ICT - enabled tools for teaching and learning

The Institution has adequate facilities for the purpose of teaching and learning. These include well equipped classrooms that have good projection facilities as well as other audiovisual aids.

Every department has seminar rooms which are used for various scientific activities such as seminar, journal club and case presentation throughout the year.

Apart from this, the college has air conditioned mini auditorium with the seating capacity of 100+ where various CME's and CDE's are held. These activities go throughout the year, which are beneficial for the staff and students of the college.

The clinical facilities of the college include as per the norms of the Dental Council of India. This includes the latest state of art dental chairs, instruments and equipment that prepare the student to face the real world after he or she graduates from the college. Before the students enter the clinical training years he/she is trained on the preclinical facilities that includes Mannequins, Typhodonts etc so as to provide the motor skills necessary for clinical exposure.

In the Skill lab, the students are trained for special skills such as Basic Life Support, CPR, Injection techniques which is the part of compulsory training for the students.

As a part of ICT, the students are shown various latest procedures in all the specialties through webinars and youtube etc.

As a part of outreach program the PHD Department takes the lead to have Community based education such as camps, slideshows and education the rural masses for good oral hygiene.

The college has the special interactive program through Moodles, App based learning such as Kohoot, Padlet. This makes the teaching and learning process highly interactive and interesting.

About the Journal

The Journal of *Indian Society of Periodontology* publishes original scientific articles to support practice, education and research in the dental specialty of periodontology and oral implantology. *Journal of Indian Society of Periodontology (JISP)*, is the official publication of the Society and is managed and brought out by the Editor of the society. The journal is published Bimonthly with special issues being brought out for specific occasions. The ISP had a bulletin as its publication for a large number of years and was enhanced as a Journal a few years ago.

Abstracting and Indexing Information

The journal is registered with the following abstracting partners: Baidu Scholar, CNKI (China National Knowledge Infrastructure), EBSCO Publishing's Electronic Databases, Ex Libris - Primo Central, Google Scholar, Hinari, Infotrieve, National Science Library, ProQuest, TDNet, Wanfang Data

The journal is indexed with, or included in, the following: DOAJ, Indian Science Abstracts, IndMed, PubMed Central, Scimago Journal Ranking, SCOPUS

Journal Ethics

Wolters Kluwer and Journal/Association are committed to meeting and upholding standards of ethical behavior at all stages of the publication process. We follow closely the industry associations, such as the Committee on Publication Ethics (COPE), International Committee of Medical Journal Editors (ICMJE) and World Association of Medical Editors (WAME), that set standards and provide guidelines for best practices in order to meet these requirements. For a summary of our specific

A handwritten signature in blue ink, appearing to be "D. G.", is written above the stamp.

About JOE: Journal of Endodontics

The Journal of Endodontics is the official journal of the American Association of Endodontists and publishes scientific articles, case reports and clinical studies evaluating materials and methods used in the diagnosis and endodontic treatment. Endodontics is a specialty where you can learn about new concepts in diagnosis, treatment and the latest advances in techniques and instrumentation in the one journal that helps them keep pace with rapid changes in this field.
