World No Tobacco day

World No Tobacco day was celebrated on 31st may 2023 by the Department of Public Health Dentistry at VSPM Dental College and Research Centre, Nagpur. Various activities were conducted by Department of Public Health Dentistry which included

Interdepartmental wall painting competition was conducted in the registration premises to raise awareness about tobacco use. All 9 departments participated in the event; the event was inaugurated by Dean Dr Usha Radke maam. Best painting award was won by department of Conservative & endodontic which was judge by our chief guest Dr. Vinay Hazare sir

● A comprehensive dental check-up and oral screening camp was organised at Muscot Honda, Hingna road, Nagpur. Total 150 people were screened at Muscot Honda.

An oral cancer awareness campaign was also conducted along with Mahametro, Nagpur, where students and staff interacted and raised awareness in the metro amongst the general public, skit was also performed at metro stations along with the pamphlets distributions. The event was grand success.

Tobacco epidemic is one of the biggest public health threats the world has ever faced. Tobacco use is a significant public health problem worldwide and the single-most preventable risk of human health. Mass media anti-tobacco advertisements can reach large sections of the society and increase awareness about the harms of tobacco use and increase quit attempts. The objective behind the activities was to make the general public aware about the hazards of tobacco habits and to motivate them for quitting the habits.
