

Prosthodon 2019 on Maxillofacial Prosthodontics held

Staff Reporter

DEPARTMENT of Prosthodontics at VSPM Dental College and Research Centre had organised a two-days conference on 'Maxillofacial Prosthodontics - Building competencies to enhance outcomes in collaboration with the Indian Prosthodontists Society (IPS) Nagpur branch.

Dr. Mrunal Phatak, Dean, Academics, All India Institute of Medical Sciences (AIIMS), Nagpur inaugurated the conference. She urged students to take maximum benefit of the opportunity and wished the best for the success of the conference. Ranjit Deshmukh, Chairman, VSPM AHE was the guest of honour. Conference included one day hands-on workshops in fabrication of orbital and auricular prostheses in which the post graduate students were given hands on training in fabricating these pros-

Dr. Mrunal Phatak and other dignitaries releasing the souvenir.

theses. The mentors for the hands-on workshops were Dr. Satyabodh Guttal from SDM Dental College, Dharwad and Dr. Manju V. from Amrita Institute of Medical Sciences, Kochi respectively. Dr. Saumyendra Singh from KGMU, Lucknow also guided students.

Highlight of the lecture series was a live talk by Dr. Mahmoud Elbashi from Tokyo Medical University, Japan who addressed the gathering on 'Digitalization in Maxillofacial Prosthodontics'. Postgraduate students presented scientific papers and the best papers were given awards. With a vision to provide quality service to patients and to spread awareness about maxillofacial rehabilitation, 'PRAYAAS' was started in 2016. The centre is on the path of becoming a 'Centre of Excellence' for maxillofacial rehabilitation in the region with collaborations with RST cancer institute and

VNT. On the occasion a Souvenir was released depicting the 'ourney of 'Prayaas', clinical cases and researches published with conference proceedings of Prosthodon -2019.

Dean, VSPM DCRC, Dr. Usha Radke, Organizing Chairman, welcomed all the delegates and addressed the students regarding the significance of Prosthodontic rehabilitation for patients who have lost some or all teeth and maxillofacial structures due to cancer, developmental anomalies or trauma.

Dr. Neelam Pande, was the Organising Secretary. Dr. Saeed Deshmukh and Dr. Rajlakshmi Banerjee were the scientific conveners for the conference. Dr. Tushar Mowade, Dr. Anuj Chandak, Dr. Jayshree Joshi, Dr. Akhil Rathi, Dr. Priti Jaiswal, Dr. Shraddha Sahni, Dr. Rupesh Vaidya, Dr. Jaishree Chahande and Dr. Anita Nahar worked hard to make the conference successful.

International day of older person:

2

Department of Prosthodontics and Department of Oral and Maxillofacial Surgery at VSPM dental college and Research Centre had organized programme on "Prosthetic and Surgical implication in geriatric patient" on the occasion of International day of older person on 1st October 2018.

Oral health is not separate from general health, but maintaining oral health is definitely difficult and different in old age. Even though, few elderly have physical and mental situation that call for particular interest in the dental workplace. In order to achieve health, it is necessary to know few aspects of old age. Thus, planning treatment for the senior dental patient includes an understanding of the chronic disease the patient lives with daily, as this play a critical role in acceptance and success of the dental treatment plans.

Dr Rajlakshmi Banerjee from Department of Prosthodontics told the Prosthodontic consideration in geriatric patient and Dr Neelam Pande urged the patients to take proper nutrition in their older age. Dr Pranav Ingole and Dr Nilima Buddharaja told the surgical consideration in geriatric patients.

POST AND CORE-LETS LAY THE FOUNDATION BY Dr.HARPREET SINGH [2018]

CDE ON-- 4/9/2018

A CDE on post and core restorations was organised by Department of Conservative Dentistry and Endodontics, V.S.P.M. Dental College and Hospital Nagpur on 4th September 2018.

It was conducted in the Seminar Room where the lecture was given by Dr. Harpeet Singh, our coveted chief guest lecturer.

It involved concepts on post and core systems and he highlighted restoration of mutilated teeth by showing his clinical cases .It was followed by hands on workshop which involved post space preparation and fibre post cementation on extracted teeth.

A total of 74 participants were seen in the lecture and 15 post graduates participated in the hands on workshop.

Tobacco Deaddiction –A Psychological Approach”- World No Tobacco Day.

Brief Report – On the occasion of World No Tobacco Day, the department of Oral Medicine and Radiology, VSPM'S Dental college, had organized a Guest lecture on 'Tobacco Deaddiction – A Psychological approach' by an eminent psychiatrist Dr.Rajesh Rathi. Dr.Mukta Motwani, the head of the department, welcomed the speaker, followed by a brief speech on Tobacco deaddiction by Dr.Usha Radke ,Dean of the institute.

Dr.Rathi explained in detail the hazards of consuming tobacco in any form and its use in counselling the patient to quit the habit. He also emphasized on the role of personal attention to every patient to assess the level of motivation which would lead to systematic counseling. The lecture received an overwhelming response from the staff members, post graduate students and Interns who attended the program in large numbers. The session was very interactive and the audience was appreciative of the programme.

The programme was planned and executed by Dr. Mukta Motwani with her team of staff members which included Dr.Apeksha Balpande, Dr.Tapasya Karemore, Dr.Anurag Choudhary, Dr.Smriti Golhar and Dr. Apurva Mohite. All the departmental post graduate students also contributed to the success of the programme.

'Injection model' to ease job of dental students

Patients To Get Optimal Relief From Pain

Abha Desai
@Anandmagazine

Nagpur: Unlike other branches of medicine, students of dentistry are required to go to clinics and work on patients from the time they start school. They are expected to get patients and extract teeth using their hands.

To help them overcome psycho motor skills and build their confidence, vice-chancellor VSPM Dental College Dr. Ramakrishna Sharma and lecturer Dr. Nitima Bhatnagar have built an 'injection model' that allows students to practise before-hand so that the patient has optimal pain relief with minimum side effects.

"The synthetic skull is fitted with LEDs in its centre. When the metallic syringe is placed at the right point where the solution needs to be deposited, it completes the electrical circuit and the bulb placed in the centre of the skull lights up. The model allows students to work on maxillary and mandibular nerve blocks for local anaesthesia and on extraction teeth.

The model was presented to nearly 250 students at a

The model was presented to nearly 250 students at a continuing medical education programme at VSPM Dental College.

continuing medical education (CME) programme on local anaesthesia organised jointly by the department of oral maxillofacial surgery, VSPM Dental College and Central India Academy of Oral Maxillofacial Surgeons (CIAOMS) on Thursday.

"Before extracting teeth, the students should know the exact part where they should place the extraction force. Where they place it at the right spot, the circuit will light up. Placing the elevator at the wrong spot might break the tooth. If the injection does not go into the right anatomic area, there could be a chance of transient temporary paralysis," said Dr Sharma.

He said, "The local anaesthetic agent will not be able to differentiate to affect the motor or sensory nerves. It may block all nerves. There is a chance that someone may be responsible for fa-

cial expressions that may get temporarily uncomfortable, but it is a reversible thing."

The model was initially created with a view to a university programme called Anesthik, organised by Maharashtra University of Health Sciences. "We were constantly trying to improve on the model. We added the extraction part, and at a later stage we are trying to embed a mechanism which would signal one to stop during performing a root canal. That is yet to be finalised," Dr Sharma added.

First year junior resident Dr. Jayesh Rajguru, who demonstrated the model to students on Thursday last said, "We wanted to give an idea to the students of BDS - third year, final year and interns - about the right anatomical site where the local anaesthetic solution should be deposited."

Report on Oral Hygiene Day

Department of Periodontology and Implantology of VSPM Dental College and Research Centre, Nagpur celebrated The Oral Hygiene Day on August 1, 2018 in the memory of Late Prof. Dr. G. B. Shankwalkar. The programme was conducted in the Pride hall and was initiated by lightening of the lamp by the hands of Dean, Dr. Usha Radke, Vice-Dean Dr. Ramakrishna Sheno, Prof. Dr. Rajashri Kolte. The programme was then preceeded by two informative lectures on-

1. "Dental Plaque and Mouthwash" by Dr. Dhawal Mody.
2. "Oral Biofilm" by Dr. Rajashri Kolte.

Both the lectures were attended by large numbers of 120 interns and staff members of VSPM Dental College and Research Centre, Nagpur. The programme was concluded with the vote of thanks given by Dr. Tushar Shirrao.

Day 1 – December 10, 2018

Time	Topic	Method	Facilitators
0930 -1000	Registration and breakfast		
1000 -1030	Pretest		
1030 - 1045	L1: Objectives of workshop	L	Dr. Maneesha Kothekar Dr. Arvind Kushwaha
1045- 1130	L2: Introduction to research methodology	L	Dr. Arvind Kushwaha Dr. Arvind Kushwaha
1130-1145	Tea Break		
1145 -1230	L3: Framing Research question, hypothesis	L	Dr. Arvind Kushwaha Dr. Arvind Kushwaha
1230-1315	GA 1: Each group will 1. Select one research topic 2. Assess topic on FINER criteria 3. Present the research question for the topic & mention type of research question. 4. Mention the population 5. Mention the variables 6. Mention the hypothesis (if any) Mention the type of hypothesis	GA	AIMS
1315-1345	Lunch		
1345-1430	L4: Classification of study designs : Descriptive study designs	L	Dr. Sushma Thakare
1430-1500	GA 2: Issues in descriptive studies. -Research question -Population types -Sampling and sample size -Measurements -Bias in descriptive studies- selection bias & measurement bias -Ethical issues - Analysis: Hypothesis generation	GA	Dr. Sushma Thakare Prv. Anita Gondia
1500-1545	LD1: Faculty member would present & discuss two published studies -Research question -Population types -Sampling and sample size -Measurements -Bias in descriptive studies- selection bias & measurement bias -Ethical issues - Analysis: Hypothesis generation	LD	Dr. Sushma Thakare
1545-1630	L5: Case control studies	L	Dr. Ajeet Saoji
1630-1730	GA 3: Issues in case control/ cohort studies. -Research question -Population types -Sampling and sample size - Sources & selection of cases & controls/comparison -Measurement of exposure -Bias in case control studies- selection, measurement, confounding- matching - Analysis: statistical testing, odds ratio, RR, AR, multivariate analysis	GA	Dr. Ajeet Saoji
1730- 1745	Feedback Forms

CONTINUED DENTAL EDUCATION PROGRAM – “PAINLESS TO PAINFREE DENTISTRY”

Local CDE program on topic “Painless to Painfree Dentistry” was conducted at Pride hall VSPMDCRC on 14th January 2019. Dr. Yusuf Chunawala a renowned pedodontist from Pune who specializes in pediatric and preventive dentistry practice and heads a department at the MA Rangoonwala college. Many recent advanced techniques in dentistry were introduced and new perspective in dental practice management were highlighted. New innovative concepts like fresh breath clinics and smile designing were introduced. Program ended with a brainstorming interactive session. Over 40 delegates including staff members, post graduate students and interns enjoyed the refreshing session.

PRE-CONFERENCE COURSES OF 40TH ISPPD CONFERENCE

The 40th national conference of Indian society of pediatric and preventive dentistry was held in Nagpur on 24th oct to 26th oct 2018. The pre-conference courses were conducted on 23rd oct 2018 at V.S.P.M Dental college and research centre.

Dignitaries present at the program were Dr Halaswamy Kambalimath; hon. Secretary ISPPD, Dr Usha Radke, Dean of VSPM Dental college and research centre, Dr Ramakrishna Shenoji Vice Dean, Dr Devendra Nagpal professor and head of department of pediatric and preventive dentistry.

Welcome address was delivered by Dr Nagpal. Dr Kamblimath welcomed the guest speakers of the pre-conference courses with token of appreciation. He gave a brief introduction about the topics of pre-conference courses.

Speakers of the courses were Dr Prasad Musale Dr Dayanand shiroli for micro-endodontics in pediatric dentistry, Dr Rohan Bhatt for Pedofunda -The game of crowns and Dr Akash Akinwar for Clicks - Mobile Dental Photography.

42 delegates were registered for microendodontics course, 50 delegates were registered for Pedofunda and 20 for mobile dental photography courses. All the courses were interactive sessions with hands-on workshops. A live patient demonstration was done in microendodontics course.

Materials required for pedofunda course were provided by signature crowns, equipments for microendodontics course were provided by Crident pvt lmt, gurmukh traders and RP agencies. The courses concluded with a vote of thanks and distribution of certificates to the delegates.

DEPARTMENT OF ORAL AND MAXILLOFACIAL PATHOLOGY
REPORT OF SCIENTIFIC EVENT

CDE- Slide Seminar

Date – 2nd March 2019

Time - 9:30am – 3:30pm

The programme was conducted on 2nd March 2019 from 9:30am – 3:30pm in Pride Hall (Frist Floor) Annx. Building. The speaker of CDE slide seminar was Dr Abhinav Deshpande.

The slide seminar was conducted by Department of Oral and Maxillofacial Pathology VSPM DCRC, where all the PGs from different colleges gathered to discuss different case related to oral pathology.

Objectives of slide seminar programme were to explore topics in more depth, share ideas that will advance our thinking, learn from other's experience and knowledge, gain prespectives and point of view, develop ability to seek clarification.

The session was sucesfull and attended by 45 delegates from VSPM DCRC Nagpur, GDC Nagpur, SPDC Wardha.

3D Printing: Advanced tool for Medical and Dental:

0

2018

Department of Prosthodontic and crown and bridge at VSPM Dental college and Research Centre had organized guest lecture on "3D Printing: Advanced tool for Medical and Dental" on 11th January 2018

From its humble beginnings in the late 1980s, through to the global force that it is today, the capabilities of 3D printing technology have expanded dramatically, to establish itself as an attractive manufacturing solution for prototyping and production. Conferring advantages such as shorter lead times, reduced waste and opportunity for mass customisation, the potential of 3D printing was quickly realised and has gone from strength to strength since. One of the key industries to have successfully leveraged these advantages is the medical and dental industry.

Mr. Abhijit Raut, Professor, Department of Mechanical Engineering, G.H. Raisoni College of Engineering, Nagpur had shared the knowledge about 3D printing and their uses in dentistry and medical field.

Occlusion, TMD and role of dentist:

Department of prosthodontics and crown and bridge at VSPM Dental college and Research Centre had organized Programme on Occlusion, TMD and role of dentist on 12/01/18.

The relationship between Dental occlusion and temporomandibular disorders (TMD) is still a controversial topic in dentistry. These disorder affects the temporomandibular joints (TMJ), the jaw muscles and/or the related structures. To understand this controversy, Dr prafulla thumati was given a lecture on how occlusion affects TMD. He told details about treatment plan also in such cases. The event grabbed attention of around 50 students and also faculties. Dr Akhil Rathi, Dr Jayshree Chahande and all post graduate students made event successful with enthusiastic participants.

Digital implantology

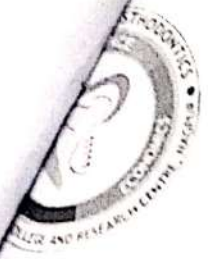

When science joins hands with technology:

Department of Prosthodontic at VSPM Dental College and Research Centre had organized one day CDE Programme on "Digital Implantology" in collaboration with Indian Prosthodontic Society (IPS) Nagpur branch on 12th February 2018.

Implant Dentistry has become the fastest emergency field in clinical practice today. In depth know how of the benefit of using different digital aids to perform accurate diagnostics, treatment planning is the key for success. This CDE is about newest digital navigation implant survey through 3D computer simulation surgery, flapless implant placement with minimal pain. Indication range from single to multiple unit restoration.

Dr Neeta Shetty, associate director-training and sales for digital India, worked for noble BioCare, DENTSPLY Sirona along with Dr Anuj Chandak, Senior lecturer at VSPMDCRC, Nagpur. Both of them told about digital implantology key points.

ADVANCED ENDODONTIC WORKSHOP BY DR.VIVEK HEGADE -18 -20TH JAN 2018

The department of Conservative Dentistry and Endodontics, V.S.P.M. Dental College and Research Centre, Nagpur had organized a three days workshop on "Advanced Endodontics" on 18th, 19th, 20th January 2018.

The inaugural ceremony was held at 'PRIDE' Dental Annex building at 10:00 am in the presence of guest speaker Dr. Vivek Hegde, Dean Dr. Usha Radke, Vice Dean Dr. S.R. Shenoi, H.O.D. Dr. Pratima Shenoi and staff members.

Total 11 participants had registered for the lectures and hands on workshop. The program commenced after breakfast at 10:30 am. The course included extensive hands on experience under Dental Operating Microscope along with comprehensive lecture modules by Dr. Vivek Hegde.

The first session included orientation to magnification along with hands on workshop on advanced obturation techniques. The second session covered the application of ultrasonics for access cavity refinement and included insights on simple retreatment. Further, on the third day, the lectures and hands on workshops was conducted on broken instrument retrieval along with perforation repair.

All the participants were provided with complimentary instruments.

The program was concluded by distribution of mementos and certificates.

रूट कैनाल की अत्याधुनिक तकनीक से कराया रू-ब-रू

नागपुर। 12 फरवरी। लीस सेवा

वीएसपीएम डेंटल कॉलेज एंड रिसर्च सेंटर के कंजरवेटिव डेंटिस्ट्री एंड एंडोडॉन्टिक्स विभाग की ओर से तीन दिवसीय एडवांस एंडोडॉन्टिक्स विषयक प्रशिक्षण कार्यशाला का आयोजन किया गया। रविवार को देश के प्रसिद्ध एंडोडॉन्टिक्स डॉ. विवेक हेगड़े ने रूट कैनाल के अत्याधुनिक उपचार पद्धति से युवा चिकित्सकों को रू-ब-रू कराया।

थामॉ फ्लास्टोसाइज्ड ऑप्टियुरेशन, पुनरुपचार पद्धति के बारे में उन्होंने विस्तार से जानकारी दी। रूट कैनाल में अल्ट्रासोनिक तकनीक का उपयोग किया जा रहा है। यह मरीजों के लिए फायदेमंद साबित हो रहा है। डॉ. हेगड़े पुणे के एम.ए. संगुनवाला कॉलेज ऑफ डेंटल कॉलेज साइंस एंड रिसर्च के उपप्राचार्य भी हैं। कार्यशाला के लिए पूरे मध्यभारत से प्रतिनिधि आए हुए हैं। विभाग की तरफ से मार्च 2016 में ट्रेनिंग सेंटर शुरू किया गया। यह दूसरी कार्यशाला है। तीन दिनों तक चलने वाली इस कार्यशाला में व्याख्यान व प्राल्यक्षिक का

कार्यशाला के दौरान डॉ. विवेक हेगड़े मार्गदर्शन करते हुए।

आयोजन भी किया जाएगा। डेंटल ऑपरेटिंग माइक्रोस्कोप की महत्ता समझाई जाएगी।

इस माइक्रोस्कोप ने उपचार की प्रक्रिया को आसान और प्रभावी बना दिया है। वीएसपीएम के सचिव डॉ. अमोल देशमुख का उद्देश्य बेहतर और उच्च शिक्षा का प्रसार करना है। इसी क्रम में कार्यशाला का आयोजन किया जा रहा है। इस दौरान डॉ. रामकृष्ण शेर्नाय विशेष रूप से उपस्थित थे।

DEPARTMENT OF ORTHODONTICS AND DENTOFACIAL ORTHOPEDICS

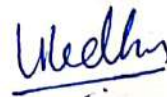

PRE-SURGICAL PLANNING FOR ORTHOGNATHIC SURGERY

REPORT

The department of Orthodontics and Dentofacial Orthopedics organized a CDE "Pre-surgical planning for Orthognathic Surgeries." on 28th and 29th August 2017. Renowned Orthodontist and Craniomaxillofacial surgeon Dr. Sherry Peter BDS, MDS Orthodontics (A.B. Shetty Dental college), MBBS, FRCS RCS (Edinburgh) was the guest speaker on this occasion. The program received an overwhelming response. It was attended by eminent Orthodontists, practicing Oral surgeons and nearly 67 post graduate students from various parts of central India.

Dr. Peter mesmerized the audience with his lecture on presurgical planning for Orthognathic surgeries. The plethora of surgical cases shown by Dr. Peter helped surgeons as well as Orthodontists understand the concepts of pre- surgical planning. The lecture was followed by a demonstration of facebow transfer, mounting and mock surgery.

The formal vote of thanks was proposed by Dr. Sujoy Banerjee.

DEPARTMENT OF ORTHODONTICS AND DENTOFACIAL ORTHOPEDICS**LABORATORY TECHNIQUES FOR TWIN BLOCK****REPORT**

A CDE program was conducted by the dept. of Orthodontics on the topic "Laboratory techniques for Twin block" on 16th March 2018. DR. Mugdha Mankar, Associate Professor Dept. of Orthodontics, SDKS Dental College, Nagpur was the guest speaker for the same. The lecture was attended by more than 25 post graduate students.

Students were deeply interested in learning this topic as it is a very relevant topic from exam point of view. The lecture was followed by a demonstration for fabrication of twin block in heat cure acrylic. Students were able to see the procedure from beginning till the end.

The Formal vote of thanks was proposed by Dr. Himija Karia.

SUMMARY REPORT

10. Basics of Oral Malignancy on occasion of World Head and Neck Cancer Day , 27th
July 2017, VSPM's DCRC, Nagpur, 3rd March 2017

The Department had organized a program to mark World Head and Neck Cancer Day for budding dentists and practitioners on how to do screening and early detection of Oral; Cancer. Dr Pranav Ingole , maxillofacial and head and neck cancer, stressed on taking biopsy for suspicious lesions in early stage. Dr Nilima Agrawal guided the delegates on pre-cancerous lesions and tobacco and areca nut carcinogenesis.

Report on Oral Hygiene Day

Department of Periodontology and Implantology of VSPM Dental College and Research Centre, Nagpur celebrated The Oral Hygiene Day on August 1, 2017 in the memory of Late Prof. Dr. G. B. Shukswalkar. The programme was conducted in the Frisk hall and was initiated by lightening of the lamp by the hands of Dean, Dr. Usha Radke, Vice-Dean Dr. Ramakrishna Shenoi, Prof. Dr. Rajashri Kothle. The programme was then preceded by two informative lectures on-

1. "Modern Day Approaches in Oral Hygiene" by Dr. Tony Shori.
2. "Periodontics Beyond Prophylaxis" by Dr. Vishal Kher.

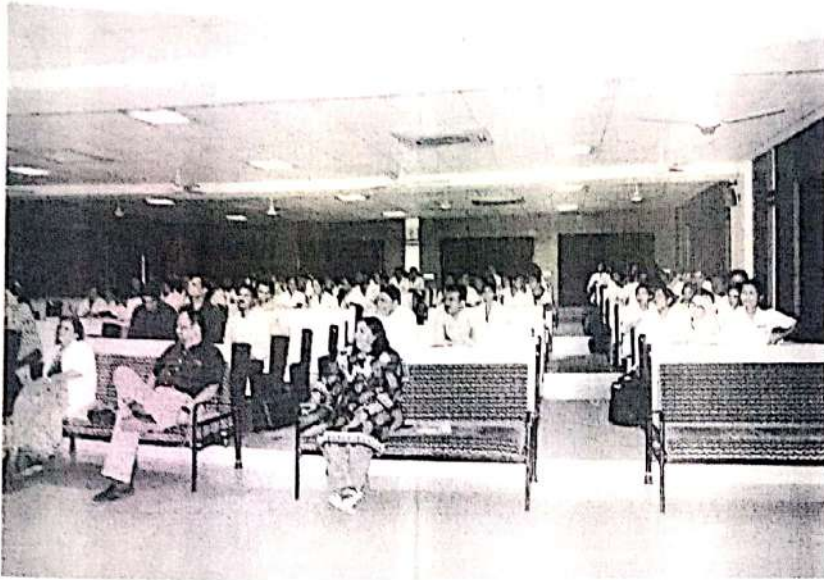

Both the lectures were attended by large numbers of 120 interns and staff members of VSPM Dental College and Research Centre, Nagpur. The programme was concluded with the vote of thanks given by Dr. Tushar Shirao.

Dental photography workshop at VSPM dental college and research centre, Nagpur

Photographs are symbolic of memories and with the advent of digital photography it has become easier to collect them in a mere second. Digital photography has today, quite sure, penetrated into all segments of life, providing new facts and perceptions in the field of science, medicine, industry, fashion, arts and dentistry as well.

The department of pediatric and preventive dentistry, VSPMDCRC conducted a one day workshop on dental photography on 19th April 2018. Dr. Mayur Davda who heads the Dental Photography School, Mumbai along with Dr. Devendra Nagpal, Professor in the department with more than 10 years' experience in photography were the resource faculties for the event. The program was inaugurated by Dean, Dr. Usha Radke Madam who emphasized the importance of photography in all specializations of dentistry. The workshop included lectures and demonstrations with DSLR cameras for the participants. Participants had the opportunity to interact with the speakers and take extra oral and intra oral pictures alongside. The program was well received and attended by over 40 delegates including staff members, post graduate students and interns who graduated from mobile photography to DSLR lens with confidence. As rightly said, "A picture says more than a thousand words", the workshop definitely enhanced participants skills necessary to incorporate high quality standardised digital photography to everyday dental practice. The staff members and postgraduate students worked hard for the success of the event.

ISP COLLOQUIUM

Report

Department of Periodontology and Implantology of VSPM Dental College and Research Centre, Nagpur organized ISP Colloquium on 23rd and 24th September 2017 bringing together experts in the field of Periodontology. The programme was conducted in the Pride hall and was initiated by lightening of the lamp by the hands of Hon'ble Shri. Ranjit Babu Deshmukh, Dean, Dr. Usha Radke, Vice-Dean Dr. Ramakrishna Shenoi, Prof. Dr. Abhay Kolte and, Prof. Dr. Nitin Dani. The programme constituted of lectures by our very own able and erudite speakers. The speakers enlightened on the technological aspects of Periodontics involving piezoelectric surgeries and surgically accelerated orthodontics besides throwing light on varied aspects of Periodontics and Implantology. The programme culminated by distribution of mementos and certificates to the speakers. The vote of thanks was given by Dr. Mangesh Phadnaik thanking all for being wonderful and a cooperative audience. Around 150 delegates participated in the scientific deliberations.

“Tooth Preparation from margin to occlusion .”

CDE program conducted on “ Tooth Preparation from margin to occlusion .” on 07/04/2017 in Pride hall vspm dental college Nagpur program included guest speaker Dr.Moiz Khakiani
Tooth preparation is the mechanical treatment of dental disease or injury to hard tissue that restores a tooth to the original form. To replacing lost tooth structure , a restoration must preserve remaining tooth structure. As the tooth morphology varies and the tooth preparation technique holds importance there the expertise reflected on the different. Hands on session made it even more interesting and knowledgeable .The event grabed attention of around 50 students and also faculties.

REPORT OF CDE PROGRAMME HELD ON 12-14/02/2017

The Department of Conservative Dentistry and Endodontics, VSPM's Dental College and Research Centre had organized Workshop on "Advanced Endodontics" on 12/02/2017 - 14/02/2017. A total number of 10 delegates attended the workshop. The program commenced with registration and breakfast followed by inauguration ceremony. The guest speaker Dr. Vivek Hegde was felicitated at the end of the workshop. Two days advanced endodontic workshop on microscope helped participants in improving their daily clinical practice under microscope.

दुर्बिणीद्वारे अचूक रूट कॅनल

आरोग्यदायी जीवनासाठी दातांचे आरोग्य मोलाचे

सकाळ वृत्तसेवा

नागपूर, ता. १८ : दात हे केवळ चेहऱ्याच्या सौंदर्यासाठी नाहीत, तर शरीराच्या आरोग्यात दातांची भूमिका मोलाची आहे. पचनशक्तीमध्ये ६० टक्के वाटा दातांचा आहे. तर, पुढे पोटाचे आजार सांभाळण्यात दातांचे योगदान असते. यामुळेच दातांच्या आतील नाजूक भागाला जपताना 'पल्प'ला इजा होऊ नये. पल्पला इजा झाल्यास रूट कॅनल हा पर्याय आहे. पूर्वी रूट कॅनलसाठी महिना-दोन महिने उपचार सुरू राहायचे. मात्र, आता दुर्बिणीच्या (मायक्रोस्कोप) सहाय्याने दातांच्या मुळाशी खालपर्यंत अचूक निदान करीत वेदनामुक्त उपचार करता येतात अशी माहिती एम. ए. रंगुनवाला कॉलेज ऑफ डेंटल सायन्सेसचे उपअधिष्ठाता डॉ. विवेक हेगडे यांनी दिली.

माहिती व तंत्रज्ञान क्षेत्राचा झपाट्याने विकास होत आहे. मात्र, या तंत्रज्ञानाचा फायदा वापर होताना दिसत नाही. आजही दंतचिकित्सा अभ्यासक्रमात जुन्याच पद्धतीने

डॉ. प्रतिमा शेताय व डॉ. विवेक हेगडे.

पुस्तकातून अभ्यास करतात. यामुळे आजच्या काळाची गरज ओळखून आधुनिक उपचार पद्धतीच्या 'अंडोकाय्म इन्डोडोन्टिक्झ' या विपदावर विद्यार्थ्यांना प्रशिक्षण देण्यासाठी नागपूरच्या व्हायसचान्सेलर दंत महाविद्यालयात आले असता, त्यांनी संवाद साधला. डॉ. हेगडे म्हणाले, दातांना कीट लागल्यामुळे पल्पला सर्वाधिकवेळा इजा पोहोचते. त्या व्यतिरिक्त दाताला फ्रॅक्चर झाले किंवा मार लागल्यामुळे इजा पोहोचते. संसर्ग झाल्यानंतर ही कीट डेंटलपर्यंत पुढे सरकते. यानंतर मांसल पल्पपर्यंत पोहोचते. तिथून जवळपासच्या हाडापर्यंत पोहोचून आस्टिओपेरोस्टीस होऊ शकतो.

हा संसर्ग तोंडाच्या वाटेने सर्वत्र पसरतो. मानेपर्यंत जाऊ शकतो. रक्तचिंतप्रसंगी मुळाच्या टोकापर्यंत पोहोचलेले जीवाणू, रक्तावाटे हृदयापर्यंत वा मेंदूपर्यंत जाण्याची जोखीम असते. याला रूट कॅनल उपचार पद्धतीने टाळता येते.

रूट कॅनल इलाजाचा तोंडा तर कार्हीच नसतो, कारण या उपचाराने खूप किडलेली, मुळापर्यंत जंतुसंसर्ग झालेली दाढ वा दात वाचवला जातो. त्यामुळे झालाच तर नैसर्गिक दात वा दाढ टिकण्याचा फायदाच होतो. रूट कॅनल उपचारात कुठला धोकाही नसतो. अगदी योग्य ती काळजी घेण्यासाठीच तंत्रज्ञानाचा वापर करता येते. पूर्वीच्या तुलनेत आता

रुग्णाला कमी त्रास होईल, अशा पद्धतीने दंतचिकित्सा विज्ञानात आधुनिक उपकरणे तयार करण्यात आली आहेत. एक्सरेमध्ये जी दातांची कीड दिसत नाही, ती दुर्बिणीतून सहज दिसतात. या मदतीने रूट कॅनल करण्यासाठी कमी वेळ व रुग्णालादेखील त्रास होत नाही. रूट कॅनल या आधुनिक पद्धतीने दातांपासून व्यथित असणारा रुग्ण समाधानी होतो. यामुळे नव्या दमाच्या दंतचिकित्सकांनी रूट कॅनलसाठी बरदान ठरलेल्या उपचाराचे प्रशिक्षण घेणे आवश्यक आहे. - डॉ. विवेक हेगडे, उपअधिष्ठाता, एम. ए. रंगुनवाला कॉलेज ऑफ डेंटल सायन्सेस

दुर्बिणीद्वारे रूट कॅनल निदानातून सहज इलाज करून दात वा दाढ वाचवता येते. आजकाल उपलब्ध असलेल्या आधुनिक सर्जिकल साहित्याच्या सहाय्याने रूट कॅनल इलाज एका व्हिजिटमध्येही करता येतात. परंतु, दोन वा प्रसंगी तीन व्हिजिटमध्ये रूट कॅनल करणे सोयीचे आहे. या वेळी प्राचार्य डॉ. प्रतिमा शेताय यांची उपस्थिती होती.

सेंद्रिय भाजीचे वितरण उद्या

नागपूर, ता. १८ : मैत्री परिवार संस्था व प्रसिद्ध शेफ विष्णू मनोहर यांच्या वतीने शनिवारी (ता.१०) एक हजार किलोच्या सेंद्रिय भाजीचे वितरण केले जाणार आहे.

वजाजनगर येथील विष्णूजी की रसोईमध्ये कुपण पद्धतीने हे वितरण केले जाणार आहे. आतापर्यंत सतर टक्के लोकांनी कुपण प्राप्त केले आहेत. शनिवारी सकाळी ११ वाजता केंद्रीय रस्ते व भूधर वाहतूकमंत्री

नितोम गटवरी यांच्या हस्ते उपक्रमाचे उद्घाटन होईल. या वेळी कांचन गटवरी, गिरीश गांधी, शेतकरी नेते विजय जावंभिया, प्रशांत पवार, रोहिणी भालेराव यांचे उपस्थिती असते. या उपक्रमासाठी आठशे किलो सामग्री लागणार असून, नागपूर व आसपासच्या गावातून एकत्र आणण्यात आली आहे. अर्थातकार्ताफे पुढील संपूर्ण चप 'सेंद्रिय वन' म्हणून साजरे केले जाणार आहे.

41st ISP National Conference Report

The **Indian Society of Periodontology**, a legendary society of the dental fraternity witnessed a three day National Conference from 21st to 23rd October, 2016 at Chitnavis Centre, Civil lines, Nagpur. The 41stISP National Conference started off at VSPM DCRC, Hingna Road, on 21st October with several Pre-Conference Courses that ignited and churned the young budding professionals to refine their skills and broaden their horizons of knowledge. The **Pre-Conference Courses** were inaugurated by **Dr. Subhash Bhojar, Chief Guest** and Hon'ble President, Maharashtra State Dental Council and Dean- Faculty of Dentistry, Maharashtra University of Health Sciences, and **Dr. Usha Radke, Guest of Honour** and Dean, VSPM Dental College & Research Centre, Nagpur. The delegates witnessed lectures from many International and National Speakers like Dr. Alain Romanos, Dr. Peter Loomer, Dr. Robert Horowitz, Dr Hemant Purohit, Dr Supriya Kheur, Dr Vinay Hazarey, Dr Vikas Jindal, Dr Shiva Manjunath, Dr Harsh Arya, Dr Rajesh Gaikawad, Dr Om Baghele and Dr. Vijay Deshmukh and participated in as many Hands on courses. This was the first time when such a variety of hands on demonstrations were made available to the delegates. **Shri Ranjit Babu Deshmukh**, Hon'ble Chairman, VSPM Academy of Higher Education was the Presiding Guest and he made it a point to have personal interaction with the faculty and enquire about the details of the sessions. In his message he appreciated the delegates for attending and participating in the Hands on courses as this will enable the participants to provide better health care to their patients and benefit the society on a larger scale.

The **Main conference** was inaugurated in the afternoon at the Dr. Vasant Rao Deshpande Hall at the hands of the **Chief Guest, Dr. Dibyendu Mazumdar**, Hon'ble President, Dental Council of India. Dr Mazumdar in his address congratulated the organizing committee for a well organized conference. He appealed to the young post graduate students to go in for self employment with clinical practices as job opportunities are limited in all the fields. He informed about the steps initiated by the Dental Council of India in limiting the numbers of Dental Colleges and upgrading the existing one in terms of infrastructure and facilities for the patients at subsidized rates. **Guest of Honour, Dr. Subhash Bhojar**, President, Maharashtra State Dental Council, and Dean, Faculty of Dentistry, Maharashtra University of Health Sciences in his address to the delegates gratified his presence and seeing an overwhelming response at the scientific programme, sanctioned 18 credit points to this conference. On behalf of the Vice Chancellor of Maharashtra University of Health Sciences, Nashik, he was happy to collaborate as a knowledge partner for the conference. Dr. Praveen Kudva, Hon'ble

DEAN
VSPM'S Dental College &
Research Centre, Dighdoh Hills,
Hingna Road, Nagpur-440019

President, ISP, Dr. A.R. Pradeep, President Elect, ISP, Dr. BalajiManohar, Hon. Secretary, ISP, Dr. Ramesh Kohad, Conference Secretary, Dr. AbhayKolte, Organising Chairman, Dr. RamareddyYeltiwar, Scientific Chairman, Dr. TusharShriraoOrganising Secretary were the torch bearers for this event. Dr. AbhayKolte welcomed the delegates with great warmth followed by the Presidential address by Dr. Praveen Kudva in which he emphasized on generating awareness amongst the masses about periodontal and gum diseases which are one of the most prevalent diseases. Dr. BalajiManohar presented the annual report and gave a brief description of the activities of the ISP head office. He enlisted some of the novel programs such as Parichay which enables the newly inducted post graduate students, Rapid review for the Exam going post graduate students, Professional enrichment programs for the general dental practitioners and the Teachers training programme which enables the teaching faculty in Periodontology to get accustomed with the effective teaching methodologies. This was followed by a felicitation ceremony to encourage the bright young minds budding in the field.

Later, Dr. Praveen Kudva released the Souvenir for the 41st National Conference, ISP which was presented by Dr. SurekhaRathod followed by the addresses of Dr. Ramesh Kohad, Dr. RamreddyYeltiwar. A Vote of thanks was proposed by Dr. TusharSrirao.

Immediately after the inaugural ceremony, the two most significant orations- **Late Dr. T.M.S. Ginwala Memorial Oration** which was delivered by **Prof. Dr. Alain Romanos** preached about the need of sound bone around implants for the longer life of the implant and how the disease leading to tooth loss tends to eat away the bone that needs to be replenished by bone grafts and when to do what was discussed by him. **Late Dr. G.B. Shankwalkar Memorial Oration** delivered by **Prof. Dr. Peter Loomer** on "Oral and Systemic Connections- Current perspectives" drew a definite correlation between the periodontal and systemic diseases like hypertension, diabetes, cardiac, respiratory, cancer diseases, pre- term low birth weight, explaining how exactly the oral cavity is a mirror of the human body.

The second day of this scientific conference saw paper and poster presentations at the Chtinavis Centre as well as lectures by a galore of eminent speakers and researchers true to their subject. The most exalting session of the day was the "**Point Counterpoint session**" that saw a volley of words over whether to save or replace a tooth. The Dental Technology Exhibition also saw dental professionals swarming in from across the country.

The third day witnessed poster presentations and keynote lectures from distinguished personalities. A consensus session lead by **Prof. Dr. M Faizuddin** moderated the session on

Utkal
DEAN
VSPM'S Dental College &
Research Centre, Digdoh Hills,
Hingna Road, Nagpur-440019

"Pathogenesis of Periodontal Diseases". A brain storming session at the **PERIO QUIZ** kept the baffled delegates high spirited and enthusiastic. Drs Vishal Kher and Bianca Arya were the quiz masters and conducted the proceedings in the most professional way. This was followed by the Valedictory ceremony – where the winners for the best poster and paper were awarded.

The conference with over 1500 delegates was a grand success that fulfilled its purpose of inspiring and edifying the latest advancements giving this branch of Periodontology a leading edge. Drs Mangesh Phadnaik, Girish Bhutada, Vaibhav Karemore, Vishal Kher, Tony Shori, and many others worked hard for the success of the mega event.

मॅक्सिलोफेशियल परिषदेच्या उद्घाटनप्रसंगी स्मरणिकेचे प्रकारान करताना दंत चिकित्सा परिषदेचे अध्यक्ष डा. दिव्येंदू मुजूमदार, डॉ. ह्यूलीओ असेरो, डॉ. मॅनलिओ गॅली, डॉ. रामक्रिष्ण शेणॉय, डॉ. अभय दातारकर व इतर.

लोकमत न्यूज नेटवर्क

नागपूर : जगभरातील सर्व देशांमध्ये दातांशी संबंधित अद्ययावत तंत्रज्ञान उपलब्ध होत आहे. यात नव्या संशोधनाची भर पडत आहे. या संपूर्ण ज्ञानाचे आदान-प्रदान होत आहे. परिणामी, अद्ययावत उपचारांच्या सुविधा उपलब्ध होत आहेत. यामुळे भविष्यात जगभरातील रुग्णांना एकसमान दातांचे अद्ययावत उपचार उपलब्ध केल्या जाऊ शकतील, असा सूर मॅक्सिलोफेशियल सर्जरीवरील परिषदेच्या उद्घाटनप्रसंगी उपस्थित वक्त्यांचा होता.

असोसिएशन ऑफ ओरल अँड मॅक्सिलोफेशियल सर्जन्स ऑफ इंडियाच्यावतीने तीन दिवसीय 'क्रॅनिओ व मेक्जिलोफेशियल सर्जरी' परिषदेला गुरुवारपासून सुरुवात झाली. उद्घाटन भारतीय दंत चिकित्सा परिषदेचे अध्यक्ष डा. दिव्येंदू मुजूमदार यांच्या हस्ते झाले. यावेळी मॅक्सिलोफेशियल सर्जन्सच्या संघटनेचे आंतरराष्ट्रीय अध्यक्ष प्रा. डॉ. ह्युलीओ असेरो,

अमेरिकेसारखेच भारतातही उपचार

अमेरिकेच्या एका नामांकित विद्यापीठाचे कुलगुरु घाली इलियास घाली म्हणाले की, अमेरिकाएवढेच अद्ययावत उपचार भारतातही होतात. दंत उपचारांला घेऊन दोन देशांची तुलना करणे योग्य नाही. भारतात मुखाच्या कर्करुग्णांची संख्या जास्त आहे. अमेरिकेत इतर दंतरुग्ण जास्त आढळतात. त्यामुळे भौगोलिक गरजेनुरूप संबंधित देशात या क्षेत्राची प्रगती होत आहे.

संघटनेच्या आंतरराष्ट्रीय शैक्षणिक समितीचे प्रमुख प्रा. डॉ. मॅनलिओ गॅली, परिषदेचे आयोजन अध्यक्ष डॉ. रामक्रिष्ण शेणॉय, सचिव डॉ. अभय दातारकर आदी उपस्थित होते. या परिषदेला भारतासह जगातील १३ देशातील प्रतिनिधी सहभागी झाले आहेत.

प्रा. डॉ. ह्युलीओ असेरो म्हणाले, चेहऱ्याच्या विद्रूपतेवर मॅक्सिलोफेशियल सर्जरी करदान ठरली आहे. यासंदर्भात आंतरराष्ट्रीय स्तरावरील युरोप, अमेरिका, जपान, चीन, स्पेन, ब्राझील, भारतासह अनेक देशात बरेच नवनवीन उपचार उपलब्ध आहेत. बहुसंख्य ठिकाणी सुरु असलेल्या संशोधनाचे, कोशल्याचे आदान-प्रदानही होत आहे. या

प्रक्रियेतून सर्व देशांतील दंतरुग्णांना अद्ययावत उपचार भविष्यात मिळेल, असेही ते म्हणाले. प्रा. डॉ. मॅनलिओ गॅली म्हणाले, जगाच्या विविध देशामधील दंत अभ्यासक्रमात एकदाक्यता नाही. यामुळे हे सर्व अभ्यासक्रम अद्ययावत करून ते एकसमान करण्याचे प्रयत्न सुरु आहेत. त्याकरिता जगभरातील मॅक्सिलोफेशियलच्या संघटनांना एकत्र आणण्यात आले आहेत.

या संघटनांना भारतीय दंत परिषदेकडूनही मदत मिळत आहे, असेही ते म्हणाले. या परिषदेच्या आयोजनासाठी डॉ. शेणॉय, डॉ. दातारकर यांच्यासह डॉ. रवी दांडे, डॉ. नीरज खरे, डॉ. मधुमती धावडे, डॉ. आर.एम. बोरले परिश्रम घेत आहेत.

ABOUT THE SPEAKER

Dr. Mugdha Mankar

- BDS from Govt. Dental College and Hospital Nagpur-2006.
- MDS (Orthodontics) from AIIMS New Delhi 2010. Completed post graduate training in Standard Edgewise Technique from AIIMS, New Delhi in Dec 2010.
- Interested in teaching Clinical and Practical Orthodontics to orthodontic graduates.

- Publications include "Precision Multiloop (PM) Design wire preparations"
- Clinical Innovation "Wing Bib Multihelix Maxillary Expander" which also has its patent pending has been applauded by the Orthodontic Society and had achieved fourth place in the most popular article in the journal of IOS, with more than 2000 reads in three months.

Currently working
as Assistant Professor at
S.D.K. Dental College

COURSE OUTLINE

Pre lunch session 9:00am - 10:00am

- Inauguration
- Introduction To Standard Edgewise /Diagnosis/Fundamentals Behind Prescription(part 1)
- Wire Material/Mechanics Of Materials
- Force Systems During Alignment
- Loop Alignment/Wire Bending

Exercises/Clinical Application Of Loops

Lunch 10:30am - 1:00pm

Post lunch session
2:00pm onwards

Hands on preparation of initial alignment wire

DEAN* Photograph of wire on model

"Occlusion in FULL MOUTH REHABILITATION ."

CDE program conducted on "Occlusion in FMR ." on 22/02/2016 in Pride hall vspm dental college Nagpur programme included guest speaker Dr.Moiz Khakiani Full mouth rehabilitation refers to rebuilding or replacing all of the teeth in a patients mouth. Restoration of the form and function of the masticatory apparatus to as near normal as possible. Full mouth rehabilitation should reestablish a state of functional as well as biological efficiency where teeth and their periodontal structures, the muscles of mastication , and TMJ mechanism all function together in synchronous harmony. Restoration of occlusion in patients with severely worn dentition is a challenging situation as every case is unique in itself. The knowledge enlighten was useful for the upcoming student and post graduates as well The event grabed attention of around 30 students and also faculties.

“Symposium on complete denture simplified.”

CDE program conducted on “symposium on complete denture simplified.” on 12/05/2016 in Pride hall VSPM dental college Nagpur. Programme included guest speaker Dr. Anand Raj ,Dr. Ram Thombre ,Dr. Sham Gundawar. A complete denture is a removable appliance used when all teeth within a jaw have been lost and need to be prosthetically replaced. Hence, it is an exclusively tissue supported prosthesis. Denture wearing can bring some masticatory function back to normal. As all the prosthodontics have keen interest in the complete denture prosthesis there was all the required tips delivered by our expertise and some of them was useful for the upcoming student and post graduates as well .the event was a success for all. The event grabbed attention of around 50 students and also faculties.

Prosthetic oncology and maxillofacial rehabilitation

"surgical management and prosthodontics rehabilitation of jaw malignancies" The CME is aimed to provide platform for interaction of healthcare professionals dealing with malignancies of head and neck region and to increase awareness regarding scope of Prosthetic rehabilitation in such patients was conducted on 10th October, 2015 VSPM DCRC Nagpur and the guest speaker were Dr. Vivek Harkare , Dr. Pranav Ingole , Dr. Sham Gundawar . Maxillofacial Prosthetic rehabilitation is a cornerstone of efforts to restore the head and neck cancer patients oral functions and cosmesis following surgery to pretreatment baselines. For example , when the upper jaw and lower jaw is removed along with teeth ,it might consider dental rehabilitation. This is the placement of prosthetic teeth to improve quality of life by helping to eat normally as well as to improve appearance. More than 50 participants addressed the occasion.

REPORT OF CDE PROGRAMME HELD FROM 03/03/2015 TO 04/03/2016
"Advanced endodontic workshop"

The Department of Conservative Dentistry and Endodontics, VSPM's Dental College and Research Centre had organized "Advanced endodontic workshop" from 03/03/2015 to 04/03/2016. The inaugural ceremony was held at Pride hall. A total of 40 colleges from all over india registered for this cde come webinar programme. The program commenced with registration and breakfast followed by inauguration ceremony. The guest speaker Dr. Vivek Hegde from Rangoonwala Dental College, Pune delivered lecture on " Looking beyond your scope with Microscope" on 03/03/2016. Dr Sanjay Minglani spoke on " Nanotechnology in Endodontics "and Dr. Gopikrishna on "Evidence based Endodontics "Dr. Vivek Hegde and Dr. Gopikrishna had organized Workshop on "Meet the Expert" on 04/03/2016. All three speakers were felicitated. Participants from other colleges asked so many questions and it was healthy informative online live discussion.

Two days workshop by these three stalwarts of endodontia was great successful.

Total 12 cde points were awarded by msdc Mumbai.

Spl microscopes expand scope of dental surgery

Payal.Gwalani@timesgroup.com

Nagpur: Until a few years ago, dentists had to send back patients coming for some procedures. However, with the introduction of specially designed microscopes, most of these procedures can be done. It has also allowed the doctors to make dentistry minimally invasive and holistic.

Staff and students of VSPM Dental College and Research Centre were trained in the use of this microscope in a webinar in the institute. It was attended by several students from all over the country. Dr Vivek Hegde from Pune, Dr V Gopikrishna from Chennai and Dr Sanjay Miglani from New Delhi were the faculty. A centre of excellence in endodontics was also inaugurated on the occasion.

"Surgeries have two major requirements — magnification and illumination. Earlier, certain procedures had to be done with the help of mirrors and the surgeon had to depend on tactile movements. This meant that sometimes even the tip of the instrument was not visible to the surgeon. Microscopes were then modified to be used for dental surgeries but now they are specially designed," said Dr Hegde, who is also the director of Indian Endodontic Board (IEB). He said the customized microscope with inclinable tubes made it easier to work in an area that was highly mobile and minuscule.

Dr Hegde added that the procedure was better for the doctors as well. "We are used to bend over for performing all the procedures which causes back and neck problems for dentists. Microsurgeries can be performed sitting down and are much more ergonomic," he said.

Dr Gopikrishna, general secretary of IEB, said that though microsurgery was being used for almost two decades in other countries, the first batch of Indian dentists began learning it only in 2005. "The board recommends that the colleges include it in their curriculum but most of them don't. Since there are no trained teachers in most colleges, it has not been possible so far. With efforts of individuals and organizations, I see the surgery becoming more commonplace

ADVANTAGES OF MICROSURGERIES

- Improves visual input, so surgeons don't have to depend on tactile movements or perform blind surgeries
- Custom designed microscope with inclinable binocular tubes as opposed the inclined microscope used in other areas of medicine is more flexible. It helps get access to a lot of difficult to reach areas
- Helps perform several procedures that were not possible earlier
- Helps take a more holistic and conservative approach rather than drilling
- More precise, accurate and better quality procedures as magnification can be 5 to 20 times
- Reduces the post-operation healing time

Advanced endodontics facility at VSPM College

The centre of excellence for advanced endodontics was inaugurated at VSPM Dental College on Thursday. It will enable the hospital to provide several procedures that were not possible to perform earlier at an affordable price. It will conduct research and training activities as well.

Head of the conservative dentistry department Dr Pratima Shenoi said that it would also be possible to train students and professionals in the region and provide affordable treatment to people.

in India," he said. He added that a treatment done using microscope was so precise it could last a lifetime.

The treatments could be improved a lot with the use of microscope surgeries, said Dr Pratima Shenoi, head of the conservative dentistry department of the college. "Some treatments we couldn't provide earlier. It would also help us train students and professionals from the region," she said.

'Nanotechnology playing an important role in endodontics'

■ Staff Reporter

THE technology upgrade has assumed greater importance in medical sector too. Technological advancement making various procedures in medical science easier. A webinar and continuing dental education programme on 'Advanced Endodontics' was organised by Department of Conservative Dentistry and Endodontics, VSPMDCRC. In that seminar, Dr Sanjay Miglani of Jamia Millia Islamia, New Delhi has pointed out that how nanotechnology plays an important role in endodontics.

Three eminent personalities from the field of endodontics, Dr Vivek Hegde from Pune, Dr Gopikrishna from Chennai and Dr Sanjay Miglani from Delhi were the guest speakers for the webinar.

Dr Vivek Hegde is currently the Vice-Principal and HoD at MA Rangoonwala College of Dental Sciences and Research Centre, Pune. Dr Vivek Hegde trained 30 students in 2 days in an exclusive hands on course on dental operating microscope (DOM). When you see better, you can do better was his mantra.

Dr Vivek Hegde, Dr Gopikrishna, Dr Sanjay Miglani and others at the programme.

Dr Gopikrishna, Professor at Thai Moogambigai Dental College, Chennai, is also the founder of root canal foundation an exclusive microscope enhanced training centre at Chennai and Dubai. He delivered lecture on 'Evidence in Endodontics'.

Dr Sanjay Miglani, faculty at Jamia Millia Islamia, New Delhi addressed the issue of the time, microbial resilience. He discussed on use of nanotechnology in endodontics.

An interactive session 'Meet The Experts' where the undergraduates interacted with the

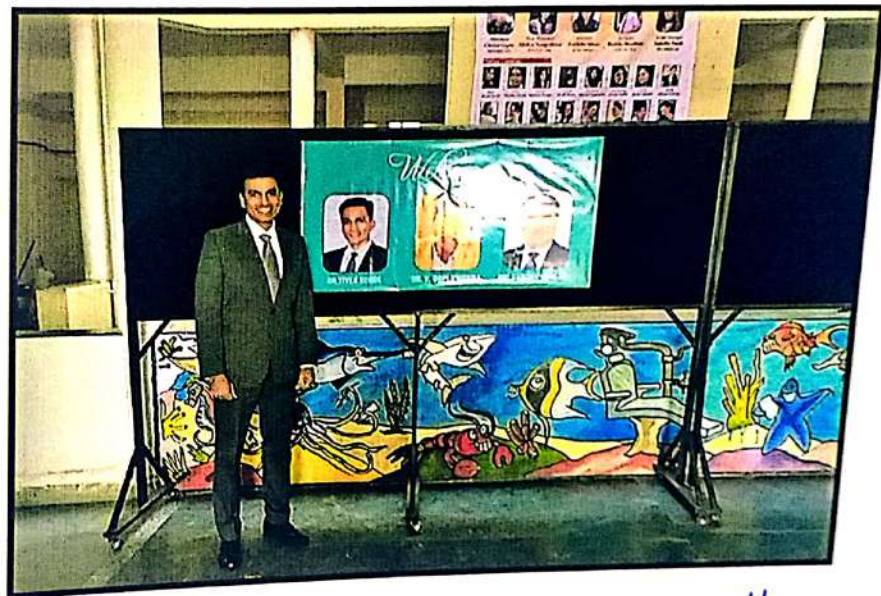

guest speakers.

Dr Amol Deshmukh, Secretary VSPM AHE, inaugurated the Centre Of Excellence for Advanced endodontics. The Centre will cater to difficult and complex root canal cases and aims to train budding graduates in advances in the field. Dean Dr Usha Radke and Vice-Dean Dr S R Shenoi congratulated the team for the success of the webinar. Dr Pratima Sheno, HoD, Conservative Dentistry and endodontics, VSPMDCRC played a vital role in bringing together the guest speakers on a single platform.

Report of 1st CDE "NEXT GENERATION DENTISTRY FOR GENERATION NEXT"
2016

A continued dental education program was organized in VSPM DCRC Nagpur on the topic of Dental photography 'tips and tricks'. Program was held on 21 April 2016. Dr Amar Katre and Dr Ashwin Jawdekar were invited as the guest speaker for the program. Dean Dr. UshaRadke, Vice dean Dr. RamkrishnaShenoi were present at the occasion and welcomed our guest speakers.

Dr Ashwin Jawdekar introduced the basics of pediatric dental treatment and newer advances present today

Dr Amar Katre taught the students how to manage children in clinic setup using some modeling videos. Few points on research areas of the subject were told by the speaker. It was an interactive session.

Dr Gagandeep Lamba conducted the program. Dr Sargam Sorte introduced the speakers.

Dr. Devendra Nagpal, proposed a vote of thanks.

Staff and students of dept of pediatric and preventive dentistry, worked hard for the success of the program.

Report on Perio-Pedo Symposium 2015

The Department of Periodontics & Oral Implantology, VSPM's Dental College & Research Centre, Nagpur & Indian Society of Periodontology, Nagpur Study Group, had organized a "National Symposium of Periodontal Diseases in Pediatric Patients" under the aegis of Indian Society of Periodontology and Indian Society of Pedodontics & Preventive Dentistry on 18th and 19th July 2015. The inaugural ceremony was held at "PRIDE" Dental Annex building at 9.30 a.m. About 172 delegates had registered for the program. The program commenced with registration and breakfast followed by inauguration by Dr. Rahul Hegde, Executive Member, Dental Council of India consented Chief Guest for the Inaugural function. The galaxy of speakers included Dr. C.D Dwarkanath, Dr. T K Pal, Dr. I.K Pandit, Dr. Arvind Shetty, Dr. Samir Dutta, DR. Ullal Anand Nayak , Dr. Narendra Chandranee. These speakers spoke on various topics involving the pediatric periodontal considerations. The Lectures series was a two day program and concluded with a Perio-Pedo Quiz Competition hosted by Dr. Vishal Kher . The programme culminated by distribution of mementos and certificates to the speakers.

FACULTY
Dr. Sherry Peter
FRCS (Glasgow, UK) FDS RCS (Oral Surgery)
MDS (Orthodontics A.B. Shetty Dental College, Mangalore)
BDS (R. S. Dental College, Tamil Nadu)
M.B.B.S (Govt. Medical College, Thiruvananthapuram)

VENUE
Pride Hall
VSPM's Dental College & Research Centre
Nagpur

Dr. Sherry Peter is an orthodontist & a craniomaxillofacial surgeon who can transform looks & lives of people with his unmatched surgical & orthodontic skills. Being both an orthodontist and a craniomaxillofacial surgeon, he, with his skills, has mastered the best of both the faculties.

He is One of the finest CMF surgeons in the country. He has more than 18 years of experience to his credit.

An expert in Maxillofacial surgery, his areas of special interest are interdisciplinary management of cleft lip, palate & other craniofacial anomalies, Distraction osteogenesis, Craniofacial surgery & Orthognathic surgery.

He is former clinical professor at AIMS Kochi & held the position of programme director of one year fellowship in cleft & craniofacial surgery.

Achievements

Former clinical professor-Dept. Of Head & Neck surgery, Amrita Institute of Medical Sciences, Kerala.

Postgraduate trainer for MDS (Maxillofacial Surgery) & Mch (plastic surgery) trainees

Programme Director, Cleft & Craniofacial fellowship.

Project Director, Study train (A Cleft Lip & palate programme in partnership with "Smiletrain", a NGO focussed on cleft deformities)

Former Reader, Dept. Of Oral & Maxillofacial Surgery, Amrita college of Dentistry, Kerala.

Nation faculty-AO-CMF Workshops in India.

Senior House officer, Dept of Maxillofacial surgery, District General Hospital, Cheltenham & Gloucester, UK

Senior House officer, Dept of Maxillofacial surgery, District General Hospital, York, UK

Trained in Maxillofacial surgery in the UK.

Registrar, Dept of Craniofacial surgery, K.S Hegde Memorial hospital, Mangalore, Karnataka

Delivered several keynote addresses & talks in International & National conferences.

Made inaugural lectures & presentations at Conferences, National & International level meetings & programs.

Invited faculty to deliver lectures at Medical colleges, Maxillofacial workshops & meetings in India & Abroad.

Heads programs & conducts workshops on topics pertaining to craniomaxillofacial surgery in & outside India.

Several Research articles International & Indian Medical Journals

Contributed a chapter on "Multidisciplinary team management of congenital orofacial deformities" in the Textbook titled "Integrated Clinical Orthodontics" published by Wiley Blackwell

Pre lunch Session 9.00am -1.30pm

9.00am -9.30am

- Inauguration
- Indications of Orthognathic surgery
- Growth Rotations & Dentoalveolar Compensatory Mechanism
- Surgery - What the Orthodontist should know
- Surgical Orthodontics - What the surgeon should know
- Diagnosis and Treatment planning
- Clinical examination, communication with the patient and colleagues, Clinical records

1.30pm -2.00pm

Lunch

Post Lunch Session 2.00pm onwards

- Face bow transfer
- Mock Surgery
- Splint Preparation
- Computer Assisted Planning
- Management of Skeletal Class II & Class deformities
- Management of Skeletal Open bite and Deep bite deformities
- Avoiding Complications in Orthognathic

SUMMARY REPORT

7.

Department of Oral And Maxillofacial Surgery at V.S.P.M Dental College & Research centre conducted Trauma summit on Inauguration of 'CENTRE OF EXCELLENCE' dated 30TH March 2016. The speakers for the above mentioned events were Dr. J.N.Khanna, Dr. Rajiv Borle, Dr. Pramod Giri, Dr. Gunjan Badwaik, Dr. Vijaya Kambale & Dr. Manish Zade. Dr. J.N. Khanna spoke on management of Facial Fractures. The objective of this event was to introduce centre of Excellence for Maxillofacial Trauma at VSPM Dental College & Research Centre, Nagpur .

TRAUMA SUMMIT

The excellent oral and maxillofacial trauma cases presented at this summit were very vital at this time as it is a special benefit to our patients and the availability of the patient care who require a high level of

Special knowledge and skills are the foundation for comprehensive management of the maxillofacial trauma patient. This webinar and CME is aimed to assist the maxillofacial surgeon with the holistic approach updates in the field and dealing with the complexities in the management of the poly trauma patient. Special sessions have been designed so as to keep the participants updated with the basics as well as the latest in the field of maxillofacial trauma.

"The Cool Gurus" - A panel discussion has been specifically scheduled to provide the delegates ample opportunity to share their queries with the speakers who are the gurus in their respective fields.

CIRCULAR

It is to inform to all staff members and PG students, that a guest lecture on publication of papers – "TRUE LIES – "HOW AUTHENTIC IS THIS WORK" by Dr. Shaji Thomas, Principal, People's College of Dental Sciences, Bhopal, is also being arranged on this occasion. Everybody is requested to be present for the guest lecture.

"TRUE LIES – "HOW AUTHENTIC IS THIS WORK"

This talk discusses the various aspects associated with scientific misconduct. Scientific misconduct is universally a poorly understood area as its boundaries are technical and formulation of real laws is difficult. The scope of this talk to understand the basis of scientific misconducts so that researchers can get their works published without getting into trouble.

To,

Dr. Usha M. Radake

Principal,

VSPM's Dental College & Research Centre,

Digdoh Hills, Hingna Road,

Dist. Nagpur- 440 003.

Subject: Approval for 'Basic Workshop in Health Sciences Education Technology' to be conducted at your institute from 29th June to 01st July 2016.

Ref. Your E-mail dated: 28/04/2016.

Dear Madam,

With reference to the above, the programme may please be conducted at your Institute from 29th June to 01st July 2016., as per guidelines for conducting the "Basic Workshop in Health Sciences Education Technology". The co-ordinator from your college is request to conduct Dr. Mukta Motwani who will provide guidance to faculty for their session

The registration form, attendance format, participant database format, daily feedback forms and programme evaluation form are enclosed along with this letter.

I request you to kindly provide the following (as per formats provided) within 3 days of conclusion of workshop.

1. Participants database
2. Attendance sheet for all 3 days (signed both in morning and afternoon sessions), certified by workshop convener and head of the institution
3. Report of workshop conducted
4. Assignments from the participants, which include Problem based MCQ's and scenario based LAQ's/SAQ's from their own subject specialties.

Also, as per MUHS Notification No 1/2015 dated 17/6/2015 (available at http://www.muhs.ac.in/upload/Notification_1_Workshop_190615.pdf), **an 'Administrative and Certification Fee' of Rs. 500/- per participant is to be submitted** to IMETTT along with the workshop report. A copy of the Notification is attached with this letter.

The completion certificates of the participants will be issued by IMETTT after receiving the post workshop documents mentioned above.

Thanking you and with regards,

Yours sincerely

Usha M. Radake

VSPM Dental College and Research Centre, Nagpur
Basic Teacher Training Workshop on 29/06/2016 and 1/07/2016
Workshop Report:

Basic Teacher Training Workshop was conducted on 29/06/2016 and 1/07/2016 at VSPM Dental College and Research Centre, Nagpur. Total 26 Teachers were the participants for the workshop. They were divided into 5 groups (5 in each group) and semi-circular seating arrangement was done at the workshop hall.

The following faculty members from VSPM Dental College and Research centre conducted the workshop.

1. Dr. MuktaMotwani, Prof. and Head, Dept of Oral Diagnosis, Medicine and Radiology
2. Dr. SurekhaRathod, Prof. Dept of Periodontics
3. Dr. TapasyaKaremore, Asso. Professor, Dept of Oral Diagnosis, Medicine and Radiology
4. Dr. ChetanaMakadeAsso. Professor, Dept of Conservative Dentistry & Endodontics
5. Dr. Apeksha Dhole Professor, Department of Oral Diagnosis, Medicine and Radiology
6. Dr. AshishBodhade, Reader, Dept. of Oral Pathology
7. Dr. SwapnilPatil, Lecturer, Dept of Conservative Dentistry
8. Dr. Kshitij Bang, Reader, Dept. of Oral Surgery.

Day one: 29/06/2016

Before starting the session pre test was distributed to the participants and filled pre-test was collected

1. Introduction: Dr. MuktaMotwani and Dr. SurekhaRathod

The workshop began with icebreaking session where the participants introduced each other. Dr. MuktaMotwani explained the objectives of the workshop. Ground rules for the participants were formed through their suggestions.

2. Phenomenon of Learning & Adult Learning Principles: Dr. MuktaMotwani

Dr. Mukta explained about Pedagogy and Andragogy. Guidelines on self-directed learning were discussed.

3. Domains & Taxonomy: Dr. SwapnilPatil

Dr. Swapnil explained cognitive, affective and psychomotor domains with examples. Participants formulated one example of each domain from their speciality and presented in large group.

4. Curriculum Objectives: Dr. SurekhaRathod

Educational objectives with their relevance to teaching program was explained. Participants formulated one SLO individually and presented in the large group.

5. Micro teaching: Dr. Kshitij Bang

DEAN
VSPM's Dental College &
Research Centre, Digdoh Hills,
Hingna Road, Nagpur-440019

The concept of micro teaching was introduced. The objectives and significance was discussed. An assignment of preparing a 7 min presentation for micro teaching was given to the participants which they were asked to present on the next day.

6. Communication Skills: Dr. Tapasya Karemore

A role play was performed by Dr. Tapasya, Dr. Kshitij and Dr. Neelima. Various aspects of communication were discussed based on the situation depicted in the role play. Communication model, verbal, non-verbal communication, barriers in communication and special reference to patient, student & teacher communication were discussed.

7. Introduction to Teaching Learning Methods: Dr. Ashish Bodhade

Various teaching learning methods were discussed with their advantages and limitations. Large group teaching methods were discussed and how to make effective lecture presentation were explained.

At the end of the day, session evaluation feedback forms were collected.

Day 2: 30/06/2016

Recap: Dr. Motwani conducted the session with revision of previous days session

1. Teaching Large groups: Dr. Swapnil Patil

Discussion about different large group teaching methods with benefits and limitations.

2. Small Group Teaching: Dr. Apeksha Dhole

Discussion about different small group teaching methods with benefits and limitations. Problem Based Learning was discussed in detail with group activities.

3. One Minute Preceptor: Dr. Surekha Rathod

Concept of OMP was introduced. Technique and benefits of OMP was discussed.

4. Giving Feed back: Dr. Mukta Motwani

Different types of feedback were discussed. Group activity was given to participants where they performed role play.

5. Media in Medical education: Dr. Chetana Makade

Different teaching learning techniques were discussed. Advantages and limitations of each method were discussed and it was concluded that blending of teaching aids would be more effective.

6. Integrated Teaching

DEAN
VSPM'S Dental College &
Research Centre, Digdoh Hills,
Hingna Road, Nagpur-440019

Types of integrated teaching were discussed. Horizontal and vertical integrated teaching was discussed in detail. The examples of the same were quoted and need of revised curriculum to incorporate integrated teaching was recommended.

7. Introduction to Assessment: Dr. Kshitij Bang

Different features of effective assessment were discussed. Difference between traditional assessments and standardized assessments was explained and concluded that no single method of assessment is good or bad. A mix of the appropriate methods is recommended.

Day 3:1/07/2016

Recap: Dr. Motwani conducted the session with revision of previous days session

1. Reliability Validity & Blueprinting: Dr. Tapasya Karemore

Discussion of the validity reliability of the assessment was discussed & Group activity was given to formulate the blue printing of question paper.

2. Assessment of Knowledge – MCQ, LAQ & SAQ: Dr. Ashish Bodhade

Role play depicting the students' opinion about question papers and MCQs was performed by Dr. Tapasya and Dr. Kshitij. Dr. Ashish Bodhade explained about the components of MCQs, validity and reliability of MCQs. Participants formulated one MCQ each and few of them presented in the large group and necessary modifications were suggested.

3. Assessment of Knowledge – Structured Oral Examination: Dr. Chetana Makade

Role play depicting students and teachers opinion about the oral examination was performed by Dr. Motwani, Dr. Rathod, Dr. Chetana, Dr. Apeksha, Dr. Kshitij, Dr. Swapnil. Guidelines for oral structures examination was discussed.

4. Assessment of Performance – OSCE & other new methods: Dr. Mukta Motwani

The concept, component and how to design OSCE were discussed in detail and introduction to new methods like DOPs & MiniCEX. Each group designed one OSCE station and presented to large group

5. Microteaching: Participants were divided into 4 groups and presentations were conducted in 4 different halls. 2 faculty members were allotted for each hall. Participants presented their topics for 7 min and feedback from the audience was given to them.

At the end of the day, session evaluation feedback forms were collected.

DEAN

VSPM'S Dental College &
Research Centre, Digdoh Hills,
Hingna Road, Nagpur-440019
Scanned with CamScanner

Post test questionnaire were given and their responses collected. Dr. AshishBodhade and Dr, SwapnilPatil carried out analysis of the pre and post test questionnaire.

6. **Comparative analysis of pre and post test questionnaire** was presented by Dr. SwapnilPatil. Retro pre questionnaire was given and the responses were collected.

The details are sent separately.

The valedictory function was conducted by Dr. MuktaMotwani., VSPMAHE felicitated the faculty members and participants of the workshop.

At the end 2 of the participants expressed their views on the workshop.

Format of workshop report

1. **Comparative analysis of pre and post test scores:**

Total number of participants for the workshop were 26.

Pre test mean Scores: Correct answers: 13.4

Post test mean Scores: Correct answers: 18.25

2. **Analysis of session feedback forms**

a. **What was good:** Teaching learning methods. Learning process, Learning domain, Microteaching, Teaching aids, Blueprinting, Feedback, Integrated teaching and OSCE/OSPE was interesting for the participants. Interactive sessions by the faculty members were appreciated. Overall presentations were effective.

b. **What could have been better:** The participants expressed that the lectures should be cut short or workshop should be reduced to 2 days.

3. **Analysis of programme evaluation forms:** Participants expressed that the workshop was well structured, interactive, with appropriate content. They felt comfortable with the faculty members and enjoyed the group activities. They found the selection of topics interesting and this workshop gave them insights into teacher student relationship.

At the end of the workshop participants rated the sessions. Total 19 sessions were conducted and rating scale was good/fair and poor/need to improve. 10 sessions were rated good & 9 sessions were rated fair.

4. **Assignments from participants (details sent separately):**

The assignments given for the participants were:

- To formulate one example of each domain from their own speciality
 - To design one educational objective.
 - To prepare one MCQ.

REPORT OF SCIENTIFIC EVENT

CDE- Slide Seminar

Date – 22nd March 2016

Time - 9:30am – 3:30pm

The programme was conducted on 22nd March 2016 from 9:30am – 3:30pm in Pride Hall (First Floor) Annx. Building. The speaker for CDE slide seminar was Dr Sindhu Ganvir.

The slide seminar was conducted by Department of Oral and Maxillofacial Pathology VSPM DCRC, where all the PGs from different colleges gathered to discuss different cases related to oral pathology.

Objectives of slide seminar programme were to explore topics in more depth, share ideas that will advance our thinking, learn from other's experience and knowledge, gain perspectives and point of view, develop ability to seek clarification.

The overall session was successful and attended by 53 delegates of VSPM DCRC Nagpur and 5 staff members.

Subject : Workshop on Library Orientation Dentistry e- Resources

Our esteemed institution subscribes to the following resources from EBSCO Information Services: Dentistry & Oral Science Source. We have found these resources to be extremely valuable to our academic and research community in their pursuit for excellence.

the EBSCO Training Specialist Mr. GK Upadhyaya provided training on how to use these resources.

Training session conducted in our institution on 12 August 2015 in the honour of Dr. S.R. Ranganthan's Birthday and His birthday is observed every year as the National Librarian's Day in India. There were around more than 23 participants from the Student, Staff & Faculty Member.

CDE on fellowship course in oral Implantology

7th and 8th February 2015

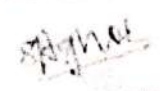

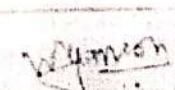

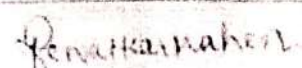

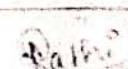

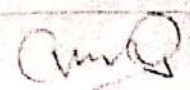

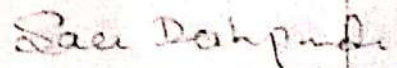

Department of Periodontology and Implantology of VSPM Dental College and Research Centre, Nagpur conducts a MUHS Nashik recognized fellowship course on oral Implantology. A CDE programme was organized for the opening ceremony of the same on 7th-8th February 2015. The programme was conducted in the seminar room, Dept. of Periodontology and implantology and was initiated by lightening of the lamp by the hands of Dean, Dr. Usha Radke, Vice-Dean Dr. Ramakrishna Shenoi, Prof. Dr. Abhay Kolte. The chief guest of honour was Dr. A Kumarswamy, Co-ordinator, MUHS. The program started with the introductory speech by Dean Dr. Usha Radke followed by scientific lecture by Dr. A Kumarswamy on introduction to basic implantology. The program concluded by distribution of memento and certificate to the speaker. The vote of thanks was given by Dr. Abhay Kolte thanking all for being delightful and a supportive audience. Around 12 fellows participated in the scientific deliberation.

REPORT OF CDE PROGRAMME HELD ON 20/11/2014

The Department of Conservative Dentistry and Endodontics, VSPM's Dental College and Research Centre had organized workshop on "Lasers in Dentistry" on 20/11/2014. The inaugural ceremony was held at Pride hall at 9:00 am. A total of 47 delegates had registered for the programme. The program commenced with registration and breakfast followed by inauguration ceremony. The actual program started at 10.30 and continued till 4 pm with half an hour lunch break at 1 pm. Program concluded with a vote of thanks by Dr. Deepa Shori and the guest speaker Dr. Vivek Hegde from Rangoonwala Dental College, Pune was felicitated.

Total 5 cde points were awarded by msdc Mumbai.

Laser dentistry: A painless, bloodless option for dental probs

yal.Gwalani@timesgroup.com

Nagpur: What makes most of us mortally afraid of visiting the dentist? Instruments like drills, wrenches and chisels going inside the mouth, most would say. A modern branch of dentistry— known as laser dentistry— that doctors say is nothing short of miracle, can do away with most of these frightening equipment and still cure dental ailments better.

There are doctors in Europe, who choose to specialize in laser dentistry. In India, the high treatment and equipment costs are a deterrent for many practitioners

Dr Vivek Hegde | DENTIST

A webinar 'Lasers in Dentistry' was organized by the department of conservative dentistry and endodontics, VSPM Dental College and Research Centre recently. Vice dean of MA Rangoonwala Dental College, Pune, who is also president of the Society of Laser Application (SOLA), Vienna Dr Vivek Hegde was the faculty. Being webcast in real time, the seminar was attended not only by Indian students from several cities but also by students and dentists from several other countries.

"The use of lasers in dentistry is a pretty recent thing, having been around only for 20 years and in India for only 10 years. It started first for sports physiotherapy, then orthopedics before being introduced to dentistry. There are so many advantages of the technology that I wish all cities had at least some dentists practising it. It is minimally invasive, bloodless, painless, drugless and a highly sterili-

zed process," said Dr Hegde. In some cases, there was no need for needles, which along with the amount of heat used by the lasers reduced the possibilities of infections transmitted, he added.

It is becoming more popular and acceptable among patients as well as dentists to use lasers due their advantages. "To inform, we invited our students to know more about its scope. We also already have a soft tissue

laser service in our department, and soon plan to bring in some more laser-based services," said Dr Pratima Shenoi, head of VSPM Dental College's department of conservative dentistry and endodontics. about the reason for organizing the CDE on the topic.

She said several persistent and common problems could be treated using laser technology, including removal of decay, root canal treatments and sensitivity. Despite being a relatively new technique, its use had been expanded in diagnosis, enhancing aesthetics, preventive measures, endodontics, periodontics and maxillofacial surgeries, the doctor added.

"The healing after a process has been done using lasers is miraculously fast. For patients suffering from diseases like heart or kidney ailments or those whose immunity is low due to some reason can still undergo several procedures using lasers," informed Dr Hegde.

He insists, though, that laser technology can not completely replace traditional dentistry. "It is to be used as supportive therapy, as an added advantage for patients. There are doctors in Europe though, who do most of dental work in laser dentistry, in India, the high cost is a major deterrent for many practitioners," he said.
