | MK | Large group | Written exam | - | - |
| 7.2 | Definition, aetiology & pathogenesis | K | K | MK | Large group | Written exam | - | - |
| 7.3 | Discuss Caries pattern in primary, young permanent and permanent teeth in children | K | K | MK | Large group | Written exam | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 7.4 | Clinical features, Complications & Management of Rampant caries, early childhood caries and extensive caries | K | K/KH/S/ SH | MK | Large group Small group discussion | Written exam | - | - |
| 7.5 | Discuss Role of diet and nutrition in Dental Caries | K | K | MK | Large group | Written exam | - | - |
| 7.6 | Describe Dietary modifications & Diet counselling | K | K/KH/S/ SH | MK | Large group Small group discussion | Written exam | - | - |
| 7.7 | Describe Caries activity, tests, caries prediction, caries susceptibility & their clinical application | K | K | MK | Large group | Written exam | - | - |
| **Topic 8: GINGIVAL & PERIODONTAL DISEASES IN CHILDREN.** **No of Competencies: 3** | | | | | | | | |
| 8.1 | Describe features of Normal gingiva & periodontium in children. | K | K | NK | Large group | Written exam Viva voce | - | - |
| 8.2 | Definition, aetiology & Pathogenesis. | K | K | NK | Large group | Written exam Viva voce | - | - |
| 8.3 | Discuss Prevention & Management of gingival & Periodontal diseases. | K | K | NK | Large group | Written exam Viva voce | - | - |
| **Topic 9: CHILD PSYCHOLOGY:** **No of Competencies: 6** | | | | | | | | |
| 9.1 | Define child psychology | K | K | MK | Large group | Written exam Viva voce | - | - |
| 9.2 | Discuss Theories of child psychology. | K | K | MK | Large group | Written exam Viva voce | - | - |
| 9.3 | Describe Psychological development of children with age. | K | K | MK | Large group | Written exam Viva voce | - | - |
| 9.4 | Discuss Principles of psychological growth & development while managing child patient. | K | K | MK | Large group | Written exam Viva voce | - | - |
| 9.5 | Discuss Dental fear and its management | K | K | MK | Large group | Written exam Viva voce | - | - |
| 9.6 | List Factors affecting childs reaction to dental treatment | K | K | MK | Large group | Written exam Viva voce | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **Topic 10: BEHAVIOUR MANAGEMENT:** | | | | | **No of Competencies : 3** | | | |
| 10.1 | Define behaviour management | K | K | MK | Large group | Written exam<br>Viva voce | - | - |
| 10.2 | Discuss Types of behaviour encountered in the dental clinic. | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 10.3 | Describe Non-pharmacological & pharmacological methods of Behaviour Management. | K | K/KH | MK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 11: PEDIATRIC OPERATIVE DENTISTRY:** | | | | | **No of Competencies: 4** | | | |
| 11.1 | Describe Principles of Pediatric Operative Dentistry. | K/S | K/KH/S | MK | Large group | DOPS<br>Skill assessment | Pre-clinical | - |
| 11.2 | Discuss Modifications required for cavity preparation in primary and young permanent teeth. | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 11.3 | Describe Various Isolation Techniques. | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 11.4 | Demonstrate Restorations of decayed primary, young permanent and permanent teeth in children using various restorative materials like Glass Ionomer, Composites & Silver Amalgam. Stainless steel, Polycarbonate & Resin Crowns. | K/S | K/KH/S | MK | Large group | DOPS<br>Skill assessment | Pre-clinical | - |
| **Topic 12: PEDIATRIC ENDODONTICS** | | | | | **No of Competencies: 3** | | | |
| 12.1 | Discuss Principles & Diagnosis. | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 12.2 | Classification of Pulpal Pathology in primary, young permanent & permanent teeth. | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 12.3 | Describe Management of Pulpally involved primary, young permanent & permanent | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | teeth.<br><br>• Pulp capping – direct & indirect.<br>• Pulpotomy<br>• Pulpectomy<br>• Apexogenesis<br>• Apexification<br>• Obturation Techniques & material used for primary, young permanent & Permanent teeth in children. | | | | | | | |
| **Topic 13: TRAUMATIC INJURIES IN CHILDREN.** **No of Competencies: 3** | | | | | | | | |
| 13.1 | Classifications & Importance. | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 13.2 | Discuss Sequelae & reaction of teeth to trauma. | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 13.3 | Describe Management of Traumatized teeth. | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 14: PREVENTIVE & INTERCEPTIVE ORTHODONTICS:** **No of Competencies: 4** | | | | | | | | |
| 14.1 | Define preventive & interceptive orthodontics | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 14.2 | Describe Problems encountered during primary and mixed dentition phases & their management. | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 14.3 | Discuss Serial extractions. | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 14.4 | Describe Space management and identify space problems in children | K | KH/S | MK | Large group<br>Small group teaching | Written exam<br>Viva voce<br>OSCE | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **Topic 15: ORAL HABITS IN CHILDREN.** | | | | | | **No of Competencies: 5** | | |
| 15.1 | Definition, Aetiology & Classification of oral habits | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| 15.2 | Discuss and identify clinical features of digit sucking | K/S | KH/SH | MK | Large group<br>DOAP<br>PBL | Written exam<br>Viva voce<br>Skill assessment | Orthodontics | - |
| 15.3 | Discuss and identify tongue thrusting, | K/S | KH/SH | MK | Large group<br>DOAP<br>PBL | Written exam<br>Viva voce<br>Skill assessment | - | - |
| 15.4 | Discuss and identify mouth breathing & various other secondary habits | K/S | KH/SH | MK | Large group<br>DOAP<br>PBL | Written exam<br>Viva voce<br>Skill assessment | - | - |
| 15.5 | Describe Management of oral habits in children | K | KH | MK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 16: DENTAL CARE OF CHILDREN WITH SPECIAL NEEDS** | | | | | | **No of Competencies: 5** | | |
| 16.1 | Definition, Aetiology, Classification, Behavioural and Clinical features & Management of children with | K | KH | NK | Large group | Written exam<br>Viva voce | - | - |
| 16.2 | Definition, Aetiology, Classification, Behavioural and Clinical features & Management of children with Physically handicapping conditions. | K | KH | NK | Large group | Written exam<br>Viva voce | - | - |
| 16.3 | Definition, Aetiology, Classification, Behavioural and Clinical features & Management of children with Mentally compromising conditions. | K | KH | NK | Large group | Written exam<br>Viva voce | - | - |
| 16.4 | Definition, Aetiology, Classification, Behavioural and Clinical features & Management of children with Medically compromising conditions. | K | KH | NK | Large group | Written exam<br>Viva voce | - | - |
| 16.5 | Definition, Aetiology, Classification, | K | KH | NK | Large group | Written exam | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | Behavioural and Clinical features & Management of children with Genetic disorders. | | | | | Viva voce | | |
| **Topic 17: CONGENITAL ABNORMALITIES IN CHILDREN:** | | | | | | **No of Competencies: 1** | | |
| 17.1 | Definition, Classification, Clinical features & Management. | K | KH | NK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 18: DENTAL EMERGENCIES IN CHILDREN & THEIR MANAGEMENT.** | | | | | | **No of Competencies: 1** | | |
| 18.1 | Discuss dental emergencies in children & their management | K | KH | NK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 19: DENTAL MATERIALS USED IN PEDIATRIC DENTISTRY.** | | | | | | **No of Competencies: 1** | | |
| 19.1 | Discuss dental materials used in pediatric dentistry<br>• Glass ionomer cement<br>• Composite resins | K | KH | NK | Large group | Written exam<br>Viva voce | - | - |
| **Topic 20: PREVENTIVE DENTISTRY** | | | | | | **No of Competencies: 4** | | |
| 20.1 | Define preventive dentistry. | K | K | MK | Large group | Written exam | - | - |
| 20.2 | Discuss Principles & Scope | K | K | MK | Large group | Written exam | - | - |
| 20.3 | Describe Types of prevention. | K | K | MK | Large group | Written exam | | |
| 20.4 | Perform Different preventive measures used in Pediatric Dentistry including pit and fissure sealants and caries vaccine. | K/S | K/KH/P | MK | Small group discussion<br>Skill assessment | Written exam<br>OSCE<br>Viva voce | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **Topic 21: DENTAL HEALTH EDUCATION & SCHOOL DENTAL HEALTH PROGRAMMES** | | | | | | **No of Competencies: 1** | | |
| 21.1 | Counselling for Dental health education & school dental health programmes | K/S/A | K/KH/P | DK | Small group discussion | OSCE<br>Viva voce | - | - |
| **Topic 22: FLUORIDES:** | | | **No of Competencies: 5** | | | | | |
| 22.1 | Discuss Historical background. | K | K | MK | Large group | Written exam | - | - |
| 22.2 | Demonstrate use of Systemic & Topical fluorides. | K/S | K/KH/P | MK | Small group discussion<br>Skill assessment | Written exam<br>OSCE<br>Viva voce | - | - |
| 22.3 | Discuss Mechanism of action. | K | K | MK | Large group | Written exam | - | - |
| 22.4 | Describe Toxicity & Management. | K | K | MK | Large group | Written exam | - | - |
| 22.5 | Describe Defluoridation techniques. | K | K | MK | Large group | Written exam | - | - |
| **Topic 23: CASE HISTORY RECORDING:** | | | **No of Competencies: 3** | | | | | |
| 23.1 | Perform examination of child in dental operatory | K/S/A/C | P | MK | Large group DOAP | OSCE<br>Viva voce | - | - |
| 23.2 | Interpret diagnosis | K/S/A/C | P | MK | Small group discussion<br>Skill assessment | OSCE<br>Viva voce | - | - |
| 23.3 | Inform treatment planning | K/S/A/C | P | MK | Small group discussion<br>Skill assessment<br>PBL | OSCE<br>Viva voce | - | - |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| **Topic 24: SETTING UP OF PEDODONTIC CLINIC.** | | | | | **No of Competencies: 1** | | | |
| 24.1 | Discuss Setting up of pedodontic clinic with respect to play area, Zones, sterilization, machinery and consultation area | K | K | DK | Large group | Written exam | - | - |
| **Topic 25: ETHICS.** | | | | | **No of Competencies: 1** | | | |
| 25.1 | Discuss ethical aspects in pediatric dentistry | K | K | DK | Large group | Written exam | - | - |

# Periodontics & Implantology

| Number | Course outcomes | Domain K/S/A/C | Level K/KH/SH/P | Must know/ Nice to know/ Desirable to know | Teaching-Learning Methods | Assessment Methods | Vertical Integration | Horizontal Integration |
|---|---|---|---|---|---|---|---|---|
| 1. | Discuss & Define Periodontology, Periodontics, Periodontia, Brief historical background, Scope of Periodontics | K/A | K | MK | PBL | | | |
| 2. | Describe Development of perio-dontal tissues, micro-structural anatomy and biology of periodontal tissues in detail Gingiva. Junctional epithelium in detail, Epithelial Mesenchymal interaction,Periodontal, ligament Cementum, Alveolar bone. | K/A | KH | MK | PBL | | | |
| 3. | Describe Defensive mechanisms in the oral cavity: Role of-Epithelium,Gingival fluid, Saliva and other defensive mechanisms in the oral environment. | K/A | K | MK | PBL | | | |
| 4. | Discuss age changes in teeth and periodontal structures and their association with periodontal diseases | K/S | KH | MK | PBL | | | |
| 5. | Discuss classification of periodontal disease.<br><br>Need for classification, Scientific basis of classification.<br><br>Classification of gingival and periodontal diseases as described in World Workshop1989 | K/S | K | MK | PBL | | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | | | | | | | | |
| 6. | Enumerate Gingival diseases.<br><br>Identify Localized and generalized gingivitis, Papillary, marginal and diffuse gingivitis<br><br>Discuss Etiology, pathogenesis, clinical signs, symptoms and management of<br>i) Plaque associated gingivitis<br>ii) Systemically aggravated gingivitis(sex hormones, drugs and systemic diseases)<br>iii) ANUG<br>iv) Desquamative gingivitis-Gingivitis associated with lichen planus, pemphigoid, pemphigus, and other vesiculobullous lesions<br>v) Allergic gingivitis<br>vi) Infective gingivitis-Herpetic, bacterial and candidial<br>vii) Pericoronitis<br>viii) Gingival enlargement (classification and differential diagnosis) | K/S/ A | K | MK | PBL | | | |
| 7. | Describe Epidemiology of periodontal diseases.<br><br>Definition of index, incidence, prevalence,epidemiology,endemic, epidemic, and pandemic<br>- Classification of indices(Irreversible and reversible)<br>- Deficiencies of earlier indices used in Periodontics<br>- Detailed understanding of Silness &Loe Plaque Index ,Loe&Silness Gingival Index, CPITN &CPI.<br>- Prevalence of periodontal diseases in India and other countries.<br>- Public health significance(All | K/S | K | MK | PBL | | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | these topics are covered at length under community dentistry. Hence, the topics may be discussed briefly. However, questions may be asked from the topics for examination | | | | | | | |
| 8. | Discuss Extension of inflammation from gingival.<br>Mechanism of spread of inflammation from gingival area to deeper periodontal structures<br>Factors that modify the spread | K/S | KH | MK | PBL | | | |
| 9. | Classify Pocket.<br><br>Discuss Definition, signs and symptoms, classification, pathogenesis, histopathology, root surface changes and contents of the pocket | K/S/ A | KH | MK | PBL | | | |
| 10. | Discuss Etiology.<br>Dental Plaque (Biofilm)<br>- Definition, New concept of biofilm<br>- Types, composition, bacterial colonization, growth,maturation &disclosing agents<br>- Role of dental plaque in periodontal diseases<br>- Plaque microorganisms in detail and bacteria associated with periodontal diseases<br>- Plaque retentive factors<br>- Materia alba<br>- Food debris<br>- Calculus<br>- Definition<br>- Types, composition, attachment, theories of formation<br>- Role of calculus in disease<br>Food Impaction<br>- Definition<br>- Types, Etiology<br>- Hirschfelds' classification<br>- Signs ,symptoms &sequelae of | K/S | KH | MK | PBL | | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | treatment<br>Trauma from occlusion<br>- Definition, Types<br>- Histopathological changes<br>- Role in periodontal disease<br>- Measures of management in brief<br>Habits<br>- Their periodontal significance<br>- Bruxism &parafunctional habits, tongue thrusting ,lip biting, occupational habits<br>IATROGENIC FACTORS | | | | | | | |
| 11. | Discuss Risk Factors for periodontal diseases | K/S/ A | K | MK | PBL | | | |
| 12. | Describe Host response. Mechanism of initiation and progression of periodontal diseases<br>- Basic concepts about cells, Mast cells, neutrophils, macrophages, lymphocytes, immunoglobulins, complement system, immune mechanisms & cytokines in brief<br>- Stages in gingivitis-Initial, early, established & advanced<br>- Periodontal disease activity, continuous paradigm, random burst & asynchronous multiple burst hypothesis | K/S | K | MK | PBL | | | |
| 13. | Discuss Periodontitis. Etiology ,histopathology, clinical signs & symptoms, diagnosis and treatment of adult periodontitis<br>- Periodontal abscess; definition, classification,<br>pathogenesis, differential diagnosis and treatment<br>- Furcation involvement, Glickmans' classification, prognosis and management<br>- Rapidly progressive periodontitis<br>- Juvenile periodontitis: Localized and generalized<br>- Post-juvenile periodontitis<br>- Periodontitis associated with systemic diseases<br>- Refractory periodontitis | K/S/ A | KH | MK | PBL | | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 14. | Record Diagnosis.<br><br>Perform under supervision routine procedures, methods of probing, types of probes,(According to case history)<br><br>Record Halitosis<br><br>Discuss Etiology and treatment. Mention advanced diagnostic aids and their role in brief. | P | P | MK | DOAP | | | |
| 15. | Record Prognosis.<br>Types, purpose and factors to be taken into consideration | P | P | MK | DOAP | | | |
| 16. | Record Treatment plan | P | P | MK | DOAP | | | |
| 17. | Discuss Periodontal therapy & General principles of periodontal therapy. Phase I,II, III, IV therapy.<br><br>Define periodontal regeneration, repair, new attachment and reattachment.<br><br>Discuss Plaque control<br>i. Mechanical tooth brushes, interdental cleaning aids, dentifrices<br>ii. Chemical; classification and mechanism of action of each & pocket irrigation | K/S | KH | MK | PBL | | | |
| 18. | Perform under supervision<br>Pocket eradication Procedures:-<br>Scaling and root planning<br><br>Discuss Indications<br>- Aims & objectives<br>- Healing following root planning<br>- Hand instruments, sonic, ultrasonic & piezo-electric scalers<br><br>Curettage & present concepts<br>- Definition<br>- Indications<br>- Aims &objectives | P<br><br><br><br>K/S /A<br><br><br><br>K/S/ A | P<br><br><br><br>KH<br><br><br><br>KH | MK | DOAP | | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| | - Procedures & healing response<br><br>Flap surgery<br>- Definition<br>- Types of flaps, Design of flaps, papilla preservation contraindications<br>- Armamentarium<br>- Surgical procedure & healing response | K/S/ A | KH | | | | | |
| 19. | Describe Osseous Surgery<br>- Definition<br>- Classification<br>- Surgery: resective, additive osseous surgery (osseous grafts with classification of grafts)<br>- Healing responses<br>- Other regenerative procedures; root conditioning<br>- Guided tissue regeneration | K/S | K | MK | PBL | | | |
| 20. | Discuss Mucogingival surgery & periodontal plastic Surgeries.<br>Mucogingival problems: etiology, classification of gingival recession (P.D.Miller Jr. and Sullivan and Atkins)<br><br>Indications & objectives<br>Gingival extension procedures: lateral pedicle graft,frenectomy, frenotomy<br>Crown lengthening procedures | K/S | K | MK | PBL | | | |
| 21. | Discuss Splints.<br>Periodontal splints<br>- Purpose & classification<br>- Principles of splinting | K/S/ A | KH | MK | PBL | | | |
| 22. | Discuss Hypersensitivity<br>Causes, Theories & management | K/S/ A | KH | MK | Role Play | | | |
| 23. | Discuss Implants<br><br>Definition, types, scope &biomaterials used.<br>Periodontal considerations: such as implant-bone interface, implant-gingiva interface, implant failure, peri-implantitis & management | K/S | K | NK | PBL | | | |

| | | | | | | | | |
|---|---|---|---|---|---|---|---|---|
| 24. | Discuss Maintenance phase Importance<br>- Procedures<br>- Maintenance of implants | K/S | KH | MK | PBL | | | |
| 25. | Describe Pharmaco-therapy Periodontal dressings<br>- Antibiotics & anti-inflammatory drugs<br>- Local drug delivery systems | K/S/A | KH | MK | PBL | | | |
| 26. | Discuss Periodontal management of medically compromised patients<br><br>Topics concerning periodontal management of medically compromised patients | K/S | K | MK | PBL | | | |
| 27. | Discuss Inter-disciplinary care Pulpo-periodontal involvement<br>- Routes of spread of infection<br>- Simons' classification<br>- Management | K/S | SH | NK | PBL | | | |
| 28. | Describe Systemic effects of periodontal diseases in brief<br>Cardiovascular diseases, Low birth weight babies etc. | K/S/A | KH | DK | PBL | | | |
| 29. | Discuss Infection control protocol<br>Sterilization and various aseptic procedures | K/S/A | KH | MK | PBL | | | |
| 30. | Discuss Ethics | K/S | K | MK | PBL | | | |

# Public Health Dentistry

| 2 | Describe History of Public Health | K | K | NK | -- |

**Public Health :- Health & Diseases**

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Describe Concepts of Health & Diseases. | K | K | MK | Written Exam Viva |
| 2 | Describe Philosophy of Health & Diseases. | K | K | NK | ------- |
| 3 | Define Health & Diseases and enumerate Characteristics | K | K | MK | Written Exam Viva |

**Public Health :-** General Epidemiology

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Define epidemiology, objectives, methods | K | K | MK | Written Exam Viva |
| 2 | Describe objective of epidemiology. | K | K | MK | Written Exam Viva |
| 3 | Classify epidemiology and describe in detail (Any1). | K | K | MK | Written Exam Viva |

**Public Health :-** Environmental Health

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Describe Concepts of environmental health. | K | K | MK | Written Exam Viva |
| 2 | Describe principles of environmental health protection. | K | K | MK | Written Exam Viva |

| | | | | | |
|---|---|---|---|---|---|
| 3 | List the sources of water. | K | K | MK | Written Exam Viva |
| 4 | Discuss various Environmental sanitation methods. | K | k | MK | Written Exam Viva |
| 5 | Discuss purification of water disposal. (Field visit) | | k/kh | MK | Written Exam Viva |
| 6 | Describe role of dentist in mass disorder. | K | k | MK | Written Exam Viva |

**Public Health :-** Health Education

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Define health education | K | K | MK | Written Exam Viva |
| 2 | Discuss Concepts of health education | K | K | MK | Written Exam Viva |
| 3 | Describe Principles of health education | K | K | MK | Written Exam Viva |
| 4 | Enumerate various Methods | K | K | MK | Written Exam Viva |
| 5 | Describe various Health education aids | K | K | MK | Written Exam Viva |

**Public Health :-** Public health administration

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Discuss goals of practice management | K | K | NK | Written Exam Viva |
| 2 | Discuss private practice management in detail | K | K | NK | Written Exam |
| 3 | Discuss management of dental office & patient. | K/S/A/C | K/KH/SH/P | MK | Written Exam , Viva, OSCE. |

**Public Health :-** Ethics and Jurisprudence

| Sr No. | Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Enumerate various Professional liabilities | K | K | NK | Written Exam Viva |
| 2 | Discuss dental negligence in detail | K | K | NK | Written Exam Viva |
| 3 | Describe various consent methods | K | K | MK | Written Exam Viva |
| 4 | Enumerate methods of identification in forensic dentistry. | K | K | MK | Written Exam Viva |

**Public Health :-** Nutrition in oral diseases

| Sr No. | Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Discuss ideal Balance diet | K | K | MK | Written Exam |
| 2 | Describe Oral manifestation of Vit Deficiencies | K | K | DK | Written Exam Viva |

**Public Health :-** Behavioural science

| Sr No. | Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Define sociology, anthropology and psychology | K | K | MK | Written Exam Viva |
| 2 | Discuss role of behavioral sciences in dental practice and community | K | K | MK | Written Exam Viva |

**Public Health :-** Health care delivery system

| Sr No. | Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Describe health delivery system at Centre and state level | K | K | MK | Written Exam |
| 2 | Describe various oral health policy | K | K | DK | Written Exam Viva |
| 3 | Discuss Primary health care in India | K | K | MK | Written Exam Viva |
| 3 | Discuss various National health programmers'. | K | K | NK | Written Exam Viva |

**Dental Public Health :-**

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Define epidemiology and list differences between community and clinical health services, | K | K | MK | Written Exam Viva |
| 2 | Describe Epidemiology of dental caries | K | K | DK | Written Exam Viva |
| 3 | Describe Epidemiology of periodontal diseases | K | K | DK | Written Exam Viva |
| 4 | Describe Epidemiology of malocclusion | K | K | DK | Written Exam Viva |
| 5 | Describe Epidemiology of dental fluorosis | K | K | DK | Written Exam Viva |
| 6 | Describe Epidemiology of oral cancer | K | K | DK | Written Exam Viva |

**Dental Public Health :-** Survey procedures

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Describe in detail about Planning, implementation and evaluation of survey | K | K/KH/SH/P | MK | Written Exam Viva, OSCE |
| 2 | Discuss WHO oral health survey | K | K | NK | Viva |

| | | | | | |
|---|---|---|---|---|---|
| | methods of 1997 | | | | |
| 3 | Discuss Indices for dental diseases | K/S/A | KH/SH/P | MK | Written Exam Viva, OSCE |
| 4 | Discuss OHIS index | K/S/A | KH/SH/P | MK | Written Exam Viva, OSCE |

**Dental Public Health :-** . Delivery of dental care

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Define dental auxiliaries | K | K | MK | Written Exam Viva |
| 2 | Classify dental auxiliaries | K | K | DK | Written Exam Viva |
| 3 | Describe incremental and comprehensive health care. | K | K | DK | Written Exam Viva |

**Dental Public Health :-** Payments of dental care

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Describe methods of payments in dental care | K | K | DK | Written Exam Viva |
| 2 | Discuss third party payment | K | K | DK | Written Exam Viva |

**Dental Public Health :-** Preventive Dentistry

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| | | | | | |

| | | | | | |
|---|---|---|---|---|---|
| 1 | Define preventive dentistry | K | K | DK | Written Exam Viva |
| 2 | Describe fluorides in dentistry | K | K | MK | Written Exam Viva |
| 3 | Discuss various Plaque control programmes. | K/S/A/C | K/KH/SH/P | MK | Written Exam , Viva, OSCE |

**Research Methodology and Dental Statistics :-** Research Methodology

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Define research Methodology | K | K | DK | Written Exam Viva |
| 2 | Describe in detail types of research, designing and written protocol | K | K | MK | Written Exam Viva |

**Research Methodology and Dental Statistics :-** Bio-Statistics

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Discuss in detail about collection of data | K | K/KH/SH | MK | Written Exam Viva |
| 2 | Discuss presentation of data in detail | K | K/KH/SH | MK | Written Exam Viva |
| 3 | Discuss measures of Central tendency | K | K | MK | Written Exam Viva |
| 4 | Discuss measures of dispersion. | K | K | MK | Written Exam Viva |
| 5 | Describe test of significance. | K | K | MK | Written Exam Viva |
| 6 | Discuss various sampling methods and | K | K | MK | Written Exam Viva |

| | | | | | |
|---|---|---|---|---|---|
| | sampling techniques | | | | |
| 7 | Define bias and types of bias | K | K | DK | Written Exam Viva |
| | Discuss blind trails and calibration in detail. | K | K | DK | Written Exam |

**Dental Public Health :-** Pit and Fissure sealants.

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Define Pit and Fissure sealants | K | K | MK | Written Exam Viva |
| 2 | Discuss Classification of Pit and Fissure sealants | K | K | MK | Written Exam Viva |
| 3 | Describe procedure Pit and Fissure sealants application. | K/S/A | K/KH/SH/P | MK | Written Exam Viva, OSCE. |

**Dental Public Health :-** IDA & DCI

| Sr No. | Competency- the student should be able to | Domain K/S/A/C | Level K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Discuss duties of Dental Council of India and State Dental Councils | K | K | NK | Written Exam Viva |
| 2 | Discuss Composition of IDA & DCI | K | K | NK | Written Exam |

**Dental Public Health :-** Case History

|---|---|---|---|---|---|
| 1 | Discuss Case history in detail | K/S/A | K/KH/SH/P | MK | Written Exam Viva, OSCE |
| 2 | Discuss treatment planning in detail. | K/S/A | K/KH/SH/P | MK | Written Exam Viva, OSCE |

**Health Education**

| Sr No. | Competency- the student should be able to | Domain<br><br>K/S/A/C | Level<br><br>K/KH/SH/P | Must know/Nice to know/ Desirable to know | Assessment methods |
|---|---|---|---|---|---|
| 1 | Demonstrate oral hygiene procedures with Audio visual aid | K/S/A/C | K/KH/SH/P | MK | OSCE |
| 2 | Present a health talk | K/S/A/C | K/P | MK | OSCE |
| 3 | Presentation of posters, models, lecturers, play acting skits on health education | K/S/A/C | K/KH/SH/P | NK | -- |
| 4 | NSS program (Perform under supervision):- visit & social work in rural areas. | K/S/A/C | K/KH/SH/P | MK | -- |

# VSPM DENTAL COLLEGE AND RESEARCH CENTRE NAGPUR.

CIRCULAR FOR INTEGRATED TEACHING

DATE 6/1/2015

Following are the details for Integrated teaching which has been scheduled by **Department of Conservative dentistry and Endodontics**

Students batch: 2014 - 2015 (may appearing)

Topic : Disease of pulp and Periapical tissue.

Departments Involved: Conservative dentistry & Endodontics – Oral pathology

Date: 13/01/2015

Time: 10.30 - 11.30 am

Venue: Lecture hall.

**Teacher Incharge**

**Dr.Chetana Makade**

**Asso. Professor**

**Dr.Pratima Shenoi**

**Head of Department**

**Conservative dentistry and Endodontics,**

**VSPMDCRC**

Copy to: 1) Department Notice Board

2) Department of Oral pathology & Microbiology

Scanned by CamScanner

**Name of the Department:** Conservative dentistry & Endododntics

Year:Third year (May appearing)

Date:13/1/2015

Topic:Diseases of Pulp and Periapical tissue

## CIRCULAR FOR INTEGRATED TEACHING

DATE 5/4/2017

Following are the details for Integrated teaching which has been scheduled by **Department of Conservative dentistry and Endodontics**

Students batch: 2016 - 2017 (Out- appearing)

Topic : Vital pulp therapy.

Departments Involved: Conservative dentistry & Pedodontics

Date: 11/04/2017

Time: 10.30 – 11.30 am

Venue: Lecture hall.

**Teacher Incharge**

**Dr.Chetana Makade**

**Asso. Professor**

**Dr.Pratima Shenoi**

**Head of Department**

**Conservative dentistry and Endodontics,**

**VSPMDCRC**

Copy to: 1) Department Notice Board

2) Department of Pedodontics

Scanned by CamScanner

**Name of the Department:** Conservative dentistry & Endododntics

Year:Third year (Oct appearing)

Date:11/04/2017

Topic:Vital Pulp Theory

CIRCULAR FOR INTEGRATED TEACHING

DATE 14/11/18

Following are the details for Integrated teaching which has been scheduled by **Department of Conservative dentistry and Endodontics**

Students batch: 2018 - 2019 (May appearing)

Topic : Vital pulp therapy

Departments Involved: Conservative dentistry & Pedodontics

Date: 26/11/2018

Time: 10.30 - 11.30 am

Venue: Lecture hall.

**Teacher Incharge**

**Dr.Deepika Chandok**

**Reader**

**Dr.Pratima Shenoi**

**Head of Department**

**Conservative dentistry and Endodontics,**

**VSPMDCRC**

Copy to: 1) Department Notice Board

2) Department of Pedodontics

Scanned by CamScanner

**Name of the Department:** Conservative dentistry &Endododntics

**Year:** Third year (May appearing)

**Date:** 16/11/2018

**Topic:** Vital PulpTherapy

## Problem Based Learning

## Treatment Planning for Diseases of Pulp

**Learning Objectives:**

- Clinical presentation of various pulpal diseases
- Characteristic features of Pulpal diseases
- Differential diagnosis for Pulpal diseases
- Performing Diagnostic tests
- Treatment Planning

**Clinical History:**

A 25 year old male patient reported to the department with the chief complaint of pain on mastication with lower left posterior region of jaw. Patient gave history of pain while having hot and cold fluid which last for 1-2 min subsided on its own.Patient also gave history of food lodgment in the same region. Medical & Dental history was not contributory.How will you differentiate it? What is the final diagnosis? Discuss in detail line of treatment.

**Clinical Observation:**

- Patient experiences mild pain with 36.
- Pit & Fissure caries with 47,16,27.
- Cavitation & discoloration with 36
- Pain on percussion negative with 36
- IOPA Xray with 36,37,38 reveals radiolucency involving enamel and Dentin & intact PDL with 36
- EPT (Electric Pulp test) showed less current than adjacent teeth with 36.

**Questions:**

- What is the diagnosis for pulpal pathology for this case?
- What are the stages in treatment planning?
- How will you manage pain during treating this tooth?

## Dept of Oral & Maxillofacial Surgery

## Department Circular

Date: 1/8/2013

Subject: Conduction of OSPE for Final Year Students Posted in Department of Oral & Maxillofacial Surgery

This is to inform all the staff members that OSPE is planned for Final Year Students posted in Department of Oral & Maxillofacial Surgery on Date 8/8/13 at time: 9.30 pm .

By Order

Dr. R.V.Shenoi

Head of the Dept.

Dept of Oral & Maxillofacial Surgery

Scanned with CamScanner

# OBJECTIVE STRUCTURED PRACTICAL EXAMINATION

## OSPE

**STATION I (2 Marks)**

Erich Arch Bar

- Identify the device
- Enumerate different types of IMF techniques

**STATION II (2 Marks)**

Mandibular Molar Forceps

- Identify the instruments
- State the principle on which it works

**STATION III (2 Marks)**

Nasogastric Feeding Tube

- Identify the tube
- State it uses

**STATION IV (2 Marks)**

2% Lignocaine plus 1:200000 Adrenaline

- Write the content of local anesthesia
- State the significance of adrenaline

**STATION V (2 Marks)**

Bristow's Zygomatic Elevator

- Identify the instruments
- State it uses

Scanned with CamScanner

**STATION VI (Performance Station) (2 Marks)**

How do you apply forcep for the extraction of mandibular second molar over the simulator

- Identify the instruments
- State the principle on which it works

**STATION VII (Communication Station) (2 Marks)**

The following patient has undergone extraction. Kindly give postoperative instructions to the patient

**STATION VIII (Performance Station) (2 Marks)**

Demonstrate the Direct technique of inferior alveolar nerve block on the simulator

**STATION IX (2 Marks)**

Coupland Elevator

- Identify
- State the principle on which it works

**STATION X (2 Marks)**

Dexamethasone vial

- Identify the vial
- State its uses in OMFS

Scanned with CamScanner

# OBJECTIVE STRUCTURED PRACTICAL EXAMINATION

## OSPE

**STATION I (2 Marks)**

Erich Arch Bar

- Identify the device
- Enumerate different types of IMF techniques

**STATION II (2 Marks)**

Mandibular Molar Forceps

- Identify the instruments
- State the principle on which it works

**STATION III (2 Marks)**

Nasogastric Feeding Tube

- Identify the tube
- State it uses

**STATION IV (2 Marks)**

2% Lignocaine plus 1:200000 Adrenaline

- Write the content of local anesthesia
- State the significance of adrenaline

**STATION V (2 Marks)**

Bristow's Zygomatic Elevator

- Identify the instruments
- State it uses

Scanned with CamScanner

**STATION VI (Performance Station) (2 Marks)**

How do you apply forcep for the extraction of mandibular second molar over the simulator

- Identify the instruments
- State the principle on which it works

**STATION VII (Communication Station) (2 Marks)**

The following patient has undergone extraction. Kindly give postoperative instructions to the patient

**STATION VIII (Performance Station) (2 Marks)**

Demonstrate the Direct technique of inferior alveolar nerve block on the simulator

**STATION IX (2 Marks)**

Coupland Elevator

- Identify
- State the principle on which it works

**STATION X (2 Marks)**

Dexamethasone vial

- Identify the vial
- State its uses in OMFS

Scanned with CamScanner

Scanned with CamScanner

**STATION VI (Performance Station) (2 Marks)**

How do you apply forcep for the extraction of mandibular second molar over the simulator

- Identify the instruments
- State the principle on which it works

**STATION VII (Communication Station) (2 Marks)**

The following patient has undergone extraction. Kindly give postoperative instructions to the patient

**STATION VIII (Performance Station) (2 Marks)**

Demonstrate the Direct technique of inferior alveolar nerve block on the simulator

**STATION IX (2 Marks)**

Coupland Elevator

- Identify
- State the principle on which it works

**STATION X (2 Marks)**

Dexamethasone vial

- Identify the vial
- State its uses in OMFS

Scanned with CamScanner

Date : 22/10/18

Subject: Conduction of OSPE for Final Year Students Posted in Department of Oral & Maxillofacial Surgery

This is to inform all the staff members that OSPE is planned for Final Year Students posted in Department of Oral & Maxillofacial Surgery on Date 24/10/18 at time: 9.30am

By Order

Dr. S.R.Shenoi

Head of the Dept.

Dept of Oral & Maxillofacial Surgery

Scanned with CamScanner

# OBJECTIVE STRUCTURED PRACTICAL EXAMINATION

## OSPE

**STATION I (2 Marks)**

Erich Arch Bar

- Identify the device
- Enumerate different types of IMF techniques

**STATION II (2 Marks)**

Mandibular Molar Forceps

- Identify the instruments
- State the principle on which it works

**STATION III (2 Marks)**

Nasogastric Feeding Tube

- Identify the tube
- State it uses

**STATION IV (2 Marks)**

2% Lignocaine plus 1:200000 Adrenaline

- Write the content of local anesthesia
- State the significance of adrenaline

**STATION V (2 Marks)**

Bristow's Zygomatic Elevator

- Identify the Instruments
- State it uses

Scanned with CamScanner

Erich Arch Bar

- Identify the device
- Enumerate different types of IMF techniques

**STATION II (2 Marks)**

Mandibular Molar Forceps

- Identify the instruments
- State the principle on which it works

**STATION III (2 Marks)**

Nasogastric Feeding Tube

- Identify the tube
- State it uses

**STATION IV (2 Marks)**

2% Lignocaine plus 1:200000 Adrenaline

- Write the content of local anesthesia
- State the significance of adrenaline

**STATION V (2 Marks)**

Bristow's Zygomatic Elevator

- Identify the Instruments
- State it uses

**STATION VI (Performance Station) (2 Marks)**

How do you apply forcep for the extraction of mandibular second molar over the simulator

- Identify the instruments
- State the principle on which it works

**STATION VII (Communication Station) (2 Marks)**

The following patient has undergone extraction. Kindly give postoperative instructions to the patient

**STATION VIII (Performance Station) (2 Marks)**

Demonstrate the Direct technique of inferior alveolar nerve block on the simulator

**STATION IX (2 Marks)**

Coupland Elevator

- Identify
- State the principle on which it works

**STATION X (2 Marks)**

Dexamethasone vial

- Identify the vial
- State its uses in OMFS

NAME OF STUDENTS:

1. PRAGATI AGRAWAL
2. SANJANA AGRAWAL
3. ARYA LAL
4. MRUNMAYEE AWADE
5. KIRAN BADODEKAR
6. MONESH BALANI
7. SHRADDHA BARHANPURKAR
8. SURABHI BAYASKAR
9. SAYALI BALKHODE
10. BHUVANESHWARI BHALME
11. SHUBHAM BHOLE

**STATION I (2 Marks)**

Erich Arch Bar

- Identify the device
- Enumerate different types of IMF techniques

**STATION II (2 Marks)**

Mandibular Molar Forceps

- Identify the instruments
- State the principle on which it works

**STATION III (2 Marks)**

Nasogastric Feeding Tube

- Identify the tube
- State it uses

**STATION IV (2 Marks)**

2% Lignocaine plus 1:200000 Adrenaline

- Write the content of local anesthesia
- State the significance of adrenaline

**STATION V (2 Marks)**

Bristow's Zygomatic Elevator

- Identify the Instruments
- State it uses

Scanned with CamScanner

**STATION VI (Performance Station) (2 Marks)**

How do you apply forcep for the extraction of mandibular second molar over the simulator

- Identify the instruments
- State the principle on which it works

**STATION VII (Communication Station) (2 Marks)**

The following patient has undergone extraction. Kindly give postoperative instructions to the patient

**STATION VIII (Performance Station) (2 Marks)**

Demonstrate the Direct technique of Inferior alveolar nerve block on the simulator

**STATION IX (2 Marks)**

Coupland Elevator

- Identify
- State the principle on which it works

**STATION X (2 Marks)**

Dexamethasone vial

- Identify the vial
- State its uses in OMFS

Scanned with CamScanner

## DIRECT OBSERVATION OF PROCEDURAL SKILLS (DOPS) – ASSESSMENT FORM

Date: 12 / 03 / 2019

Name of Trainee: Dr. Shrutika Mankar SET Level: _____

Assessor: Dr Gagandeep Lamba

Hospital: VSPM Dental College Unit: Pediatric Dentistry

Setting: ☐ Theatre ☐ ICU ☐ ED ☑ Other Chairside

Procedure: Pulpectomy ☐ Major ☑ Intermediate ☐ Minor

Difficulty: ☐ Easier than usual ☑ Average ☐ More than usual

Number of times this procedure has been performed by this trainee prior to this occasion 98

| Please assess and mark the following areas: | Unsatisfactory | Borderline | Satisfactory | Not observed/NA |
|---|---|---|---|---|
| 1. Explains the procedure to the patient and obtains patient's informed consent | | | ✓ | |
| 2. Prepares for procedure according to agreed protocol | | ✓ | | |
| 3. Demonstrates aseptic techniques and safe use of instruments/sharps | | ✓ | | |
| 4. Performs technical aspects competently | | | ✓ | |
| 5. Demonstrates manual dexterity required to carry out procedure | | | ✓ | |
| 6. Adapts procedure to accommodate patient and/or unexpected events | | ✓ | | |
| 7. Is aware of own limitations and seeks help when appropriate | | ✓ | | |
| 8. Completes required documentation (written or dictated) | | ✓ | | |
| 9. Analyses one's own clinical performance for continuous improvement | | ✓ | | |
| 10. Overall ability to perform procedure | | ✓ | | |

Suggestions for development: Better preparation of patient before starting the procedure.

Mini – Clinical Evaluation Exercise (CEX)

Direct observation of procedural skills (DOPS) – assessment form

Date: 16/9/19

Name of Trainee: Dr Nitha Kondlada

Assessor: Dr Rajesh Gupta

Hospital: Nizam's Inst

Setting: ☐ Theatre ☐ ICU ☐ ED ☐ Other

Procedure: ☐ Major ☐ Intermediate ☐ Minor

Difficulty: ☐ Easier than usual ☐ Average ☐ Harder than usual

Number of times this procedure has been performed by the trainee prior to this occasion:

| Please assess and score the following areas: | Unsatisfactory | Borderline | Satisfactory | Not observed/NA |
|---|---|---|---|---|
| 1. Explains the procedure to the patient and obtains patient's informed consent | | ✓ | | |
| 2. Prepares for procedure according to agreed protocol | | ✓ | | |
| 3. Gowns, gloves, drapes, positions and sets up list of instruments correctly | ✓ | | | |
| 4. Performs technical aspects competently | | | ✓ | |
| 5. Demonstrates knowledge required to carry out procedure | | | ✓ | |
| 6. Adapts procedure to accommodate patient and/or unexpected events | | ✓ | | |
| 7. Is aware of own limitations and seeks help when appropriate | | | ✓ | |
| 8. Completes operative documentation (written or dictated) | | | ✓ | |
| 9. Analgesia and other prescriptions for postoperative management | | ✓ | | |
| 10. Debriefs acting as patients procedure | | | ✓ | |

Mini Clinical Evaluation Exercise (CEX)

## Mini Clinical Evaluation Exercise (MCEX)

Year 4 cur

## Pre Clinical Work :Operative and Endodontics

**Preclinical work on typhodont teeth**

1. Class 2 amalgam cavities

   a. Conservative preparation

   b. Conventional preparation

2. Inlay cavity preparation on premolar and molars (MO, DO, MOD)

   a. Wax pattern

   b. Casting

3. Onlay preparation on molars

   a. Casting

4. Full Crown

   a. Mesial

   b. Palatine

   (Check to be processed)

5. Veneers

   (1 to be processed)

6. Full crown preparation

   (1 to be processed)

**Pre Clinical work on natural teeth**

1. Inlay preparation on molars and premolars MO, DO, and MOD

   a. Wax pattern

   b. Casting

2. Amalgam cavity preparation and restoration (class)

   a. Conventional

   b. Conservative

3. Permanent restoration on molar teeth

4. Post and core build up

   a. Anterior teeth

   b. Posterior teeth

5. Casting

6. Onlay on molars

   (1 to be processed)

7. Full crown preparation and crowns

8. Full crown cementation

9. Veneers, anterior teeth (indirect method)

10. Composite inlay (class 2)

(Cases to be processed)

11. Full mouth wax carving -all permanent teeth

**Prosthodontic Endodontics**

1. Screening of all maxillary and mandibular teeth

2. Screening of teeth –in relation to molar/incisor molar- 2nd primary upper and lower molar 1 each

3. Access cavity opening and root canal therapy in relation to maxillary and mandibular permanent teeth

4. Access cavity preparation and RMP

**Anterior**

a. Conventional type

b. Step back

c. Crown down

**Obturation**

1. RMP Procedure #4 (2 maxillary and 2 mandibular and obturation 1 each of maxillary and mandibular premolar

a. Obturation of canal 1 Maxillary & mandibular first molar – 2 cases and

Maxillary & mandibular second molar – 1 case each obturation of

1 case each of maxillary & mandibular first & second molar

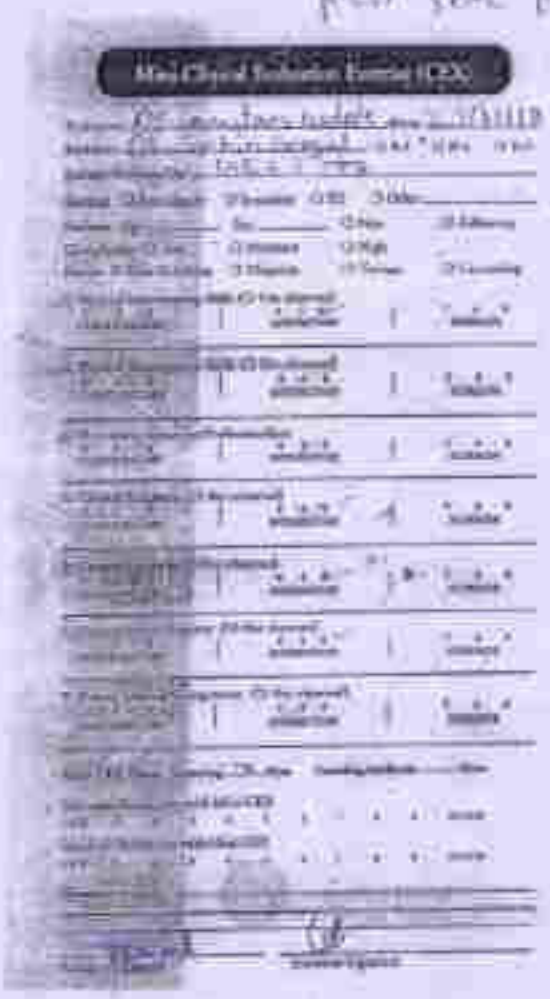

2. Post and core preparation and fabrication in relation to anterior and posterior teeth

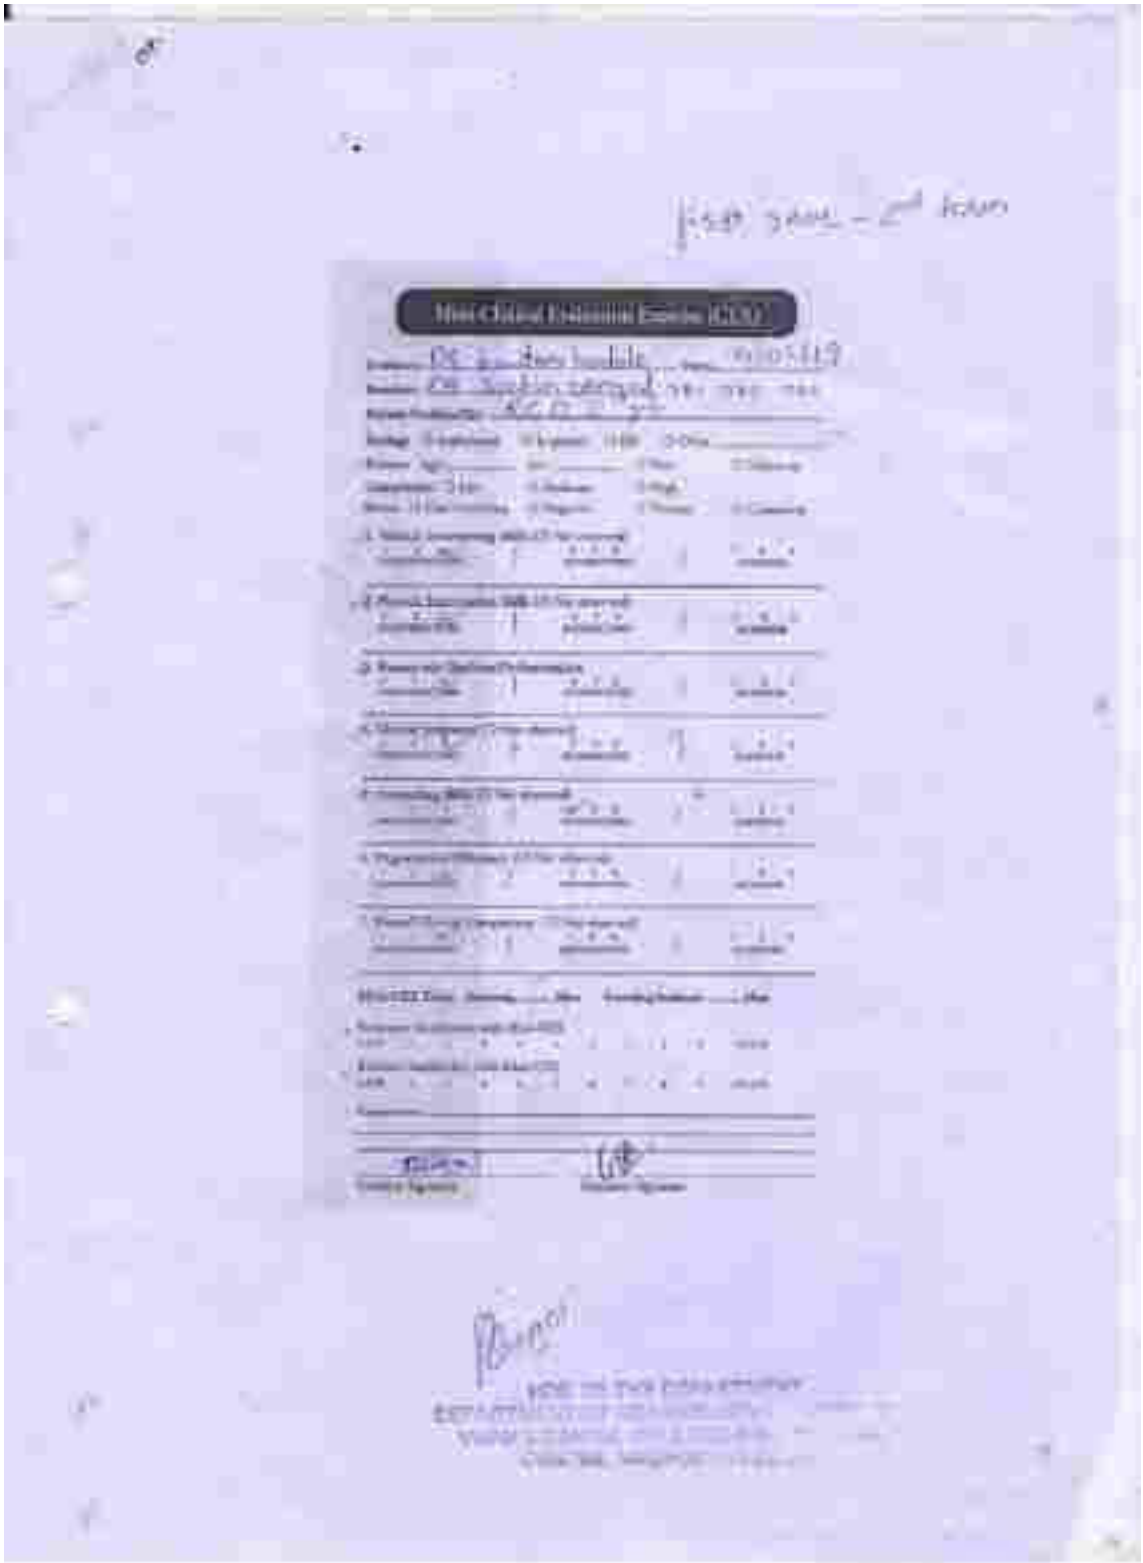

a. Anterior #4 (each eg 2)

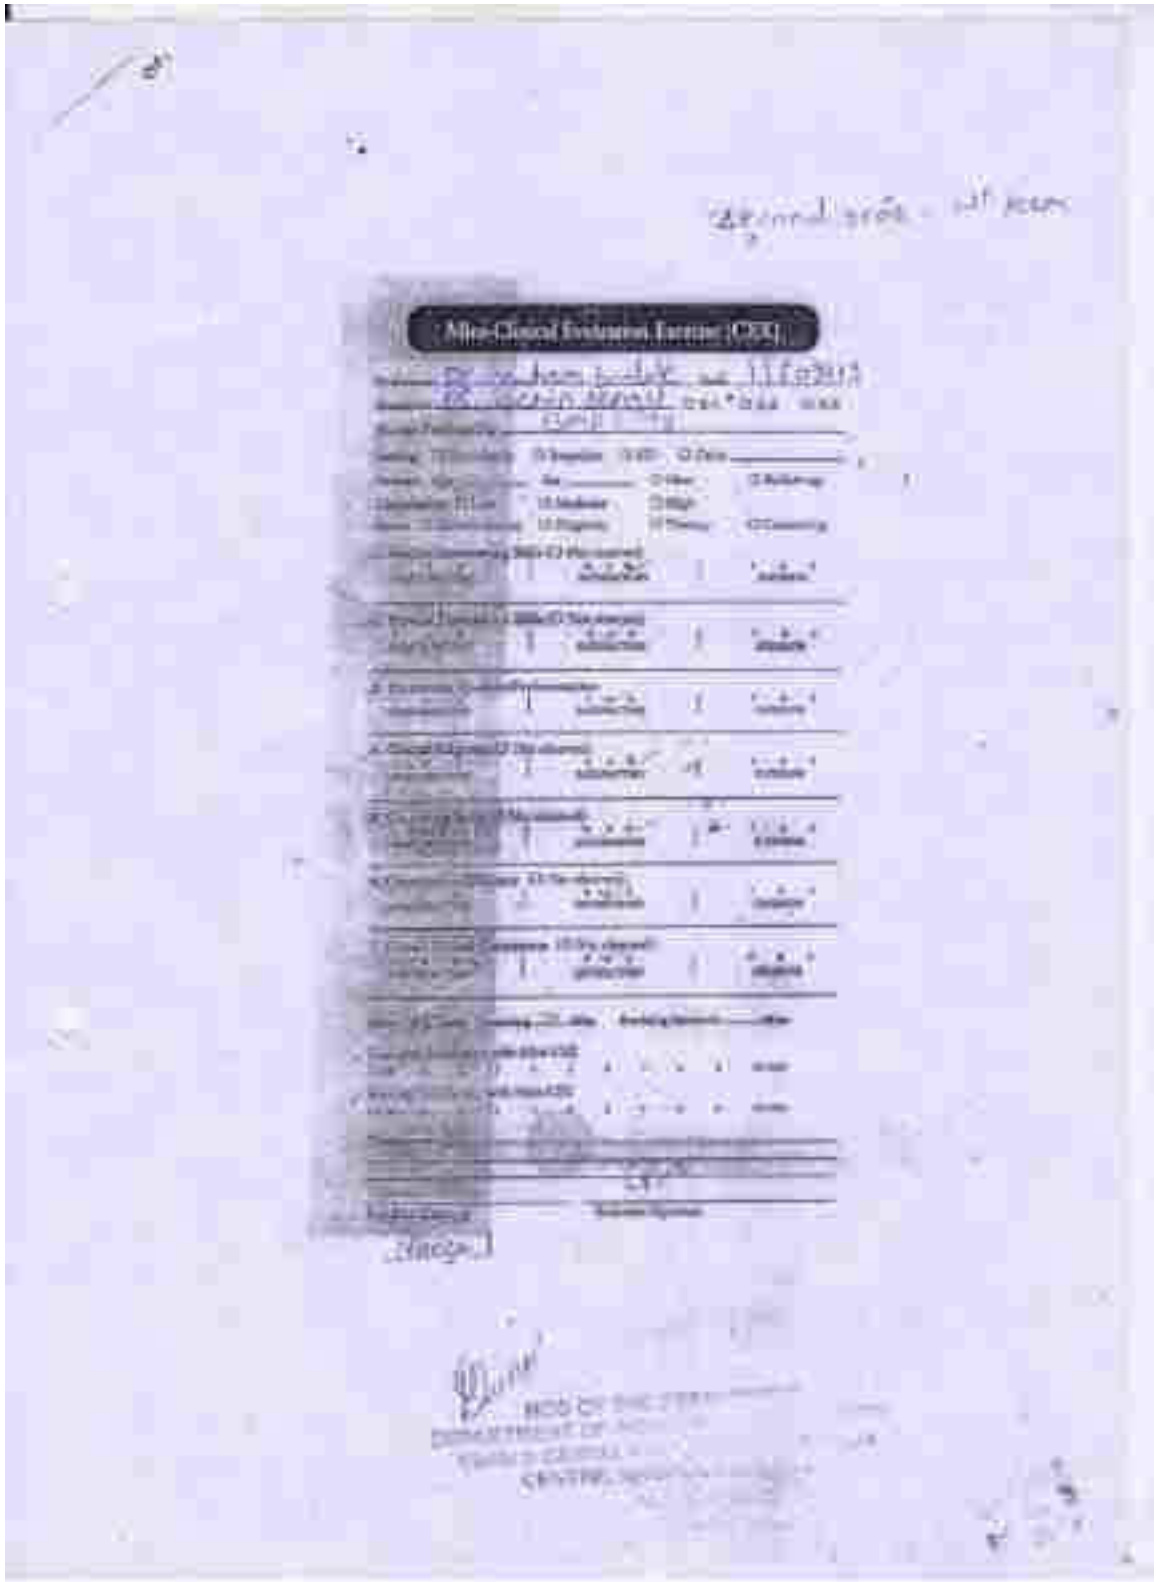

b. Posterior #3 (each eg 2)

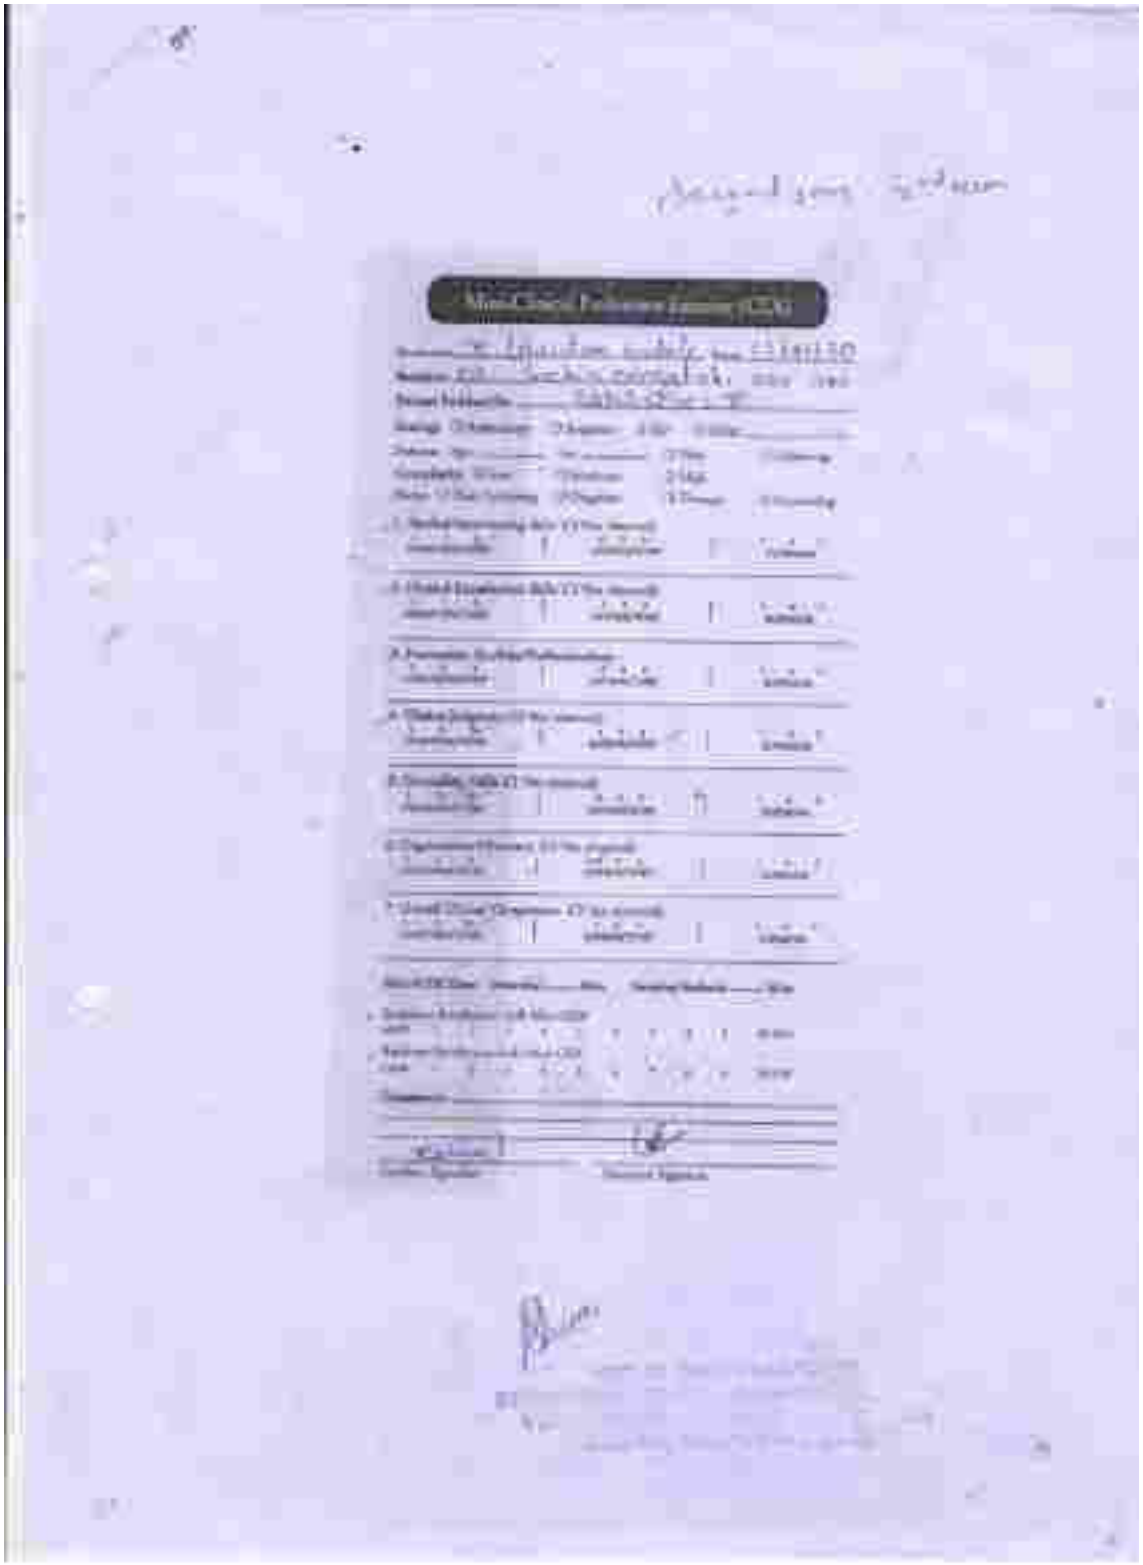

3. Removable dies #4 Nos
