Dear Dr Archana Nikose

Further to your recent interview, I would like to confirm the conditional offer of a place on the Edge Hill university MCh Ophthalmology programme.

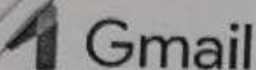

Whilst, your clinical post provides the opportunity to meet the learning outcomes of the programme, the EHU MCh/MMed programme does not confer any competence to practice. Rather, it is there to support your development in research and evidenced practice that will underpin your professional development in your field. EHU academic staff will guide you throughout the programme to ensure that your academic studies link to the type of work you are undertaking in practice, for example, clinical audit.

Once you have received your ITF offer and meet the relevant criteria (GMC/VISA, pre-employment checks and deposit) you will be invited to complete an online application form for the MCh/MMed programme. Once this has been processed, and subject to you meeting the required criteria including providing a UK address and evidence of a Biometric Residence Permit (BRP), the University will issue an offer to you for a place on the programme. Further information regarding the programme can be found at <https://www.edgehill.ac.uk/courses/master-of-surgery/> and instructions how to enrol for the MCh/MMed degree programme will be sent to you in due course.

Yours sincerely,

Julie Bridson

Dear Dr Nikose

Thank you very much for taking the time to attend the interviews for the MCh/MMed International Training Fellowships in **Ophthalmology**.

Your performance at the interview was satisfactory and the panel felt that you were appointable to the MCh/Med programme and associated rotational posts in the NHS. I note that you have already cleared the UKVI IELTS/ OET with the required scores and are prepared to come to the UK by the weekend of **5th September 2021** for a period of self-isolation as per government guidelines (please inform us as soon as possible if this date is not manageable and update us on your planned date of travel as this will affect your CoS for Tier 2 visa).

During this time some online induction sessions will be provided for you. In addition, following completion of all pre-employment clearances your host trust will require you to have a period of work shadowing prior to commencement of clinical duties. Please make arrangements for your pre-employment checks/appointments in a timely manner to avoid delays.

Your host trust is confirmed as **Wrightington, Wigan & Leigh Teaching Hospitals NHS Foundation Trust**

We will facilitate your enrolment on the Edge Hill University MCh/MMed Programme.

Wrightington, Wigan and Leigh NHS Foundation Trust will facilitate your sponsorship for full GMC registration with licence to practice as an International Medical Graduate.

must point out the terms and conditions of employment as an International Training Fellow that will be offered and attach a conditional offer letter for your perusal. In particular please note the requirement to pay tuition fees and the penalty clause applicable if you leave the rotation before completion of the MCh/MMed Programme.

GMC application

Under the sponsorship arrangement we have with the GMC, you have been advised to create a GMC Online account. If you have not already done this, please do this as soon as possible and follow the instruction for full registration with a licence to practice as an IMG under the sponsorship route.

Please be aware that one of the eligibility criteria for GMC sponsorship is that you must have been engaged in medical practice for three out of the last five years including the most recent 12 months. The 12 month rule starts at the point the application for registration is made. Please ensure that you do not come out of practice before this point. It is important to note that clinical attachments and observerships are not counted as medical practice and should not be taken as such.

Volunteer work may be acceptable by the GMC provided that it can be supported by documented evidence. A maximum gap of 5 weeks for annual leave in a 12 month period is allowed.

<https://www.gmc-uk.org/registration-and-licensing/join-the-register/before-you-apply>

Please advise me when you have created your account and your GMC reference number so that your GMC Certificate of Sponsorship can be prepared.

Pre-employment formalities

On receipt of your signed conditional offer and £8,000 deposit, your pre-employment formalities including occupational health clearance, reference requests, DBS checks and assignment of COS for a Health and Care (Tier 2) visa will be carried out by your host trust.

Please note that you must have all of the following to be eligible for a Health and Care (Tier 2) visa:

- a Certificate of Sponsorship (CoS) reference number – this will be supplied by WWL
- an 'appropriate' salary – details of this are contained in the attached conditional offer
- the required level of English UKVI IELTS/ OET above.
- have £1270 in savings - this is to prove you can support yourself. You must have had this in your bank account for 90 days before you apply, unless you're exempt. Your Host Trust may agree to 'tick the maintenance box' on the Certificate of Sponsorship.
- Any doctor applying for a Health and Care (Tier 2) visa is required to produce an overseas criminal record check.

Please be aware that the visa eligibility criteria can be subject to change. The up to date advice including visa charges can be found by visiting

To,

Dr. Sushil H. Mankar,

Orthopedic Surgeon,

Lata Mangeshkar Hospital, Nagpur

Dear Sir/Madam,

Greetings from G.H. Raison College of Engineering, Nagpur.

It gives me immense pleasure to extend to you a most cordial invitation to be a member of Board of studies of Interdisciplinary Engineering.

Established in 1996, G H Raison College of Engineering is a premier Autonomous institution in the central India imparting a holistic technical education to the students residing not only in India but also international students. The institution has always been ranked amongst a well performing institution by National Institutional Ranking Framework (NIRF), MHRD, Government of India. Currently GHRCE is ranked 139th PAN-India in Engineering Discipline as declared by NIRF Ranking 2020. The institution has also been ranked prominently by India Today MDRA Survey and Atal Ranking of Institutions on Innovation Achievements [ARIIA].

GHRCE has been ranked under Platinum category for Best Industry linked institution by AICTE-CII Survey since last five years. Since 2015, institute has been ranked consistently among the top 10 patent filers as per the Indian Patent Office Report. GHRCE was selected as one of the youngest institution for implementing the Technical Education Quality Improvement Program of MHRD with assistance of World Bank.

The success story of GHRCE is due to implementation of various Quality Assurance initiatives practiced at the institution. The institution has IQAC cell which undertakes internal and external academic audits along with a formal 360 degrees feedback system from all stakeholders for continuous improvement. The result of all quality initiatives are visible through achievement of accreditations by various accreditation agencies like National Board of Accreditation [NBA] and National Assessment & Accreditation Council [NAAC]. The institution is graded A+ Rank by NAAC and almost all programs are Tier-I accredited by NBA.

GHRCE offers 09 Undergraduate, 08 Postgraduate and 10 Doctoral programmes. One of our USP is strong industry connect. Active participation of industry on Governing body, Board of Studies has ensured that the curriculum is oriented to the needs of the industry. To make the students industry ready, the Institute has included six months mandatory industry internship in the 4-year B.E. course. 5000 + students have completed six months internship in 1000 + companies. 100% projects are based on industrial problems. Companies like Mahindra, Yamaha, Intel, Xilinx and National instruments have funded the laboratories of the institute.

I am sure that with your vision and support, we shall be able to deliver at par with expectations of industries and societies and specially at the front of fulfilling the thrust of Interdisciplinary Engineering.

Look forward to hear from you

BETWEEN

G. H. Raisoni College of Engineering, Nagpur

AND

NKP Salve Institute of Medical Sciences, & Research Centre & LMH, Nagpur

NKP Salve Institute of Medical Sciences, & Research Centre & LMH, Nagpur (Hereinafter referred to as NKP SIMS) is the premier institute of Central India. Since its very inception in 1971 it has untiringly toiled amongst the most backward regions and the least privileged to provide them the opportunity to become self-reliant. It is located at Digdoh campus on Hingna road situated in the outskirts of the Nagpur city in an area of 68 acres.

G. H. Raisoni College of Engineering, Nagpur (GHRCE) is an Autonomous Institute, in the convoy of Raisoni group of Institutions. GHRCE is the flagship institute of Raisoni Group of Institutions (RGI). GHRCE offers 07 Undergraduate, 12 Postgraduate and 10 Doctoral programmes. All undergraduate programmes have compulsory 6 months industrial internship embedded in 4 year degree programme. It is ranked 67th position in India amongst all Engineering Institutions by National Institutional Ranking Framework (NIRF)-2017 announced by MHRD, Govt, of India. It has got dual accreditation, "A+" grade by NAAC and also received NBA accreditation & Re-accreditation (Tier-I). Emphasis on innovation and internship resulted into 209 patents. It is ranked at 5th position in India for filing maximum number of Patents as per the recent annual report of Indian Patent Office. Also it has been ranked under Platinum category for Best Industry linked institution by AICTE-CII survey of 2016.

This MOU shall commence from the date of its signing and shall continue for a period of Five years from date of its signing, unless either party notify in writing to the other party of its intension to terminate, this MOU thirty days in advance.

G. H. Raisoni College of Engineering and NKP SIMS recognize that they share common goals and are desirous to establish a cooperative arrangement for mutual benefit.

The said arrangement between G. H. Raisoni College of Engineering and NKP SIMS will be in the following areas:

1. Technical Training Programs (TTPs): TTPs helps to improve the knowledge & the skills of the individuals. An individual undergoing TTPs can benefit in multiple ways. He will be in a position to improve his productivity. This MOU also envisages a series of Technical Training Programs for the employees of NKP SIMS.

2. Industrial Testing & Use of Laboratories: It is an important area to collaborate for both G. H. Raisoni College of Engineering and NKP SIMS members shall utilize the various Laboratories that are available with G. H. Raisoni College of Engineering. The equipment & faculty expertise could be used by the NKP SIMS for varied purpose on chargeable basis as decided by G. H. Raisoni College of Engineering.

3. Undertaking Need based Projects: The problems faced by an Institute/ Hospital undertaking are many viz. technical, biomedical, human, system & procedures. In this collaboration, the G. H. Raisoni College of Engineering will undertake Consultancy activities which will be need based. The activity will involve Problem Identification, Problem Definition, Data collection, Data Analysis, Problem solving by taking corrective actions. These projects would be undertaken in joint consultation and benefits will be shared suitably.

4. Institute Visit: It is an activity where student community would like to experience the real life work situations. This MOU will provide an opportunity to the students of G. H. Raisoni

College of Engineering of different branches to visit the hospital research activities and vice versa.

5. Guest Faculty / Visiting Faculty: G.H. Raisoni College of Engineering will invite NKP SIMS experts to share their experience with students of G. H. Raisoni College of Engineering through Entrepreneurship Development Cell of various departments. These lectures would be organized on a mutually agreeable time & date. It is expected that NKP SIMS will depute the senior professors / doctors who are ready to share their experience with students of G.H. Raisoni College of Engineering.

6. Confidentiality: As part of this MOU, either party will acquire or develop confidential and proprietary information concerning its dealings and methods of dealings. Both parties agree that such Confidential Matter is for the other party's exclusive benefit and that, either party will not directly or indirectly use or disclose any Confidential Matter, except for specified purpose. Receiving party shall use the Confidential Matter of the other party only to its employees, directors and advisors on a 'need to know' basis. Disclosing party does not give any warranty for accuracy or completeness of confidential matter. Upon the termination of this MOU, either party will promptly return all confidential matter to the other party. The confidentiality obligations stated herein shall survive for two (2) years after termination of this MOU. The obligations contain in this Clause shall not apply to information in public domain or is received from third party without restrictions or is developed independently or is in possession of the receiving party.

7. Presentation / Dissertation Evaluation: As a part of curriculum the students of G. H. Raisoni College of Engineering prepare dissertation / Presentation. NKP SIMS will support this activity of G. H. Raisoni College of Engineering by sharing technical data and the necessary guidance to the students to make their dissertation / presentation technically perfect and unique.

8. Joint Working Group: G. H. Raisoni College of Engineering and NKP SIMS will establish a "Joint Working Group" and execute the cooperative activities mentioned in this MOU. The parties will endeavor to ensure that the working group is composed of the representative of both the institutes that will work to achieve the objectives of this association.

9. Agreements for Research Collaboration: Each research collaboration undertaken by the parties hereunder shall be initiated by the signing of a separate research agreement between the parties, which will describe in detail :

- a. The nature, scope and schedule of the research collaboration.
 - b. The form of the research collaboration.
 - c. The estimated cost of the research collaboration together with the amount of funding, if any, to be received from third parties.
 - d. The treatment of intellectual property and data rights, including patents, industrial design registration, copyrights and all other proprietary information (including innovations not patented, designs not registered etc.) which result from the research collaboration or which belong to a party are used in research collaboration. The publication, IPR, patents will be property of both and shall carry the names of both. However the main contributor from GHRCE shall be the first inventor/ author. The prototype will be with GHRCE, Nagpur.
 - e. Other provisions as may be mutually agreed upon, including provisions covering the consequences of default or termination by a participant, term, arbitration of disputes and applicable law.
 - f. NKP SIMS shall provide mentorship to GHRCE's Technology Business Incubator (GHRTBI Foundation)'s various startups / projects based on Biomedical Engineering/ Sciences.

This MEMORANDUM OF UNDERSTANDING is entered into day of 7th September 2021.

BETWEEN

Shri Ramdeobaba College of Engineering and Management (RCOEM), Nagpur. RCOEM was established in 1984 by Shri Ramdeobaba Sarvajanic Samiti (SRSS) a charitable trust which has been involved in community service for over four decades. RCOEM is an ISO 9001:2015 certified Autonomous Institute that is permanently affiliated to Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur & has been awarded "A" Grade by NAAC. It is considered as one of the premium institutes of central India and has been ranked 113th by NIRF-2020, Government of India in Engineering Category.

AND

NKP Salve Institute of Medical Sciences, & Research Centre and Lata Mangeshkar Hospital, Nagpur (Hereinafter referred to as NKP SIMS) is the premier institute of Central India. Since its very inception in 1971, it has untiringly toiled amongst the most backward regions and the least privileged to provide them the opportunity to become self-reliant. It is located at Digdoh campus on Hingna road situated in the outskirts of Nagpur city in an area of 68 acres.

This MoU shall commence from the date of signing and shall continue for five years from then unless terminated by either of the parties with prior notice of 30 days.

Objective of the MoU:

RCOEM and NKP SIMS recognize that academic and research collaborations would be mutually beneficial for both parties. The areas of cooperation may include, subject to mutual consent, any desirable and feasible activity that would further the goals of each organization. Such interaction may include cooperation in a variety of joint academic and research activities.

It is envisaged that the RCOEM and NKP SIMS will undertake the following activities:

1. **Curriculum Development:** Involvement in curriculum development for Biomedical Engineering programme and its upgradation as per the requirement;
2. **Infrastructure Support:** Sharing Infrastructure facilities for conduction of laboratory work required for the execution of the Scientific and Research programme from both the institutes as per the mutually agreed schedule and conditions;
3. **Project Development:** Identifying and subsequently finding the solution to the problems related to the Biomedical domain, through project development work, developing prototypes, live projects, and research projects for technology development. These will be undertaken in joint consultation and the resulting benefits will be shared suitably.
4. **Student Internship Program and Startups:** Support the student internship program as per curriculum structure and mentoring to Startups with mutually agreed conditions;
5. **Joint research proposal & publications:** Collaborative research proposal submission to various funding agencies DBT, ICMR, DST, UGC, etc., which will support the partnership between RCOEM and NKP SIMS in the Biomedical domain. Joint research projects and publications, involving work by undergraduate, graduate, postgraduate and doctoral students. Each research collaboration undertaken by the parties hereunder shall be initiated by signing a separate research agreement between the parties which will describe in detail the
 - i) Nature, scope, and schedule of the research collaboration
 - ii) The form of research collaboration

- iii) The estimated cost of the research with the amount of funding that is to be received from a third party if any
 - iv) Intellectual property and data rights, including patents, industrial design registrations, copyrights and all other proprietary information that result from the research and their individual and joint ownership
 - v) The publications, IPR, patents resulting from the collaborative research will be a property of both institutions.
 - vi) Other provisions may be mutually agreed upon
6. **Technical training program & visits:** Joint conferences, invited lectures, workshops and training program organization, visits by faculty, technical staff and students from either organization will be organized on a mutually agreeable schedule.
 7. **Joint Certification Program:** Short intensive courses and certification program, offered during summer break or between semesters, will be taught by resource persons from either organization with mutually agreed schedule and conditions;
 8. **Co-teaching:** Involvement of resource persons for co-teaching with mutually agreed schedule and conditions.
 9. **Intellectual Property Rights (IPR):** IPR titles or ownership of any product, proprietary information or technology tools, processes, utilities and methodology that will be the outcome of the activities undertaken by both the organizations will rest with both.

For Point 1-9, faculty/students of RCOEM and resource persons from NKP SIMS will be involved with mutually agreed conditions. The parties anticipate that a number of these initiatives will occur during the period of this MOU.

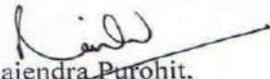

10. **Relationship of the parties:** For this MoU, both Parties are independent contractors. Parties are free to undertake activities mentioned above on their own with no liability on either party. Neither Party is authorized, in any manner, to make any commitment on behalf of or to bind the other party.
11. **Amendment:** This MoU may not be amended without the prior written consent of both Parties.
12. **Term:** This MoU shall be effective from the date of signing the document. Either party may terminate this MOU at any time by providing one (1) month written notice to the other party.
13. **Notices:** All notices, requests, demands & other communication under this MoU shall be between the Point of Contact (POC) of both parties. For RCOEM, Principal, will be POC as nominated by General Secretary, RCOEM. For NKP SIMS, POC will be Dr. Shilpa Deoke, Associate Professor, Department of Medicine, as nominated by Hon` Dean, NKPSIMS.

This MOU shall be identified as the parent document of any program agreement executed between the parties. Further agreements concerning any program shall provide details concerning the specific commitments made by each party and shall not become effective until they have been reduced to writing, executed by the duly authorized representatives of the parties.

The parties shall enter into specific written agreements whenever appropriate to clarify and define the nature, extent, and terms of operation for the proposed collaborations, including intellectual property ownership and funding issues. Any agreement entered into by these two organizations will require the approval of appropriate officers from each organization. For agreed upon activities, both organizations will make available their facilities and staffs.

This MoU is not legally binding to either of the parties and does not subject them to any liabilities for the breach of contract, whether material or minor of contract or any other liability under the national applicable law.

The following authorized individuals have signed the present MOU on behalf of their respective institutions:

The Institution has a very good outreach programme which benefits over 1 lac of the rural populace in the region.

AND WHEREAS both the Institutions work with objectives to enhance quality of teaching and learning process, research and extension of services to the society at large and whereas both PHFI and NKPSIMS are convinced about the mutual benefit of forging a formal linkage to develop collaborative teaching and research programmes in the areas of their core competence.

NOW, therefore, in consideration of the premises and mutual covenants hereinafter contained, the parties hereto agree as follows:

1.0. Objectives of collaboration

- 1.1. To collaborate and co-operative with each other in order to enhance the quality of teaching, training and research activities.
- 1.2. To provide for exchange of faculty members and students of one institution with the other institution.
- 1.3. To provide opportunities for both faculty members and students to use to the maximum the expertise and facilities available in both institutions through training of students/staff and through exchange of thoughts by brain storming sessions/seminars/workshops and conferences.
- 1.4. To share knowledge resources of each other within the mutually agreed framework.
- 1.5. To work jointly for the common research interest at national and international levels. This includes preparation of proposals and their implementation as per the national health priorities.
- 1.6. To support the exchange of academic and training material including access to library and other digital resources of each other.
- 1.7. To share experiences and expertise concerning institute administration and management.

1.8. To encourage any other activities that both the institutions agree to be of mutual benefit.

2.0. Areas of collaboration

The Institutions herein have, after considering their objectives and strengths, agreed to work together and collaborate in the following areas of interest:

2.1.0. Capacity Building

2.1.1. To facilitate training programs by exchanging faculties and students between PHFI and NKPSIMS

2.1.2. To build the capacity of the faculty and students especially in the area of Public Health and Epidemiology of NKPSIMS

2.2.0. Research

2.2.1. PHFI and NKPSIMS may submit joint research proposals to national and international funding agencies in the areas of each other's core competence. For this purpose, roles and responsibilities of participating faculty members will be finalized on mutual discussion between the parties hereto in advance and confirmed by exchange of communications.

2.2.2. The procedural aspects of collaboration including financial obligations of each of the parties hereto shall be finalized on mutual discussion in respect of each specific project under this MoU and a separate agreement containing specific terms and conditions therefor will be executed between the parties hereto.

2.2.3. PHFI will provide its expertise to strengthen the research eco-system at NKPSIMS by way of regular interaction with the faculty by way of guest lectures, seminars, workshops etc.

2.3.0 Adjunct Faculty

2.3.1 NKPSIMS shall appoint faculty of PHFI as Adjunct Faculty in their institution in the relevant areas so as to further the knowledge in the concerned area wherein they will be able to share their expertise and experience for the benefit of the learners.

3.0. Confidentiality

3.1. Both parties hereunder agree that any information disclosed by one party to the other while carrying out collaborative activities under this MoU shall be maintained as proprietary confidential information and will be disclosed only to the authorities as required in the relevant statutory regulations and to those persons in the recipient party's organization on a 'need to know' basis only.

3.2. All such proprietary confidential information will be kept in confidence and the party receiving the confidential information agrees not to disclose to any other person or persons outside the organization or any unauthorized person or persons except to the organization authorized by either of the parties hereunder on 'need to know' basis for the execution of the collaborative work.

4.0. Intellectual property rights (IPR) protection

4.1. Intellectual Property (IP) generated during the activities under the MOU shall be shared jointly. The extent of ownership shall be decided mutually depending upon the relative intellectual inputs made by the parties.

4.2. The expenditure incurred and to be incurred for the maintenance of IPR shall be borne by each party equally or in proportion to the extent of ownership as may be decided by authorized authorities of PHFI and NKPSIMS mutually.

4.3. Both parties shall not file any application for seeking IPR/Patent in its own name or in the name of its associates or any other person(s) on any matter relating to the information developed under this MOU. However, they can seek intellectual property rights on joint names of the parties as may be mutually agreed, on case to case basis.

4.4. The above principles will apply to all the activities of IPR such as patenting, technology transfer and commercialisation of invention developed out of the activities covered under this MOU.

5.0. Publication

5.1. Publications, if any, in respect of the activities covered under this MOU shall be in the names of involved personnel from both the parties. In all publications (papers, reports etc.) it will be duly acknowledged that the work has been carried out by PHFI and NKPSIMS under this MOU between the parties.

5.2. All ethical guidelines of research publication existent at both the Institutions will be followed strictly.

6.0. Financial Commitment

6.1. This MoU, being a co-operative and collaborative understanding for academic excellence and enhancement of quality of research activities, shall not create any legal and or financial commitment whatsoever on either of the parties hereto, except as may be provided in activity-specific agreement(s) that may be entered into subsequently.

7.0. Implementation and monitoring

7.1. A Steering Committee will be constituted with members each nominated by PHFI and NKPSIMS to identify and co-ordinate the specific areas/activities under this MoU and finalize the terms and conditions thereof. The meeting of the Steering Committee will be held at the respective Institute campuses at least once in six months.

7.2. The Steering Committee will periodically monitor the progress of collaborative activities under the MoU and compliance of the terms and conditions specified therefor and furnish a progress report to the top Management of each Institution twice in a year.

8.0. Term and termination

8.1. This MoU will be in force for a period of 5 years from the date of signing of the same and thereafter may be renewed for further period of 5 years subject to such other terms and conditions as may be mutually agreed upon.

8.2. Notwithstanding sub-clause 8.1., this MoU may be terminated by either party by issuing a 3 month notice in writing to the other party prior to the desired termination date. However, both parties agree that all continuing obligations to students, staff, funding bodies or other entities are met in full subsequent to the notice of termination.

9.0. Notices

9.1. All notices and other communications required to be served under the terms of this MoU, shall be considered to be duly served, if the same is delivered at or posted by registered mail addressed to the Vice President Research & Policy, PHFI at its registered office in New Delhi and delivered at or posted by registered mail addressed to The Dean, NKPSIMS at its registered office at Digdoh Hills, Hingna Road, Nagpur.

10.0. Force Majeure

10.1. Any of the parties hereto shall not be released from its obligations for any reason except for force majeure such as war, strike, fire, act of God or other causes beyond the control of the parties.

11.0. Miscellaneous

11.1. No modification to this MoU shall be binding unless it is made in writing and signed by authorised signatories of both the parties.

11.2. If any provision of this MoU is held by any Court or other competent authority to be illegal, void or unenforceable in whole or in part, this MoU shall continue to be valid in respect of the other provisions thereof.

11.3. Nothing in this MoU shall constitute, or be construed, a party as the partner, agent, employee or representative of the other party. Comments:

1). Among Lab (EQA) : Results acceptable.

2). Within Lab (IQA) : Precision acceptable.

Note-1: EQA (External Quality Assurance) : Your Performance among various of participating labs in PT, to determine the accuracy of your results.

IQA (Internal Quality Assurance) : Your Performance of comparison of two consecutive measurement values within your lab to test the precision of your autoanalyzer.

Note-2: Z score among & within lab were calculated, as per to ISO/IEC 13528:2015 standard. Z score among lab (EQA)= (Your Result Sum of two values - Consensus Result sum of two values)/(Normalised IQR)

Z score within lab (IQA)= (Your Result Difference of two values - Consensus Result difference of two values)/(Normalised IQR)

IQR = Quartile 3 - Quartile 1 of participant data, Normalised IQR = 0.7413 x IQR

Note-3: Z score 0 to ±2: Acceptable, Z score ±2 to ±3 :Warning Signal, Z score > ±3 : Unacceptable [As per ISO/IEC 13528:2015 standard]

Note-4: Z score value between "0 to ±2" are texted in green colour. Z score value between "±2 to ±3" are texted in orange colour. Z score value > ±3 are texted in red colour.

Note-5: Homogeneity and stability testing of PT sample were done as per ISO 13528:2015 standard. To pass homogeneity test, between sample SD (Ss) should be smaller than the check value (0.3*SDPA). To pass the stability test, average difference in measurement values of first and last day sample ($\bar{x}-\bar{y}$) should be smaller than the check value (0.3*SDPA).

Note-6: ISHTM-AIIMS-EQAP does not subcontract any task of its scheme

Note-7: Participants are free to use methods/analyzer of their own choice.

Note-8: Proficiency testing (PT) samples are sent quarterly to each participant.

Note-9: All the necessary details regarding design and implementation of PT, are provided in the instruction sheet as well as on programme's website www.ishtmaiimseqap.com.
