## To Whomsoever It May Concern

Ecologique Science Technik (I) Pvt. Ltd. (ESTPL) is a company working in the field of providing Innovative technical solutions for environmental applications including, but not limited to, wastewater Treatment, sewage treatment, solid waste management, air pollution monitoring and control, Water treatment, consultancy services regarding all environmental applications, and make a positive contribution to the conservation of environment. ESTPL is ISO 9001: 2015 certified company.

ESTPL has designed, build, installed and commissioned ETP and STP of combined Capacity of 1 MLD (750 KLD ETP and 250 KLD STP) at NKP Salve Institute of Medical Science & Lata Mangeshkar Hospital, Digidoh, Nagpur. The salient features of ETP and STP are as follows:

- Advanced oxidation technique (Ozonation) is used in the ETP to treat hospital waste water.
- It is based on the CSIR-NEERI's patented Phytoid Technology.
- Phytoid Technology is approved by Mashelkar Committee for wastewater treatment.

NKP/CIVIL/BILL/ /2022

DATE : 29/09/2022

Subject: Waste water recycling.

With reference to above subject here we want to submit that 2 No. STP/ETP were constructed in the year 2009 & 2013 for treatment of sewage. One was near Dental college having capacity of 200KLD, second near NRI Girls hostel having capacity of 275 KLD

One centralized STP / ETP was constructed & inaugurated in Jan-2020 having capacity of 1000 KLD. This is being constructed on the technology invented by NEERI as Phydroid technology.

This recycled water is being used for gardening in the campus, maintenance of track & fields and construction activities in the campus. It is also proposed to use this water in toilet flushing. Separate pipe line done for fresh water & recycled water usage in 6 No. building, work in progress for other buildings.

This Plant is Constructed as :- 1) STP Plant ---- 250 KLD  
2) ETP plant ----- 750 KLD  
Total Capacity ---- 1000 KLD

ETP quantity includes all the hospital waste includes of OPD & Labs & treated with ozonation treatment.

After ozonation water goes through filter bed with special plantation & comes to clear water tank.

In clear water tank chlorination done as 1.5 PPM quantity & then reused as solid above.

## 7. ESTPL LETTER FOR STP-ETP

STP/ETP

 Letter submitted to the  
Chairman for amendment  
of PO & Accepted by the Chairman

**Ecologique Science Technik (I) Pvt. Ltd.**

  
estpl

---

To,  
The Chairman,  
VSPM, Nagpur.

Date: October 26, 2016

Subject:- Incorporation of the following points in the quotation of phytorid submitted by  
ESTPL

Reference : ESTPL quotation phytorid system for ETP and STP dtd. 22/10/2016 and Email received  
from Shri Sharma on 25/10/2016

Dear Sir,

Subsequent to meeting with you and our above referred quotation an email is received from Shri  
Sharma on 25/10/2016 to incorporate a few additional conditions in the proposal of ESTPL. Please  
find below response to the conditions raised by VSPM

1. Scope of work : Engineering and Civil work for the complete project at all levels will be vetted by  
ESTPL subjected to the final vetting by HOD's Civil.

**Response 1:** Civil work for the complete project at all levels will be vetted by ESTPL & HOD's Civil  
within the scope of the work defined as per drawings and offer letter. There will not be additional  
requirement at the time of vetting.

2. Supervision :- The entire supervision of the Civil Work and the Project will be done by Civil VSPM

**Response 2:** ESTPL will submit the periodic reports once in every 2 months to Civil department and  
Chairman for the progress of the work. Progress of the civil work will be discussed in periodic  
meetings with Chairman VSPM

3. The project deemed to be completed after issuing commissioning certificate by VSPM.

**Response 3:** Acceptable. Project deemed to be completed after issuing commissioning certificate by  
VSPM. VSPM will issue commissioning certificate within one week from the project completion  
report submitted by ESTPL. If the commissioning report is not received within 4 weeks from the  
project completion certificate by ESTPL the project deemed to be completed and considered as  
handed over. Also please note that the project can be commissioned only if the simultaneous work  
for sewage and wastewater lines are completed and the wastewater is reached to the site for  
treatment. The sewerage line laying is not in the present scope of the ESTPL.

Scanned with  
CamScanner

4. Financial Proposal Cost summary:-

I. The consultancy charges for the phytoid plant to includes ETP 250 KLD and STP 750 + Lake Management. However the treatment of STP ETP will be separate may which needs clarifications.

**Response 4.i:** The treatments of the ETP and STP are separate. The location is only at one place. There will be separate streams for the treatment. Please see the attached table which was discussed with your previous team and considered as following;

**ETP:** All the wastewater coming from hospital, OPD and Dental college considered with capacities of the beds/heads total capacity 700 kld

**STP:** Sewage from Girls Hostel, Mess, Staff Quarters, Upcomming NRI-Girls Hostel, other hostels and Mess

**Lake Treatment:** Considered as adding surface aerators and sonic treatment devices for algae control

II. Civil works including cost as per the conceptual drawing and structural drawing verified ESTPL will be subjected to final verification by HOD Civil VSPM AHE. In case cost is less then agreed contract value will be reduced to that extent. However in no case any exclamation will be allowed

**Response 4.ii:** The cost quoted by ESTPL is for turnkey project including entire civil work as per already submitted drawing. Structural drawing will be based on the conceptual drawing submitted. The final cost will be as agreed and quoted in our quotation of 22/10/2016. The final civil cost as mutually agreed in the meeting will be Rs. 2,35,93,212 (Rs. 2,31,30,600 plus Works tax of Rs 4,62,612). It will not be reduced as well as escalation will not be allowed if delayed by ESTPL beyond the agreed period of the project.

5. Payment Schedule: The exact time of completion to be specified for each mile stone.

**Response 5:** A time schedule chart is attached herewith. The payments will be linked to each milestone. The timely completion of the civil in 12 months and other works within 2 months after Civil work will depend on the timely payments at each step i.e. within one week from the submission of the invoices/bills. Any delay in the progress of work on the account of delayed payments will not be considered as delay in the project work by ESTPL. If there are delays in the payment escalation in the cost @8% p.a. will be applicable.

6. Warranty clause of fifteen months not highlighted in scope of work.

**Response 6:** We include the clause of fifteen months warranty from the date of supply of the equipment

39, Agnelayout, Swawalambi Nagar, New Khamla Raod, Nagpur 440025  
Email: [ecologiqueindia@gmail.com](mailto:ecologiqueindia@gmail.com) (M) 9822745768

*Udell*

DEAN

VSPM'S Dental College &  
Research Centre, Digdoh Hills,  
Hingna Road, Nagpur-440019

7. Noise absorbing panel to be installed on the Ozonator Pumps being hospital.

**Response 7:** The entire treatment plant will be at one location and away from the hospital and therefore will not make noise problem.

8. Client will keep VSPM indemnified for any third party or direct liabilities during the work.

**Response 8:** ESTPL and VSPM both will keep mutually indemnified each other for any third party or direct liabilities during the work.

9. No additional taxes will be paid except mentioned in your quotation i.e. the cost specified will be maximum cost.

**Response 9:** The cost of services, supplies and civil work will remain fixed as per the offer. The taxes are as per the policy of the central/state government and the rates for the same will be as per the prevailing rates and to be borne by VSPM.

In addition please note following points as discussed in the meeting with Chairman regarding the scope of the work.

- 1) The ETP part considered in the project include the liquid waste from hospital wards and biological wastes such as blood, body parts or used medical tools/ syringes washings, other solid biological wastes is not considered as explained in the meeting. The biomedical wastes requires separate disposal through authorized biomedical waste disposal agency.
- 2) ESTPL will provide the technical reports/information, presentations required for clearance from any statutory bodies. However, ESTPL will not facilitate or will not liaison with statutory agencies
- 3) Pre-ozonation treatment is provided to break the larger molecules such as antibiotics to avoid super-bugs formations in secondary treatment.
- 4) The project can be commissioned only if the simultaneous work for sewage and wastewater lines are completed and the wastewater is reached to the site for treatment. The sewerage line laying is not in the present scope of the ESTPL.

You are requested to convey your acceptance so as to include the same as part of the present proposal.

With Best Regards

(Mahesh Vartya)
